Foreword

This Policy Manual sets forth the policies adopted by the Board of Trustees of Community College District No. 521. The Manual is to be used by trustees, College personnel, students, and community members for the conduct of relationships and responsibilities relative to the operation of the College.

Board policies shall become effective immediately upon adoption. The Official Minutes of meetings of the Board are considered an extension of this Manual, and subsequent actions of record shall, in case of conflict, take precedence over the policies contained herein.

Any laws now existing, or hereafter enacted, amended, or supplemental, where applicable, will take precedence over Board policy.

Suggestions for changes should be submitted in writing to the office of the President for consideration. If the President deems appropriate, recommendations which require the adoption of a new policy or the revision of existing policy will be brought to the Board by the President.

In addition to this policy manual, various additional college documents have been adopted by the board to delineate policies, procedures, rules and regulations for specific programs. In the event a policy of the College or any provision which is found within this manual thereof conflicts with any provision of such a board-approved document which governs a specific program, the board-approved program document shall prevail.

Mission Documents

Mission Statement

Rend Lake College provides educational opportunities across cultural and economic boundaries to the diverse student population we serve. We are committed to our students' success in achieving their educational goals and to meeting our community-focused program objectives. With Rend Lake College, student journeys start here.

Value Statement

In serving our students and community, we are student-focused, authentic, and resourceful.

Institutional Outcomes

Rend Lake College has adopted four essential learner outcomes, fundamental learning objectives embedded in every program of study, that all degree-completing students should be able to demonstrate. They are as follows:

Critical Thinking: Demonstrate the ability to think in a self-directed, reflective manner when understanding, evaluating and solving problems.

Problem-Solving: Demonstrate the ability to resolve computational problems.

Oral Communication: Demonstrate the ability to communicate clearly, concisely, and effectively through verbal and non-verbal language.

Written Communication: Demonstrate the ability to communicate clearly, concisely, and effectively through written language.

Who We Are

The College history defines the College from the perspective of organization and assets; however, the personnel who operate within the college systems and manage those assets are the primary element for successful education. Rend Lake College believes all employees, regardless of their job description, are part of each student's education. Administrative, community outreach, student service, and physical plant personnel all support the student learning process. Our instructors are primary points of contact with the Rend Lake College educational experience. These educators are generally organized into four divisions: Allied Health; Applied Science & Technology; Arts & Sciences and Community & Corporate Education. Whether in a supporting role or as a direct point of contact, each college employee draws upon professional expertise and academic accomplishment to promote the success of every student.

Who We Serve

Student-centered colleges are best defined by who they serve. An understanding of the distinctiveness of our College's student population allows us to effectively meet the goals of our programs and succeed in our mission.

Diversity of Culture

Traditionally, Rend Lake College can be characterized as serving a relatively homogenous, rural, small-town culture. This population's cultural distinctiveness is centered on age and socioeconomic status more than diverse ethnic origin. As global connectivity broadens, so too do Rend Lake College's program offerings. We continue to serve groups with diverse characteristics, such as:

- Age
- Disability
- Gender
- National origin
- Race/ethnicity
- Religion
- Socioeconomic status
- Special populations

Diversity of Purpose

Rend Lake College provides general, transfer, and career technical education to both traditional and non-traditional students through the use of reciprocal agreements; regional, state, and national education programs; dual-credit high school classes; and the endorsement of international students to help broaden our base. Rend Lake College offers skill and trade opportunities for students seeking employment and economic mobility. Additionally, Rend Lake College provides professional and personal fulfillment as well as growth through community and corporate education classes.

Often, an individual's purpose for engaging with the college is a combination of factors such as:

- Discovery/Curiosity
- Educational Requirements
- Enrichment / Hobby
- Healthy lifestyle
- Life-long learning
- New/Enhanced skills
- Retraining

Common Outcome

Regardless of the diverse cultural backgrounds, purposes or origins of our constituents, Rend Lake College serves each individual equally with an open admission policy and an opportunity for success. Furthermore, Rend Lake College is united by the shared commitment of students, faculty, staff, and community to meet its institutional, educational, and program objectives.

Policy Dissemination

The President shall establish and maintain an orderly plan for preserving and making accessible the policies adopted by the Board of Trustees. Accessibility is to extend at least to all employees of the College, to members of the Board and to persons in the community.

1.1310 Board / President Relationships

POLICY

A fundamental factor in the successful operation of any community college is the maintenance of sound and harmonious work relationships between boards of trustees and presidents. These relationships are subjected daily to a variety of stresses which occasionally result in their deterioration. Such deterioration is inevitably accompanied by consequences which are detrimental to both institutions and individuals.

The President in dealing with the Board of Trustees should:

- A. Keep Board members informed fully regarding the state of the institution – its strengths, opportunities for improvement, and progress toward achieving its objectives.
- B. Recommend to the Board for its consideration and approval those policies or policy changes considered important for effective operation of the College.
- C. Provide the Board with careful study and advice regarding all policy proposals initiated by the Board.
- D. Support Board decisions and exercise maximum effort to implement such decisions, even though they may have been made without or against his/her recommendation.
- E. Treat all members of the Board equally. Maintain a professional and even-handed stance in the unhappy event of a division of the Board, or of unfriendly relations among Board members.
- F. Be sympathetic and understanding of the difficult position of Board members in representing the College's many publics, and assist them to the best of their ability to discharge their roles in an effective fashion.
- G. Represent individual members of the Board in a professional and supportive manner to all factions of the public, even though the President may privately disagree with the stand or behavior of a Board member.

- B. The committee will focus on aspects of mission revision as instructed by the President that may include but are not exclusive to the following: soliciting public feedback concerning the effectiveness of the college carrying out its mission; revising mission ideas based on shifts in the college's service to its constituents; evaluating awareness levels of its mission documents by employees or external constituents such as business leaders; making significant language changes to mission documents.

Each area of the College will review the strategic focus and priorities to develop objectives and related action items that become part of the College's master plan. The master plan is available to all electronically and will be updated throughout the year. Strategic planning may be started any time, but must be started by midterm of the spring term of any given year and completed by the fiscal year end of that year.

PROCEDURES

The President's Executive Leadership Team will review and update the areas of focus and priorities every three years. Annually, the President's Cabinet will review the campus-wide strategic master plan and either approve or not approve the requested objectives and action items. Approved monetary requests will be included in the budget for the upcoming year. The Business Office will not finalize the budget until the strategic planning process is complete in order to ensure that all identified items within the master strategic plan are reflected in the commitment of College resources.

2.1175 Assessment

POLICY

The College will engage in an annual process to assess student learning. This process will work in collaboration with strategic planning and budgeting in an effort to improve student learning. Individual instructors will assess select courses during the fall and / or spring semester. During each assessment period, full-time instructors will indicate their plan for assessment, gather data, analyze the data, and provide a narrative regarding their findings, all within Canvas. All instructors involved in the assessment process will be expected to enter assessment scores within Canvas or provide assessment scores and/or findings to the lead assessment faculty. Based on the findings, the data will be analyzed to examine trends in student learning and determine any necessary changes to the curriculum and / or program.

A. Policy Definitions

For purposes of this policy, the following definitions will apply. In the event of a conflict with federal or state definitions, the order of supremacy shall apply.

Actual Knowledge: Notice of sexual harassment or allegations of sexual harassment to the college's Title IX Coordinator or any college official who has authority to institute corrective measures on behalf of the college. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only person with actual knowledge is the respondent. The mere ability or obligation to report sexual harassment or to inform a student about how to report sexual harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the college.

Campus Security Authorities: Campus security authorities (CSAs) are defined as: the RLC Police Department; any individual or individuals who have responsibility for campus security but who do not constitute the RLC Police Department; any individual or organization specified in RLC's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses; and RLC officials who have significant responsibility for student and campus activities. These individuals are normally required to fully document all operative facts of an incident that are reported or that are developed throughout the course of a criminal investigation.

Campus Visitor: Includes any person who is not affiliated with the college as either a student or employee.

Complainant: A student or employee who is alleged to have been subjected to conduct that could constitute sex discrimination, or a person other than a student or employee who is alleged to have been subjected to conduct that could constitute sex discrimination and who was participating or attempting to participate in the recipient's education program or activity at the time of the alleged sex discrimination .

Complaint: an oral or written request to the college that objectively can be understood as a request for the college to investigate and make a determination about alleged discrimination under Title IX.

Consent: voluntary, positive agreement between the participants to engage in specific sexual activity. This definition includes the following parameters:

- (1) consent is a freely given agreement to sexual activity
- (2) a person's lack of verbal or physical resistance or submission resulting from the use or threat of force does not constitute consent
- (3) a person's manner of dress does not constitute consent
- (4) a person's consent to past sexual activity does not constitute consent to future sexual activity
- (5) a person's consent to engage in sexual activity with one person does not constitute consent to engage in sexual activity with another
- (6) a person can withdraw consent at any time
- (7) a person cannot consent to sexual activity if that person is unable to understand the nature of the activity or give knowing consent due to circumstances, including without limitation the following:
 - (a) the person is incapacitated due to the use or influence of alcohol or drugs;
 - (b) the person is asleep or unconscious;
 - (c) the person is under age; or
 - (d) the person is incapacitated due to a mental disability. See [720 ILCS 5/11-1.70](#) for the Illinois definition of consent.

In Illinois, the age of consent is 17 years.

Course of Conduct: Two or more incidents, including but not limited to acts through which the stalker directly, indirectly, or through a third party, by an action, method, device or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person or interferes with a person's property.

