Between
McKendree University and Rend Lake College
AA to BSED – Elementary Education**

This articulation agreement is the result of discussions between McKendree University and Rend Lake College. McKendree and Rend Lake agree that both institutions value this cooperative agreement and that this agreement will best serve the current students of both institutions.

Terms and Conditions

Section I: Admissions and Matriculation

McKendree and Rend Lake have developed a four-year program plan to facilitate the most seamless transfer possible for Rend Lake students who complete the Associate of Arts (AA) Degree at Rend Lake and desire to earn the Bachelor of Science in Education Degree in Elementary Education at McKendree University.

Students who satisfactorily complete the AA requirements with Rend Lake will be admitted to McKendree University.

McKendree and Rend Lake agree to inform potential transfer students of the existence of this institutional articulation agreement and the advantages of pursuing the articulated programs.

Section II: Transfer of credit

McKendree University agrees to accept a maximum of 90 semester hours of credit from the Rend Lake graduate who seeks to complete a baccalaureate degree at McKendree. McKendree University will communicate specific options for students and give careful consideration to all previously completed courses. Courses in addition to those used to earn the AA degree at Rend Lake will be evaluated individually to determine which are transferable and what requirements have been met. Completion of the AA in Psychology fulfills all general education requirements with McKendree University.

Section III: Program Plan

The four-year program plan for the BSED in Elementary Education is included at the end of this agreement. These plans will specify the student degree course plan and transfer credit requirements.

Degree course plans will be reviewed by both McKendree University and Rend Lake representatives on an annual basis, and revised or updated as needed to reflect any changes in the degree requirements.