Dating Violence: violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be

determined based on the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. Dating violence does not include acts covered under the definition of domestic violence.

Domestic Violence: a felony or misdemeanor crime committed by a person who: is a current or former spouse or intimate partner of the victim under the family or domestic violence laws of the jurisdiction of the college, or a person similarly situated to a spouse of the victim; shares a child in common with the victim; a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; or who commits acts against a youth or adult victim who is protected from those acts under the family or domestic violence laws of the jurisdiction.

Education Program or Activity (Prior to 8/1/2024): Includes locations, events, or circumstances over which the college exercised substantial control over both the respondent and the context in which the sex-based harassment occurs.

Education Program or Activity (On or after 8/1/2024): Includes but is not limited to conduct that occurs in a building owned or controlled by a student organization that is officially recognized by the college, and conduct that is subject to the college's disciplinary authority. The college has an obligation to address a sex-based hostile environment under its education program or activity, even when some conduct alleged to be contributing to the hostile environment occurred outside the college's education program or activity or outside the United States.

Employee: Any individual who performs services for the campus or the College in exchange for pay and/or benefits, or designated College volunteer.

Formal Complaint: A document filed by a complainant or signed by the Title IX Coordinator alleging sex-based harassment against a respondent and requesting that the college investigate the allegation of sex-based harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in an education program or activity of the college. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information required to be listed for the Title IX Coordinator under Title 34, Code of Federal Regulations, § 106.8(a), and by any additional method designated by the college. As used in this paragraph, the phrase "document filed by a complainant" means a document or electronic submission that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party under this part or under § 106.45, and must comply with the requirements of this part, including § 106.45(b)(1)(iii).

Harassment: unwelcome conduct based on (actual or as perceived by the alleged offender) race, color, religion, sex, pregnancy, disability, national origin, citizenship status, ancestry, age, order of protection status, genetic information, marital status, sexual orientation including gender identity, arrest record status, military status, and unfavorable discharge from military service. Harassment becomes unlawful when:

- the conduct is severe or pervasive enough to create a work or learning environment that a reasonable person would consider intimidating, hostile, or abusive; and
- enduring the offensive conduct becomes a condition of continued employment or participating in an educational program or activity.

Mandated Reporters: All faculty and staff are mandated reporters of violations of this comprehensive policy. They must report alleged violations of this comprehensive policy to a Title IX coordinator.

Party: a complainant or respondent.

Peer Retaliation: retaliation by a student against another student.

Reasonable Person: Reasonable person under similar circumstances and with similar identities to the victim.

Relevant: Related to the allegations of sex discrimination under investigation as part of these grievance procedures. Questions are relevant when they seek evidence that may aid in showing whether the alleged sex discrimination occurred, and evidence is relevant when it may aid a decisionmaker in determining whether the alleged sex discrimination occurred.

Remedies: Measures provided, as appropriate, to a complainant or any other person the recipient identifies as having had their equal access to the recipient's education program or activity limited or denied by sex discrimination. These measures are provided to restore or preserve that person's access to the recipient's education program or activity after a recipient determines that sex discrimination occurred.

Respondent: A person who is alleged to have violated the recipient's prohibition on sex discrimination.

Responsible Employees: Any employee who has the authority to take action to redress sexual violence, who has been given the duty to report to appropriate school officials about incidents of sexual violence or any other misconduct by students, or who a person could reasonably believe has this authority or responsibility. At RLC, all those designated as "mandated reporters" are also "responsible employees".

Retaliation: means intimidation, threats, coercion, or discrimination against any person by the recipient, a student, or an employee or other person authorized by the recipient to provide aid, benefit, or service under the recipient's education program or activity, for the purpose of interfering with any right or privilege secured by Title IX or this part, or because the person has reported information, made a complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this part, including in an informal resolution process under § 106.44(k), in grievance procedures under § 106.45, and if applicable § 106.46, and in any other actions taken by a recipient under § 106.44(f)(1). Nothing in this definition or this part precludes a recipient from requiring an employee or other person authorized by a recipient to provide aid, benefit, or service under the recipient's education program or activity to participate as a witness in, or otherwise assist with, an investigation, proceeding, or hearing under this part.

Sexual Abuse: any nonconsensual sexual act proscribed by Federal or State law, including when the victim lacks capacity to consent. Sexual abuse occurs when a person 1) commits an act of sexual conduct by the use of force or the threat of force, or 2) commits an act of sexual conduct and knows that the victim is unable to understand the nature of the act or is unable to give knowing consent. See [720 ILCS 5/11-1.50](#) for additional definitions related to the ages of the offender and the victim.

Sexual Assault: is defined as any nonconsensual sexual act proscribed by Federal or State law, including acts committed by force or the threat of force and acts in which the victim lacks capacity to consent.

Sex-based Harassment: Sex-based harassment prohibited by Title IX is a form of sex discrimination and means sexual harassment and other harassment on the basis of sex, including on the bases described in 34 CFR Part 106.10, that is:

(1) *Quid pro quo harassment*. An employee, agent, or other person authorized by the college to provide an aid, benefit, or service under the college's education program or activity explicitly or impliedly conditioning the provision of such an aid, benefit, or service on a person's participation in unwelcome sexual conduct.

(2) *Hostile environment harassment*. Unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from the recipient's education program or activity (*i.e.*, creates a hostile environment). Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:

(i) The degree to which the conduct affected the complainant's ability to access the recipient's education program or activity;

(ii) The type, frequency, and duration of the conduct;

(iii) The parties' ages, roles within the recipient's education program or activity, previous interactions, and other factors about each party that may be relevant to evaluating the effects of the conduct;

(iv) The location of the conduct and the context in which the conduct occurred; and

(v) Other sex-based harassment in the recipient's education program or activity.

(3) "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

Sexual assault is defined in U.S. Code as an offense classified as a forcible or nonforcible sex offense under the Uniform Crime Reporting system of the Federal Bureau of Investigation. This includes the following crimes:

- **Fondling**: The touching of the private body parts of another person for the purpose of sexual gratification without consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or temporary or permanent mental or physical incapacity
- **Incest**: Non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law
- **Rape**: (Except Statutory Rape) The carnal knowledge of a person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity
- **Sexual Assault With An Object**: To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity

- Sodomy: Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity
- Statutory Rape: Non-forcible sexual intercourse with a person who is under the statutory age of consent

Sexual Misconduct: includes but is not limited to: intentional and undesired physical contact, stalking, attempted or actual kissing or fondling, intimate partner violence, coerced sexual activity, indecent exposure, repeated unsolicited propositions for dates and/or sexual relations, and any other conduct of a sexual nature that is nonconsensual, or has the purpose or effect of threatening, intimidating, or coercing (physically or psychologically) a person or persons.

Sexual Violence: physical sexual acts attempted or perpetrated against a person's will or when a person is incapable of giving consent, including without limitation rape, sexual assault, sexual battery, sexual abuse, and sexual coercion.

Stalking: a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others, or to suffer substantial emotional distress.

Student: a person who has gained admission.

Substantial Emotional Distress: significant mental suffering or anguish that may, but does not necessarily require, medical or other professional treatment or counseling.

Supportive Measures: individualized measures offered as appropriate, as reasonably available, without unreasonably burdening a complainant or respondent, not for punitive or disciplinary reasons, and without fee or charge to the complainant or respondent to:

- (1) Restore or preserve that party's access to the recipient's education program or activity, including measures that are designed to protect the safety of the parties or the recipient's educational environment; or
- (2) Provide support during the recipient's grievance procedures under § 106.45, and if applicable § 106.46, or during the informal resolution process under § 106.44(k)

Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The college must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the college to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

Title IX: Title IX of the Education Amendments of 1972 (Pub. L. 92-318; 20 U.S.C. 1681, 1682, 1683, 1685, 1686, 1687, 1688, 1689), as amended.

Title IX Advisory Committee: This group convenes biannually (or more frequently as needed) to review and discuss reported incidents of sex-based harassment (including sexual assault and sexual violence), undergo training, identify educational opportunities for the campus, and make policy recommendations. The committee is chaired by the Title IX Coordinator and is comprised of the

Title IX Deputy Coordinators and individuals from select college departments and the community. A regional advisory committee or task force also may perform this function.

Title IX Coordinators: The Title IX Coordinator is responsible for overseeing all of Rend Lake College's Title IX compliance efforts, including gender discrimination, sex-based harassment, retaliation, sexual assault, and athletics. The Title IX Coordinator coordinates the college's efforts to end the alleged discrimination, prevent its recurrence, and remedy its effects on the victim and the college community. Title IX Deputy Coordinators are college employees who have been trained and designated by the Title IX Coordinator to receive and investigate allegations of sex-based harassment.

B. Discrimination

No Rend Lake College student, faculty, staff, applicant, or visitor shall be excluded from participation in, be denied the benefits of, or be subjected to discrimination in connection with any college service, program or activity on the basis of any of the following protected categories (actual or as perceived by the alleged offender): race, color, religion, sex, pregnancy or related conditions, disability, national origin, citizenship status, ancestry, age, order of protection status, genetic information, marital status, sexual orientation, sex stereotypes, sex characteristics, gender identity, arrest record status, military status, and unfavorable discharge from military service.

C. Harassment

Harassment, including sex-based harassment, is a form of discrimination. Rend Lake College does not tolerate any form of harassment in work or study. The college considers such behavior – whether physical or verbal – to be a breach of its standards of conduct. It will seek to prevent such incidents and will investigate and take corrective actions in response to alleged or suspected violations of this policy. Sexual abuse, sexual assault, dating violence and domestic violence are severe forms of sex-based harassment and are violations of this policy as well as the State Criminal Code.

D. Title IX

Title IX is a federal law that prohibits sex-based discrimination in education programs and activities receiving federal financial assistance. Title IX states as follows:

“No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.”

Discrimination on the basis of sex (i.e., sex discrimination) includes discrimination on the basis of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity.

Title IX also applies to admissions, employment, financial aid, athletics, academic matters, career services, and all other Rend Lake College programs and activities. The Title IX statute applies to

persons in the United States with respect to education programs or activities that receive federal financial assistance.

E. Retaliation

It is unlawful to retaliate against an individual for opposing practices that discriminate based on a protected class or for filing a discrimination charge, testifying, or participating in any way in an investigation, proceeding, or litigation. Rend Lake College strictly prohibits and will not tolerate reprisals or retaliation against persons due to their assertion of their protected civil rights.

F. Disciplinary Sanctions

If a party is found to be in violation of one or more of the sections of this policy, disciplinary sanctions may be imposed. Imposed sanctions can include, but are not limited to:

PROCEDURE

A. Reporting

Individuals alleging violation of the policies herein are encouraged to report the alleged violation immediately upon experiencing the alleged misconduct or learning of the alleged misconduct. Individuals reporting alleged or suspected violations of this policy should contact the Rend Lake College Police Department by visiting their office in the Student Center on campus, by calling them at 618-525-1911, or by email at police@rlc.edu (non-emergencies only). Reports also may be made using the complaint form available on the college's website, www.rlc.edu.

Rend Lake College has adopted grievance procedures that provide for the prompt and equitable resolution of complaints made by students, employees, or other individuals who are participating or attempting to participate in its education program or activity, or by the Title IX Coordinator, alleging any action that would be prohibited by Title IX or the Title IX regulations. Title IX sex-based harassment, as defined above, can be reported directly to the Title IX Coordinator. Any person may report sex discrimination, including sex-based harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sex-based harassment), in person, by mail, by telephone, or by e-mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report, including by making a report to the RLC Police Department. Such a report may be made at any time, including during non-business hours, by using the telephone number or e-mail address, or by mail to the office address, listed for the Title IX Coordinator.

Notice of or allegations of sex-based harassment to the college's Title IX Coordinator, or to any college officials with authority to institute corrective measures on the college's behalf (i.e., the President's Executive Leadership Team), will constitute knowledge and thus trigger a response from the college. The Title IX Coordinator shall confer with and/or seek guidance from the President on matters that he/she deems appropriate.

College employees to whom misconduct is reported are required to report the alleged misconduct to the Rend Lake College Police Department immediately. Employees who fail to report alleged or suspected violations of this policy to the appropriate campus office in a timely manner may be subject to disciplinary action, up to and including termination.

Persons visiting the campus who believe they are subject to conduct that would constitute a violation of the policies herein as perpetrated by a Rend Lake College employee or student should contact the Rend Lake College Police Department on campus or at 618-525-1911.

A student, employee or visitor who has experienced a sexual assault or other act of sexual violence may also contact proper law enforcement authorities (e.g., by calling 911), including Rend Lake College police or local police, about possibly filing a criminal complaint. The Title IX Coordinator is available to assist students in making contact with appropriate law enforcement authorities upon request. Any pending criminal investigation or criminal proceeding may have some impact on the timing of the College's investigation, but the College will commence its own investigation as soon as is practicable under the circumstances. Rend Lake College reserves the right to commence and/or complete its own investigation prior to the completion of any criminal investigation or criminal proceeding.

Victims of sexual violence are strongly encouraged to report this in a timely manner to the Rend Lake College Police Department. Filing a police report with the Rend Lake College Police Department will not obligate the victim to prosecute, but it will: ensure that a victim of sexual assault receives the necessary medical treatment and tests, at no expense to the victim; provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later; and ensure the victim has access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention.

Upon receiving a report of an allegation of sexual violence, dating violence, domestic violence or stalking, the college will provide survivors with concise information, written in plain language, concerning their rights and options.

1. Anonymous & Confidential Reporting

Crime victims who do not want to pursue action with the college or the Illinois criminal justice system still have the option of making a confidential report. With the reporting person's permission, the Rend Lake College Chief of Police can file a report concerning the details of the incident without revealing that person's identity. The purpose of a confidential report is to comply with the victim's wish to keep the matter confidential, while taking steps to ensure the future safety of the victim and others. Those wishing to file a confidential report will be referred to the Rend Lake College Chief of Police or any of the Campus Security Authorities. Reports filed in this manner are counted and disclosed in the Rend Lake College Annual Security Report crime statistics for the institution. Those who wish to pursue action within the college or the Illinois criminal justice system should be aware that police reports are public record and thus cannot be held in confidence.

2. Third-Party & Bystander Reporting

Third parties and bystanders who wish to report violations of these policies may use the same reporting procedures outlined above.

B. Procedures for Addressing Violations of this Policy

NOTE: This section applies to alleged violations of this policy not involving sex discrimination, and allegations of sex discrimination that do not qualify as Title IX offenses. Procedures for addressing Title IX sex discrimination and sex-based harassment are included in Section C below.

Rend Lake College is committed to the prompt and equitable resolution of all alleged or suspected violations of this policy about which the college knows or reasonably should know, and in the case of Title IX, when the college has received knowledge of an allegation. Complainants alleging violation of the comprehensive policy shall have the opportunity to request that the complaint resolution procedure begin promptly and proceed in a timely manner. The college's ability to investigate in a particular situation, or the extent of the investigation in any given situation, may be affected by any number of factors, including whether the complainant is willing to file a complaint or to consent to an investigation, the location where the alleged conduct occurred, and the college's access to information relevant to the alleged or suspected violation of this policy. Rend Lake College is nonetheless committed to investigating all alleged and suspected violations of this policy to the fullest extent possible under the circumstances. The college may, upon finding

good cause, modify these procedures in the interests of promoting full and fair resolution of suspected or alleged violations of this policy in accordance with applicable law.

1. Informal Resolution

To the extent they feel comfortable, individuals are encouraged to first discuss and seek resolution with the individual(s) against whom the complaint is alleged. Any member of the campus community may consult with the Rend Lake College Police Department or the Vice President of Academic and Student Services about conduct that they believe may violate this policy. At any point, an individual may choose to engage the resolution procedures outlined below.

Informal resolutions are designed to operate in an expeditious manner and to empower the parties to reach a mutually satisfactory agreement with the assistance of a neutral third party. The investigator does not make a determination of fact as to whether college policy has been violated as part of the informal resolution process. Instead, the investigator will use conflict resolution techniques to attempt to resolve the concern(s) brought forward in a manner that is satisfactory to all parties. Informal resolution is flexible and invites active participation of all the parties in order to resolve the matter. Moreover, the investigator will only speak to the individuals whose involvement is necessary to facilitate a resolution. In some instances, this might include only the parties directly involved.

Informal resolution is not an option if the complaint includes allegations that an employee engaged in sex-based harassment of an elementary school or secondary school student or such a process would conflict with Federal, State or local law.

a. Informal Resolution Request

The investigator who receives a complaint or request for informal resolution will attempt to resolve concerns by informal or collegial processes, including mediation if the complaining party seeks such assistance. To request resolution via informal means, individuals must (1) contact the Rend Lake College Police Department or Vice President of Academic and Student Services within 60 days following the last occurrence of the behavior or incident of discrimination that is the subject of the informal resolution, and (2) complete a Complaint Form. This form is available on the RLC website at www.rlc.edu and at the RLC Student Services Office and the RLC Police Department Office. The Complaint Form must provide details sufficient to inform the investigator about the behavior or incident of discrimination. The investigator will review the request for resolution and determine if the matter is appropriate for informal resolution and whether the allegations set forth in the request form, if substantiated, would constitute a violation of this policy. If not, the investigator will make a referral to an appropriate office.

If the individual declines to complete the Complaint Form, the investigator will either (1) close the matter; or (2) invoke the formal investigation process below if the alleged or suspected misconduct would constitute prohibited discrimination, harassment, or retaliation in violation of this policy.

b. Informal Resolution Disposition

If the investigator determines that the allegations are sufficient to establish a claim of discrimination, harassment, or retaliation, he/she shall initiate the informal resolution process. The investigator will attempt to achieve a mutually acceptable resolution within

15 days from the receipt of the Complaint Form. Any party may pursue a formal investigation if he or she is dissatisfied with a proposed informal resolution.

Informal efforts to address the allegations will conclude with one of the following: (1) a resolution of the complaint by agreement of the parties; or (2) a decision to stop further action. Possible resolutions by agreement of the parties may include, but are not limited to: an apology to the initiating party; assisting the responding party to better understand the effects of his or her conduct and ways in which this behavior could be changed; participation in educational programs about equal opportunity or harassment; verbal or written reprimands; or other interventions or actions aimed at ending the alleged misconduct.

In concluding the informal resolution phase, the investigator shall submit a report to the parties involved in the allegation and the appropriate Title IX Coordinator if necessary, but not normally to any other campus-level office. Informal resolution reports will usually be brief. Reports prepared by an investigator, and all records collected during the investigation, shall be kept separate from the official personnel files of the parties.

2. Formal Investigation

If a complaint proceeds to a formal investigation or the matter is not appropriate for informal resolution, a prompt, thorough, and impartial investigation will be conducted to determine if a violation of this policy occurred. A formal investigation includes interviewing the parties and relevant witnesses, and reviewing written statements, documents, records, and other communications. At the conclusion of the investigation, a determination based on all of the evidence is provided to the President and Title IX Coordinator if necessary along with a recommendation for further action if warranted.

a. Investigation Request

If there is no mutually acceptable informal resolution, a request for a formal investigation must be submitted within 14 days of the informal resolution disposition, or the college may invoke the formal investigation process on its own. A request for a formal investigation should be submitted in writing. Individuals are encouraged to provide as much information as possible, including a description of the discriminatory decisions and/or alleged incident(s) of harassment or other actions that form the basis of the complaint, together with relevant date(s) and the name(s) of the individual alleged to have violated the policy, i.e. Respondent. The complainant should also include the name(s) of any witnesses, if applicable. Even absent a complaint or investigation request, Rend Lake College will nonetheless investigate suspected violations of this policy to the extent possible and to the extent necessary to comply with applicable law. The complainant and respondent shall (i) receive notice of the individual or individuals with authority to make a finding or impose a sanction in their proceeding before the individual or individuals initiate contact with either party and (ii) have the opportunity to request a substitution if the participation of an individual with authority to make a finding or impose a sanction poses a conflict of interest.

b. Investigation Notification

Prompt notification of a complaint will be provided by the Rend Lake College Police Department to the Vice President of Academic and Student Services and to the Title IX Coordinator if necessary by delivery of a copy of the written complaint. The notification to the respondent(s) will include a copy of any written complaint or a description of any

complaint submitted orally, the identity of the complainant(s), and these procedures. Delivery by electronic means is appropriate.

The respondent(s) will be requested to respond in writing to the complaint within a reasonable time, not to exceed 14 days from the date of delivery of the notification of the complaint. Any extension of time must be approved by the Vice President of Academic and Student Services or, if appropriate, the Title IX Coordinator. A copy of the respondent(s)'s response will be provided to the complainant.

c. Investigation Assurances

Both the complainant and respondent will be provided with the following in connection with the investigation of alleged or suspected violations of this policy:

- The opportunity to speak on their own behalf.
- The opportunity to identify witnesses who can provide information about the alleged conduct at issue.
- The opportunity to submit other evidence on their behalf.
- The opportunity to review any information that will be offered by the other party in support of the other party's position (to the greatest extent possible and consistent with the Family Educational Rights and Privacy Act (FERPA) or other applicable law).
- The right to be informed of the outcome of the investigation (to the greatest extent possible and consistent with FERPA or other applicable law).
- The opportunity to appeal the outcome of the investigation.
- Any proceeding, meeting, or hearing held to resolve complaints of alleged student violations of the comprehensive policy shall protect the privacy of the participating parties and witnesses.

d. Investigation Disposition

All employees and students have an obligation to cooperate in the conduct of these procedures. Failure to do so may result in disciplinary action. In the event that a complainant does not cooperate by failing to furnish information requested by the investigator or failing to make himself or herself available for interview by the investigator, that may affect the College's ability to investigate the matter and may result in the complaint being dismissed. The investigator shall provide written notice of the outcome of the investigation to the complainant(s) and the respondent(s). In the event that a Respondent does not cooperate by failing to furnish information requested by the investigator or to make himself or herself available for interview by the investigator, the investigator may conclude that such information or interview, if provided or conducted, would be adverse to the respondent.

A disciplinary committee chosen by the College President will preside over hearings. The alleged victim and accused will either be notified in person or by certified return receipt mail of the date, time, and location for the disciplinary hearing which will be conducted by the appropriate Vice President. Both the alleged victim and the accused are afforded the same opportunity to be accompanied by one advisor for a disciplinary hearing if so desired. The advisor may attend the disciplinary hearing to counsel the student. In no event may the advisor participate directly by speaking or questioning either party. At any time during the disciplinary hearing, the advisor may be asked to leave should they not adhere to their role

of acting in an advisory capacity only. The complainant and the respondent may not be compelled to testify in the presence of the other party. If a party invokes this right, the college will make arrangements by which each party can, at a minimum, hear the other party's testimony. The complainant and the respondent may not directly cross examine one another, but may, at the discretion and direction of the committee, suggest questions to be posed by the committee and respond to the other party. If either the alleged victim or the accused do not attend the scheduled hearing, it may still be conducted in absentia and the verdict rendered regardless of their attendance or participation in the disciplinary hearing.

Within 7 days following the disciplinary hearing, the Vice President will prepare a report to include (1) the complainant's allegations or a summary of any other suspected violations; (2) the respondent's replies to the allegations or suspected violations; (3) information provided by witnesses, documents, or other information obtained during the investigation; (4) a description of the investigation process; (5) the investigator's analysis of evidence and findings of fact on each element of the complaint; and (6) any recommendation(s) disciplinary committee members may consider pertinent to the disposition of the complaint.

The Vice President's findings of fact shall be made using the preponderance of the evidence standard (i.e., more likely than not). Individuals are presumed innocent unless a preponderance of the evidence supports a finding of misconduct. The preponderance of the evidence standard requires that the evidence supporting each finding is more convincing than the evidence offered in opposition to it. If there is evidence that the complaint was filed without a reasonable basis in fact and honest belief, the investigator shall include that evidence in his or her report. Such conduct could constitute a violation of this policy.

The Vice President shall submit his or her conclusion and recommendation to the complainant, the respondent, and the President. The Vice President, in consultation with legal counsel, the President, and his/her designee(s) deemed to be relevant to the decision-making process, shall make his or her decision as to the disposition of the case as soon as possible, but no later than 7 days of the disciplinary hearing (or as soon as feasible when extensions are necessary). This decision shall be in writing and shall include an explanation of the decision, any and all sanctions imposed, and appeal rights. Copies of the decision will be sent to the complainant, the respondent, and other appropriate executive officers. The complainant and respondent shall be informed of the decision contemporaneously to the greatest extent possible. The College also may disclose to the complainant information about any sanctions or corrective actions taken that relate directly to the complainant (e.g., a "no contact" order).

3. Appeals

This part of the procedure allows either the complainant or the respondent to appeal the Vice President's disposition to the college Executive Vice President or President.

a. Appeal filing

The complainant and the respondent each have the right to appeal the Vice President's decision within 14 days of his/her written decision from the formal investigation. This appeal may be based on either substantive or procedural grounds. The appeal must be submitted in writing with all supporting materials attached.

b. Appeal resolution

The Executive Vice President or President shall decide the appeal as soon as possible, but no later than 15 days after the final submission of appeal materials (or as soon as feasible when extensions are necessary). The President's decision shall be in writing, shall include an explanation, and shall be submitted to the complainant, the respondent, the appropriate Vice President, and the Title IX Coordinator, if necessary. This written decision on the appeal shall constitute the final administrative action of the College.

C. Grievance Procedures for Complaints of Sex Discrimination

Rend Lake College has adopted grievance procedures that provide for the prompt and equitable resolution of complaints made by students, employees, or other individuals who are participating or attempting to participate in its education program or activity, or by the Title IX Coordinator, alleging any action that would be prohibited by Title IX or the Title IX regulations.

A report of sex discrimination will first be investigated to determine if it falls under Title IX of the Education Amendments Act of 1972. If the report does fall under Title IX, it will follow this separate procedure. If not, the matter may still be pursued as an alleged violation of the comprehensive policy and will be addressed as outlined in Section B of Policy 2.1200.

The following people have a right to make a complaint of sex discrimination, including complaints of sex-based harassment, under Title IX: a complainant, as defined above; a parent, guardian or other authorized legal representative with the legal right to act on behalf of a complainant; or the college's Title IX Coordinator.

With respect to complaints of sex discrimination other than sex-based harassment, in addition to the people listed above, the following persons have a right to make a complaint: any student or employee of Rend Lake College; or any person other than a student or employee who was participating or attempting to participate in the college's education program or activity at the time of the alleged sex discrimination.

To file a complaint, the complainant may fill out the electronic complaint form found on the college's website at www.rlc.edu/titleix-policy and check the "Sex-Based Harassment" box. Alternately, the complaint may be made in writing or orally by contacting the office of the Title IX Coordinator or a Deputy Coordinator.

The college may consolidate formal complaints as to allegations of sex discrimination against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sex discrimination arise out of the same facts or circumstances.

The college will respond promptly and effectively to knowledge of conduct that reasonably may constitute sex discrimination in its education program or activity, and will comply with Title IX to address sex discrimination in that education program or activity.

The college will treat complainants and respondents equitably, and offer and coordinate supportive measures, as appropriate, for the complainant. In addition, if the college has initiated grievance procedures for a sex discrimination complaint, and if applicable a sex-based harassment complaint involving a student, or offered an informal resolution process to the respondent, the college will offer and coordinate supportive measures, as appropriate, for the respondent. The respondent is presumed not responsible for alleged sex discrimination until a determination is made at the conclusion of grievance procedures.

The college will take reasonable steps to protect the privacy of the parties and witnesses during its grievance procedures. These steps will not restrict the ability of the parties to obtain and present evidence, including by speaking to witnesses; consult with their family members, confidential resources, or advisors; or otherwise prepare for or participate in the grievance procedures. The parties cannot engage in retaliation, including against witnesses.

The college will objectively evaluate all evidence that is relevant and not otherwise impermissible, including both inculpatory and exculpatory evidence. Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

The following types of evidence, and questions seeking that evidence, are impermissible (*i.e.*, will not be accessed or considered, except to determine whether one of the exceptions listed below applies; will not be disclosed; and will not otherwise be used), regardless of whether they are relevant:

- Evidence that is protected under a privilege recognized by Federal or State law or evidence provided to a confidential employee, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege or confidentiality;
- A party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the party or witness, unless the college obtains that party's or witness's voluntary, written consent for use in its grievance procedures; and
- Evidence that relates to the complainant's sexual interests or prior sexual conduct, unless evidence about the complainant's prior sexual conduct is offered to prove that someone other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant's prior sexual conduct with the respondent that is offered to prove consent to the alleged sex-based harassment. The fact of prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant's consent to the alleged sex-based harassment or preclude determination that sex-based harassment occurred.

Upon initiation of Rend Lake College's Title IX grievance procedures, the college will notify the parties of the following:

- Rend Lake College's Title IX grievance procedures and any informal resolution process;
- Sufficient information available at the time to allow the parties to respond to the allegations, including the identities of the parties involved in the incident(s), the conduct alleged to constitute sex discrimination, and the date(s) and location(s) of the alleged incident(s);
- Retaliation is prohibited; and
- The parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence or an accurate description of this evidence. If the college provides a description of the evidence, the parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence upon the request of any party.

If, in the course of an investigation, the college decides to investigate additional allegations of sex discrimination by the respondent toward the complainant that are not included in the notice provided or that are included in a complaint that is consolidated, the college will notify the parties of the additional allegations.

Reasonably Prompt Timeframes for Major Stages of Grievance Procedures

A decision whether to dismiss or investigate a complaint will be made within two business days, or as soon as is practical based on availability of information. If an investigation is conducted, the college will endeavor to conclude the investigation within 30 days, contingent on availability of information, evidence and witnesses. Following the conclusion of the investigation, a determination regarding responsibility will be made within 14 days. Appeals from either party must be filed in writing within 14 days of the issuance of the written determination. Appeals will be decided within 15 days of the written notice of appeal.

The college may issue reasonable extension of these timeframes on a case-by-case basis for good cause with notice to the parties that includes the reason for the delay.

Dismissal of a Complaint

Rend Lake College may dismiss a complaint of sex discrimination if:

- The college is unable to identify the respondent after taking reasonable steps to do so;
- The respondent is not participating in Rend Lake College education program or activity and is not employed by the college;
- The complainant voluntarily withdraws any or all of the allegations in the complaint, the Title IX Coordinator declines to initiate a complaint, or the college determines that, without the complainant's withdrawn allegations, the conduct that remains alleged in the complaint, if any, would not constitute sex discrimination under Title IX even if proven; or
- The college determines the conduct alleged in the complaint, even if proven, would not constitute sex discrimination under Title IX. Before dismissing the complaint, the college will make reasonable efforts to clarify the allegations with the complainant.

Upon dismissal, the college will promptly notify the complainant of the basis for the dismissal. If the dismissal occurs after the respondent has been notified of the allegations, then the college will also notify the respondent of the dismissal and the basis for the dismissal promptly following notification to the complainant, or simultaneously if notification is in writing.

When a complaint is dismissed, the college will, at a minimum:

- Offer supportive measures to the complainant as appropriate;
- If the respondent has been notified of the allegations, offer supportive measures to the respondent as appropriate; and
- Take other prompt and effective steps, as appropriate, through the Title IX Coordinator to ensure that sex discrimination does not continue or recur within the college's education program or activity.

1. Informal Resolution Process for Sex Discrimination Complaints

If both parties agree in writing, a formal complaint may go through an informal resolution process. In this event, the college will provide both parties with a written notice including the allegations; the requirements of the informal resolution process; that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and to initiate or resume the recipient's grievance procedures; that the parties' agreement to a resolution at the conclusion of the informal resolution process would preclude the parties from resuming or initiating grievance procedures arising from the same allegations; potential terms that may be requested or offered in an informal resolution agreement, including notice that an informal resolution agreement is binding only on the parties; and what information the college will maintain and whether and how the college could disclose such

information for use in grievance procedures under Title IX if grievance procedures are initiated or resumed. The informal resolution process will follow that outlined in section B(1)(b) of this policy.

Informal resolution is not an option in an allegation of an employee sexually harassing a student, nor in instances in which sexual misconduct that constitutes sexual assault or sexual violence, or conduct constituting dating violence, domestic violence, or stalking, is alleged.

Informal resolution is not an option if the complaint includes allegations that an employee engaged in sex-based harassment of an elementary school or secondary school student or such a process would conflict with Federal, State or local law.

2. Formal Resolution Process for Sex Discrimination Complaints

Rend Lake College will provide for adequate, reliable, and impartial investigation of complaints. The burden is on the college, not on the parties, to conduct an investigation that gathers sufficient evidence to determine whether sex discrimination occurred.

The respondent is presumed to be not responsible, and the preponderance of evidence standard will be used.

During the formal resolution process, the college will:

- Provide an equal opportunity for the parties to present fact witnesses and other inculpatory and exculpatory evidence that are relevant and not otherwise impermissible;
- Review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance;
- Provide each party with an equal opportunity to access the evidence that is relevant to the allegations of sex discrimination and not otherwise impermissible, in the following manner:
 - Provide an equal opportunity to access either the relevant and not otherwise impermissible evidence, or an accurate description of this evidence. If the college provides a description of the evidence, it will provide the parties with an equal opportunity to access the relevant and not otherwise impermissible evidence upon the request of any party;
 - Provide a reasonable opportunity to respond to the evidence or the accurate description of the evidence; and
 - Take reasonable steps to prevent and address the parties' unauthorized disclosure of information and evidence obtained solely through the grievance procedures. Disclosures of such information and evidence for purposes of administrative proceedings or litigation related to the complaint of sex discrimination are authorized.

The college will use the following process enabling the decisionmaker to question parties and witnesses to adequately assess a party's or witness's credibility to the extent credibility is both in dispute and relevant to evaluating one or more allegations of sex discrimination.

When a party's or witness's credibility is both in dispute and relevant to evaluating one or more allegations of sex discrimination, the investigator or decisionmaker will schedule and conduct individual meetings with the party or witness for the purpose of asking relevant and not otherwise impermissible questions. Each party may propose such questions to be asked by the investigator or decisionmaker, who will determine whether the questions are relevant and permissible prior to being posed. A recording or transcript will be provided to the parties with enough time, as determined by the decisionmaker or investigator, for the

parties to propose follow-up questions. Questions which are unclear or harassing of the party being questioned will be prohibited.

3. Determination Whether Sex Discrimination Occurred

Following an investigation and evaluation of all relevant and not otherwise impermissible evidence, the college will:

- Use the preponderance of the evidence standard of proof to determine whether sex discrimination occurred. The standard of proof requires the decisionmaker to evaluate relevant and not otherwise impermissible evidence for its persuasiveness. If the decisionmaker is not persuaded under this standard by the evidence that sex discrimination occurred, whatever the quantity of the evidence is, the decisionmaker will not determine that sex discrimination occurred.
- Notify the parties in writing of the determination whether sex discrimination occurred under Title IX including the rationale for such determination, and the procedures and permissible bases for the complainant and respondent to appeal, if applicable;
- Not impose discipline on a respondent for sex discrimination prohibited by Title IX unless there is a determination at the conclusion of the grievance procedures that the respondent engaged in prohibited sex discrimination.
- If there is a determination that sex discrimination occurred, the Title IX Coordinator will, as appropriate:
 - Coordinate the provision and implementation of remedies to a complainant and other people the college identifies as having had equal access to its education program or activity limited or denied by sex discrimination;
 - Coordinate the imposition of any disciplinary sanctions on a respondent, including notification to the complainant of any such disciplinary sanctions; and
 - Take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within the college's education program or activity.
- Comply with the grievance procedures before the imposition of any disciplinary sanctions against a respondent; and
- Not discipline a party, witness, or others participating in the grievance procedures for making a false statement or for engaging in consensual sexual conduct based solely on the determination whether sex discrimination occurred.

4. Appeals

The college offers both parties an appeal from a determination regarding responsibility, and from dismissal of a formal complaint or any allegations therein, on the following bases:

- Procedural irregularity that would change the outcome;
- New evidence that would change the outcome and that was not reasonably available when the determination or dismissal was made; and

The Title IX Coordinator, investigator, or decisionmaker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that would change the outcome. If pursuing an appeal, a party must file notice of appeal within 14 days of the issuance of the written determination. Upon receiving notice of appeal, the college will:

- Notify the parties in writing of any appeal, including notice of the allegations, if notice was not previously provided to the respondent;
- Implement appeal procedures equally for the parties;

- Ensure that the decisionmaker for the appeal did not take part in an investigation of the allegations or dismissal of the complaint;
- Ensure that the decisionmaker for the appeal has been trained consistent with the Title IX regulations;
- Communicate to the parties in writing that the college will provide the parties a reasonable and equal opportunity to make a statement in support of, or challenging, the outcome; and
- Notify the parties in writing of the result of the appeal and the rationale for the result. The Executive Vice President or President shall decide the appeal as soon as possible, but no later than 15 days after the final submission of appeal materials (or as soon as feasible when extensions are necessary). The decision shall be in writing, shall include an explanation, and shall be submitted to the Complainant, the Respondent, the appropriate Vice President, and the Title IX Coordinator, if necessary. This written decision on the appeal shall constitute the final administrative action of the College.

If any portion of this policy regarding Title IX processes conflicts with the provisions of Title IX of the Education Amendments Act of 1972, the provisions of Title IX will control.

D. Grievance Procedures for Complaints of Sex-Based Harassment Involving Student Complainants or Student Respondents

Rend Lake College has adopted Title IX grievance procedures that provide for the prompt and equitable resolution of complaints made by students, employees, or other individuals who are participating or attempting to participate in its education program or activity, or by the Title IX Coordinator. The following grievance procedures address complaints of sex-based harassment that involve a student party.

Grievance procedures for addressing sex-based harassment generally follow the procedures described in Section C above dealing with sex discrimination. Additional requirements to procedures pertaining to sex-based harassment are outlined below.

1. Complaints

The following people have a right to make a complaint of sex-based harassment under Title IX: a complainant, as defined above; a parent, guardian or other authorized legal representative with the legal right to act on behalf of a complainant; or the college's Title IX Coordinator. A person is entitled to make a complaint of sex-based harassment only if they themselves are alleged to have been subjected to the sex-based harassment, if they have a legal right to act on behalf of such person, or if the Title IX Coordinator initiates a complaint consistent with the requirements of Title IX.

2. Written Notice of Allegations

In addition to the elements of written notice outlined in Section C above, written notice of sex-based harassment allegations will also include:

- The parties may have an advisor of their choice who may be, but is not required to be, an attorney;
- The parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence or an investigative report that accurately summarizes this evidence. If the college provides access to an investigative report, the parties are entitled to an equal opportunity to access the relevant and not impermissible evidence upon the request of any party.

3. Dismissal of Complaints

In addition to the elements of dismissals of complaints outlined in Section C above:

- Complainant withdrawals of allegations of sex-based harassment must be submitted in writing.
- A complaint also may be dismissed if the respondent is not participating in Rend Lake College's education program or activity and is not employed by the college.
- Notification of a dismissal also will be provided in writing to the parties.

4. Informal Resolution

Informal resolution will follow the process outlined in Section C above.

5. Formal Resolution

In addition to the investigation and formal resolution elements outlined in Section C above:

- The college will provide to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all meetings or proceedings with sufficient time for the party to prepare to participate.
- The college will provide the parties with the same opportunities to be accompanied to any meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney. The college will not limit the choice or presence of the advisor for the complainant or respondent in any meeting or proceeding, and may establish restrictions regarding the extent to which the advisor may participate in these grievance procedures, as long as the restrictions apply equally to the parties.
- The college will provide the parties with the same opportunities, if any, to have people other than the advisor of the parties' choice present during any meeting or proceeding.
- The college has discretion to determine whether the parties may present expert witnesses as long as the determination applies equally to the parties.

6. Witness or Party Credibility / Live Hearings

If the credibility of a witness or party is in question, the process for determining credibility will generally be through the interview process as outlined in Section C above.

a. Live Hearings

If both parties request a live hearing and the college determines it is a necessary option, a live hearing may be conducted. The live hearing will be conducted by a disciplinary committee formed by the college President and chaired by the appropriate Vice President or other designee of the President. The process for proposing and asking relevant and not otherwise impermissible questions and follow-up questions of parties and witnesses, including questions challenging credibility, will allow the decisionmaker to ask such questions, and either:

- Allow each party to propose such questions that the party wants asked of any party or witness and have those questions asked by the decisionmaker, subject to the procedures for evaluating and limiting questions discussed in Section C; or
- Allow each party's advisor to ask any party or witness such questions, subject to the procedures for evaluating and limiting questions discussed in Section C. Such questioning will never be conducted by a party personally. If the college permits advisor-conducted questioning and a party does not have an advisor to ask questions on their behalf, the college will provide the party with an advisor of the college's choice, without charge to the party, for the purpose of advisor-conducted questioning. In those instances, the college will not appoint a confidential employee and may appoint, but is not required to appoint, an attorney to serve as an advisor.

The decisionmaker may choose to place less or no weight upon statements by a party or witness who refuses to respond to questions deemed relevant and not impermissible. The decisionmaker will not draw an inference about whether sex-based harassment occurred based solely on a party's or witness's refusal to respond to such questions

The live hearing will be conducted with the parties physically present in the same geographic location or, at the college's discretion or upon the request of either party, will conduct the live hearing with the parties physically present in separate locations with technology enabling the decisionmaker and parties to simultaneously see and hear the party or witness while that person is speaking. The college will create an audio or audiovisual recording or transcript of any live hearing and make it available to the parties for inspection and review.

7. Determination Whether Sex-Based Harassment Occurred

In addition to the determination elements outlined in Section C above:

- Written notification of the determination to the parties will be simultaneous and include:
 - A description of the alleged sex-based harassment;
 - Information about the policies and procedures the college used to evaluate the allegations;
 - The decisionmaker's evaluation of the relevant and not otherwise impermissible evidence and determination whether sex-based harassment occurred;
 - When the decisionmaker finds that sex-based harassment occurred, any disciplinary sanctions the college will impose on the respondent, whether remedies other than the imposition of disciplinary sanctions will be provided by the college to the complainant, and, to the extent appropriate, other students identified by the college to be experiencing the effects of the sex-based harassment; and
 - The procedures and permissible bases for the complainant and respondent to appeal.

The determination regarding responsibility becomes final either on the date that the college provides the parties with the written determination of the result of any appeal, or, if no party appeals, the date on which an appeal would no longer be considered timely (14 days after the written determination is issued).

8. Appeals, Supportive Measures, and Sanctions

Appeals will follow the process outlined in procedure Section C above. Supportive measures are defined in the Definitions section above. Disciplinary sanctions are as outline in Policy Section F above.

E. Procedure for Addressing Title IX Sexual Harassment Complaints (Prior to 8/1/2024)

NOTE: Due to changes in federal regulations, Rend Lake College must address any allegations of sexual harassment arising prior to August 1, 2024, under the policy which was in effect at that time. This section outlines those procedures.

A report of sexual harassment will first be investigated to determine if it falls under Title IX of the Education Amendments Act of 1972 (see the definition of Sexual Harassment – Title IX above). If the report does fall under Title IX, it will follow this separate process. If not, the matter may still be pursued as an alleged violation of the comprehensive policy and will be addressed as outlined in Section B of Policy 2.1200.

The college will respond promptly to Title IX sexual harassment in a manner that is not deliberately indifferent, meaning a response that is not clearly unreasonable in light of the known circumstances.

The college will treat complainants and respondents equitably by offering supportive measures to a complainant, and by following a grievance process before the imposition of any disciplinary sanctions or other actions that are not supportive measures, against a respondent. The Title IX Coordinator will promptly contact the complainant confidentially to discuss the availability of supportive measures as defined above, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.

PROCESS FOR FILING A FORMAL COMPLAINT – To file a formal complaint, the complainant may fill out the electronic complaint form found on the college's website at www.rlc.edu/titleix-policy and check the "Sexual Harassment" box. Alternately, the complainant may make a formal complaint in person at the office of the Title IX Coordinator, by emailing the complaint to the Title IX Coordinator, or by mailing the formal complaint to the office of the Title IX Coordinator. Only the complainant or the Title IX Coordinator may file a formal complaint, which is required before a Title IX investigation can commence.

Upon receipt of a formal complaint, the college will provide to the parties known a written notice including:

- Notice of the grievance process, including the informal resolution process.
- Notice of the allegations of sexual harassment, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known.
- A statement that the respondent is presumed not responsible and that a determination regarding responsibility will be made at the end of the grievance process.
- Notification that the parties each may have an advisor of their choice, who may be but is not required to be an attorney. If a party is not able to secure an advisor, the college will provide one at no cost to that party.

If, during the investigation, the college chooses to investigate any additional allegations against either the complainant or respondent, the college will send an amended notice.

Dismissals under Title IX

1. Under Title IX regulations, the college must dismiss sexual harassment complaints when the conduct alleged in the formal complaint would not constitute sexual harassment as defined in this section even if proved, did not occur in the college's education program or activity, or did not occur against a person in the United States.
2. The college may dismiss the formal complaint or any allegations therein, if at any time during the investigation or hearing: A complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; the respondent is no longer enrolled or employed by the college; or specific circumstances prevent the college from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

3. If a formal complaint is dismissed for any of the above reasons, prompt notification of the dismissal and the reason for it will be sent to the parties. Dismissals of formal complaints under Title IX do not preclude the college from pursuing matters under the other sections of Policy 2.1200.

The college may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

1. Informal Resolution Process for Title IX Complaints

If both parties agree in writing, a formal complaint may go through an informal resolution process. In this event, the college will provide both parties with a written notice including the allegations; the requirements of the informal resolution process; any circumstances under which the parties are precluded from resuming a formal complaint arising from the same allegations, provided that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared. The informal resolution process will follow that outlined in section B(1)(b) of this policy.

Informal resolution is not an option in an allegation of an employee sexually harassing a student, nor in instances in which sexual misconduct that constitutes sexual assault or sexual violence, or conduct constituting dating violence, domestic violence, or stalking, is alleged.

2. Formal Resolution Process for Title IX Complaints

The formal resolution process will include a thorough, impartial investigation by a trained Title IX investigator. The investigation includes interviewing the parties and relevant witnesses, and reviewing written statements, documents, records, and other communications or forms of evidence not protected by unwaived privilege.

The formal resolution process must include a live hearing, resulting in a determination of the respondent's responsibility. The respondent is presumed to be not responsible, and the preponderance of evidence standard will be used. The burden of gathering evidence and burden of proof is on the college.

During the formal resolution process, the college will:

- Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding; however, the college may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;
- Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;

- Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the college does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to completion of the investigative report, the college will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties must have at least 10 days to submit a written response, which the investigator will consider prior to completion of the investigative report. The college will make all such evidence subject to the parties' inspection and review available at any hearing to give each party equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examination; and
- Create an investigative report that fairly summarizes relevant evidence and, at least 10 days prior to a hearing or other time of determination regarding responsibility, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

3. Live Hearings

The live hearing will be conducted by a disciplinary committee formed by the college President and chaired by the appropriate Associate Vice President or other designee of the President. As the decision maker, the committee chair cannot be the Title IX Coordinator nor the investigator. At the live hearing, each party's advisor is permitted to ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility. Such cross-examination at the live hearing must be conducted directly, orally, and in real time by the party's advisor of choice and never by a party personally.

At the request of either party, the college will provide for the entire live hearing (including cross-examination) to occur with the parties located in separate rooms with technology enabling the parties to see and hear each other.

Only relevant cross-examination and other questions may be asked of a party or witness. Before a complainant, respondent, or witness answers a cross-examination or other question, the chair will first determine whether the question is relevant and explain to the party's advisor asking cross-examination questions any decision to exclude a question as not relevant. It is strongly recommended that questions be submitted to the chair prior to the live hearing.

If a party does not have an advisor present at the live hearing, the college will provide, without fee or charge to that party, an advisor of the college's choice who may be, but is not required to be, an attorney to conduct cross-examination on behalf of that party.

Complainants have rape shield protections, deeming irrelevant questions and evidence about a complainant's prior sexual behavior unless offered to prove that someone other than the respondent committed the alleged misconduct or offered to prove consent.

Live hearings may be conducted with all parties physically present in the same geographic location or, at the college's discretion, any or all parties, witnesses, and other participants may appear at the live hearing virtually.

The college will create an audio or audiovisual recording, or transcript, of any live hearing, and will be made available for inspection or review by the parties.

4. Determination Regarding Responsibility

The decision-maker must issue a written determination regarding responsibility. The written determination must include:

- Identification of the allegations potentially constituting sexual harassment as defined by Title IX
- A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held
- Findings of fact supporting the determination
- Conclusions regarding the application of the college's code of conduct to the facts
- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the college imposes on the respondent, and whether remedies designed to restore or preserve equal access to the college's education program or activity will be provided to the complainant. The range of potential sanctions can be found in Section B(2)(d) of Policy 2.1200
- The college's procedures and permissible bases for the complainant and respondent to appeal

The college will provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the college provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely. The Title IX Coordinator is responsible for effective implementation of any remedies.

5. Appeals

The college offers both parties an appeal from a determination regarding responsibility, and from dismissal of a formal complaint or any allegations therein, on the following bases:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
- The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

If pursuing an appeal, a party must file notice of appeal within 14 days of the issuance of the written determination. Upon receiving notice of appeal, the college will:

- Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties;
- Ensure that the decision-maker for the appeal is not the same person as the decision-maker who reached the determination regarding responsibility or dismissal, the investigator, or the Title IX Coordinator;
- Ensure that the decision-maker for the appeal has no conflict of interest and has been trained as required;
- Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;

The decision maker for the appeal will be designated by the college President. The decision maker will review the written statements of both parties, as well as any relevant evidence from the investigation. The decision maker will issue a written decision describing the result of the appeal and the rationale for the result, and provide that decision simultaneously to both parties. The decision will be issued within a reasonable time frame, generally within 15 days of the receipt of written statements from the parties.

If any portion of this policy regarding Title IX processes conflicts with the provisions of Title IX of the Education Amendments Act of 1972, the provisions of Title IX will control.

F. General Provisions

1. Administrative Responsibility

The Title IX Coordinator will have the lead responsibility for overseeing all aspects of this policy. The President and his designees will share the responsibility for the effective functioning of these procedures within their units.

When a complaint concerns a college administrative employee, the Office of the President shall be responsible for implementing the procedures described in this policy, and the final decision or concurrence shall rest with the President, or his or her designee.

2. Alteration of Procedure

The College can unilaterally initiate any and all steps under this policy and procedures when it learns, either directly or indirectly, that discrimination, harassment or retaliation is alleged to be taking or has taken place. The Title IX Coordinator may alter any of the requirements of these procedures, including extending timelines, provided that the alteration does not impair the ability of the complainant to bring a complaint or the respondent to defend himself or herself. Any substantive alterations of these procedures will be communicated to the pertinent parties.

3. Bystander Intervention

In instances of sexual assault, a bystander may be able to intervene and prevent harm to others. A bystander should notice and recognize the event as a risky situation, take responsibility for helping the situation, ask for assistance from other bystanders, call 911, record any details as soon as possible, and intervene in a safe and sensitive manner.

4. Confidentiality

Rend Lake College strives to maintain confidentiality to the greatest extent possible and may require those involved to maintain confidentiality, particularly when confidentiality is required to protect witnesses, prevent evidence from being destroyed, avert a threat that subsequent testimony would be fabricated, or prevent a cover-up. Information will be protected to the extent permitted by law. Complainants are advised, however, that confidentiality can only be respected insofar as it does not interfere with the College's obligation to investigate alleged or suspected violations of this policy and to take corrective action.

5. Conflict of Interest

A conflict of interest may arise if a participant, administrator, or investigator has a significant professional or personal involvement with the facts or the parties to a dispute. Any participant, administrator, or investigator, who has a conflict of interest in a dispute covered by these procedures, or a concern about a conflict on the part of another, shall report it to the President.

The President shall decide how to address the situation. If there is a conflict of interest involving the President, the Chair of the Board of Trustees shall decide how to address the situation.

6. Supportive Measures / Interim Corrective Administrative Action

At any time after informal resolution or a complaint has been filed, and before final disposition of the dispute, the Title IX Coordinator may authorize supportive measures (in an alleged Title IX violation, in which such measures must be non-punitive and non-disciplinary; see above definition) or corrective/interim administrative action (in allegations of violations of other components of Policy 2.1200) to protect the best interests of the College. Rend Lake College reserves the right to take any interim administrative action deemed appropriate and permissible by law, pending the outcome of an investigation or grievance, so long as such action is permitted by and taken in accordance with any other applicable disciplinary procedures. Other interim administrative action can include, but are not limited to, removing a student from campus or an employee from a particular work environment, modifying work or course schedules, and issuing a “no contact” order. In situations involving suspected or alleged sex-based harassment, sexual violence, domestic violence, dating violence, or stalking, the College also reserves the right to take steps to protect the complainant as deemed necessary during the pendency of the investigation and resolution process (e.g., allowing for a change in academic situation, issuing a “no contact” order to the accused, etc.). Any such interim steps will be taken in a manner that minimizes the burden on the complainant to the extent possible and in accordance with any other applicable disciplinary procedures.

7. Days

All references to days mean calendar days unless specified otherwise.

8. Education and Awareness Programs

Rend Lake College is committed to continually educating and training the campus community about the various forms of discrimination and harassment and the procedures available to address complaints of discrimination and harassment. During new student orientations and as part of the First Year Experience (FYE) courses, students will be provided with Sexual Assault Awareness and Prevention training, safety tips and resources. Verbiage will be included on all College syllabi stating that sexual assault is not tolerated on campus and will provide the necessary contact information to report complaints. The College will utilize an email campaign each semester to remind students of the forms of prohibited conduct, consent, bystander intervention, and other resources available. Informational flyers will be placed in common student and staff areas.

The College will publish its policy and procedures on its website, and also will publish summarized versions in the Student Handbook and in the employee handbook, with reference to the complete policy and procedures on the website. New employees will be informed of the College’s policies and procedures as part of the New Employee Orientation and subsequent trainings held in conjunction with Faculty/Staff In-Service programs.

9. Exclusivity

Except as otherwise noted above, these procedures are intended to be the exclusive procedures used for all complaints alleging violations of this policy. However, these procedures shall not deprive students or employees of access to other appeal or problem-solving processes on campus, including those negotiated grievance procedures in collective bargaining agreements.

These procedures may be implemented irrespective of any criminal proceeding or administrative action pursued in accordance with applicable College policies.

10. Impartiality

Investigators, Title IX Coordinator(s) and decision makers do not function as advocates for complainants or respondents. Rather, they are designated to serve as problem solvers, fact finders or investigators as appropriate. Investigators and Title IX Coordinator(s) will inform complainants and respondents about other campus offices where they may seek support or advocacy.

In cases in which a complainant files his/her complaint with a federal or state agency while his/her complaint is pending with the Title IX Coordinator, the internal complaint may be terminated if it is determined that the College's ability to continue its inquiry or investigation in an impartial manner is compromised.

11. Imposition of Sanctions

The imposition of sanctions or discipline, if recommended, will proceed in accordance with state and federal statutes and relevant campus policy, rules and regulations.

12. Records

The reports and other records created or compiled under these procedures are to be generated, distributed and maintained as specified at the different steps. Records are not intended to become part of the official personnel files of the complainant or the respondent, although there are circumstances where this may be appropriate. Access to records is to be limited to the disputants and, on a need-to-know basis, to appropriate unit-level or campus-level administrators.

13. Representation

Any party to a dispute may be accompanied by an advisor of choice at any meeting that occurs under these procedures. If any party's advisor of choice at a meeting is to be an attorney, all participants must be informed at least three working days prior to the meeting. The investigator may request the advice of legal counsel at any time. An advisor or support person may not, however, stand in place of either the complainant or the respondent, or otherwise participate in the process.

14. Employees

If an employee leaves the college, the employee is encouraged to file a complaint relating to alleged discrimination and/or harassment occurring during that individual's employment with the college within 30 days following the employee's termination of employment from the college.

The procedures described in this document will apply to complaints against any and all Rend Lake College employees engaging in his/her professional capacity.

2.1205 Drug and Alcohol Free Work Place POLICY

Employees taking such medication that may alter the employee's behavior or physical or mental ability or which contains a cautionary label regarding the used or machinery or operating of a vehicle, must notify their immediate supervisor before commencing work. The College may change the employee's job assignment during the period of treatment. Without such notification and authorization to possess such medication the employee will be considered as possessing and being under the influence of unauthorized legal drugs, and therefore be subject to discipline in the same fashion as indicated in paragraph 3 above.

Drug/Alcohol Prohibitions

For the protection of employees, as well as the protection of College owned, leased, or used property, the following acts of conduct are strictly prohibited:

employee's bodily system. Additionally, an employee will be considered to be under the influence if they are unable to perform work in a safe and productive manner and/or is in a physical or mental condition that creates a risk to the safety and well-being of the affected employee, other employees, or Rend Lake College owned, leased, or used property.

Drug and Alcohol Testing

Rend Lake College asserts its legal right and prerogative to test any employee for drug and/or alcohol abuse. Employees may be asked to submit to a medical examination and/or submit to urine, saliva, breath, sweat, and/or hair testing for drugs or alcohol. Any information obtained through such examinations may be retained by Rend Lake College and is the property of Rend Lake College.

In particular, Rend Lake College reserves the right, in its discretion, and within the limits of federal and state laws, to examine and test for the presence of drugs and alcohol (as stated above) in situations such as, but not limited to, the following:

- Post Job Offer: All offers of employment will be made subject to the results of a drug test. Applicants will be required to voluntarily submit to a saliva test and sign an acknowledgement form, which will release Rend Lake College from liability. Rend Lake College will not discriminate against applicants for employment because of past drug abuse, it is the current abuse of drugs which prevents employees from properly performing their jobs.
- Post-Accident: A drug and/or alcohol test will be conducted on all employees involved in accidents occurring during work time or while on Rend Lake College owned, leased, or used property. Covered accidents include, but are not limited to, accidents that the employees caused or contributed to that involve:

If circumstances require an employee to leave the scene of an accident, the employee must make a good faith attempt to be tested and to notify Rend Lake College of their location.

Failure to report any accident which meets the post-accident testing criteria is in violation of Rend Lake College policy and subject to disciplinary action. Employees testing positive or refusing to submit to a drug and/or alcohol test under certain state laws, may be ineligible for workers' compensation benefits.

- Reasonable Suspicion/Cause: The College may require drug testing based on a belief that an employee is using or has used drugs in violation of the College's policy. The suspension may be drawn from specific objective and articulable facts and reasonable inferences drawn from those facts in light of experience.  - Observable phenomena while at work, such as direct observation of drug use or of physical symptoms or manifestations of being under the influence of a drug.
 - Abnormal conduct or erratic behavior while at work or a significant deterioration in work performance or attendance.
 - A report of drug use at work, provided by a reliable and credible source, which has been corroborated independently.

Drug and Alcohol Testing Procedures

1. Normally, the initial drug and alcohol test will be obtained from a saliva specimen collected at a Rend Lake College location by a qualified collector. The collection samples must be done in such a manner as to preserve the individual employee's right of privacy, and to insure a high degree of security for the sample and its freedom from adulteration.
2. In the event any employee's FIRST TEST is positive, they will be transported to a qualified testing laboratory or facility for a body fluid drug and/or alcohol test. Alcohol will be tested by the use of a breath analyzer. Rend Lake College will take reasonable steps to inquire that the laboratory or the facility selected conforms to all NIDA standards.
3. The qualified laboratory or facility shall establish a chain of custody procedure for both sample collection and testing that will insure the integrity and the identity of each sample and test result.

4. The laboratory or facility shall collect a sufficient sample of the same body fluid (normally urine) or material from an employee to allow for initial screening, a confirmatory screening and a sufficient amount to be set aside and reserved for further testing if requested by the employee. If blood samples are required for some reason, they shall be drawn only by qualified medical personnel.
5. The laboratory or facility shall confirm any sample that tests positive in the initial screening for drugs by testing a second portion of the sample.
6. The laboratory or facility shall confirm any sample that tests positive in the initial screening for drugs by testing the second portion of the sample by gas chromatography, plus mass spectrometry or an equivalent or better scientifically accurate and accepted method that provides quantitative data about the detected metabolites.
7. The laboratory or facility shall provide the employee tested with an opportunity to have the additional sample tested by a clinical laboratory or hospital facility of the employee's own choosing, at the employee's own expense; provided the employee notifies the President or Vice-President over the direct line of supervision of the employee within forty-eight (48) hours of receiving the results of the tests.

POLICY

Rend Lake College requires all employees to observe high standards of business and personal ethics in the conduct of their duties and responsibilities. The College is committed to compliance with the laws and regulations to which it is subject. However, even the best systems of control cannot provide absolute safeguards against irregularities. The College provides various mechanisms to assist and encourage employees to come forward in good faith with reports or concerns about suspected compliance issues. The College encourages this reporting of suspected wrongdoing on a timely basis.

Whistle-Blower Policy

The Whistle-Blower Policy governs only the reporting and investigation of suspected violations of law, external regulations or College policy of a financial nature or misuse of College resources. The policy is not intended and may not be used for personal or employment grievances, general compensation and benefit complaints, opinions on policy, etc.

Protection from Retaliation

An employee who, in good faith, reports a suspected violation of law or College policy shall not suffer harassment, retaliation or adverse employment consequence from other employees or the College. An employee who retaliates against someone who has reported a suspected violation in good faith is subject to discipline up to and including termination of employment. Any employee who believes that he/she has been retaliated against after making a good faith report may report this alleged retaliation to the Human Resources Specialist or Campus Police Chief.

Confidentiality under the Whistle-Blower Policy

Confidentiality of the reporter will be maintained to the extent practicable within the limitations of the law, College policy and the legitimate needs of the investigation.

Sanctions for a False Report

A report made under this policy can have considerable impact on the personal and professional lives of those charged both during the investigation and long term. 2.1700 Background Checks for Potential and Current Employees

POLICY

In an effort to provide a safe and secure environment for all students, employees and visitors at Rend Lake College; to safeguard the College's property and resources; and to help ascertain suitability for employment, the College has established the following Policy for conducting background checks for (1) ~~for~~ prospective new employees, (2) for current employees transitioning into positions that require a background check due to the nature of the position for grant requirements - allied health clinical sites, children center employees, security/police officers and accountants, and (3) prospective volunteers.

Rend Lake College will not inquire about or into, consider, or require disclosure of the criminal record or criminal history of an applicant until a conditional offer of employment has been made to the applicant by the college.

The College may revoke any conditional offer of employment to an individual who does not consent to applicable background checks. This policy does not change or limit the authority of the Board of Trustees to approve or disapprove appointments, reappointments, or promotions as described in the college policies.

If an individual's criminal background check results indicate that the individual has a criminal record, the College will conduct an interactive assessment to determine if there is a substantive relationship between one or more of the previous criminal convictions and the duties of the position being sought or if granting employment would pose an unreasonable risk to property or the safety of individuals on campus. If the College determines that a conviction record disqualifies the applicant, the College will notify the applicant of the decision and reasoning. The applicant has five (5) business days to respond where the applicant can dispute the accuracy of the relevant conviction and mitigating evidence. If the applicant responds with evidence disputing the conviction of record, administration will evaluate the evidence presented and make a determination of whether or not to proceed with the hiring process. If the decision is made that the evidence is inconclusive, the applicant will be notified that the college is withdrawing the contingent offer of employment. A criminal record will not automatically exclude an individual from being considered for or being offered employment with the College, as consideration is given to such factors as, but not limited to, age at conviction, the number of convictions which appear on the conviction record, the nature and seriousness of the underlying offense/conduct, the relatedness of the

offense/conduct to the position being sought, the length of time that has elapsed since the conviction/end of sentence/conduct, and demonstrated rehabilitative efforts.

In addition, the College may conduct pre-employment background checks other than criminal background checks for their respective employees, consistent with the job description and applicable federal and state law ([Illinois Public Act 101-0656](#)). These separate background checks may relate to such items as the verification of education and other credentials, verification of employment history, motor vehicle records or credit records, if such checks are required based on the specific position. The College will allow the individual to explain or provide additional information.

Candidates may not serve in any capacity or perform any job duties related to Rend Lake College until all background checks are complete and the supervising individual is informed of the approval of status of the background check. In the event that a supervising individual allows a person to serve in any capacity without receiving the proper authorization as established within this policy, disciplinary action to the individual may result and corrective action may be taken.

PROCEDURE

1. Candidates will be asked to complete a background form on which they must provide their demographic information. It is the responsibility of the candidate to provide complete and accurate information relating to the subject of the background checks(s) that will be performed as requested. They will also be asked to sign an authorization form giving Rend Lake College permission to conduct the background screen.
2. Demographic information will be shared with an outside vendor who has been contracted to perform background checks according to the established protocol per contractual requirements.
3. When the background check is complete, a copy of the results is printed and attached to the request form and filed in the new employee's personnel file (assuming that the job offer is accepted). If the results are favorable, an email is sent to the hiring supervisor indicating that the applicant has been authorized to begin work.

2.1705 Medical Examination For Current, Transferred and Prospective Employees

POLICY

The College may require post-offer and pre-employment medical examinations and drug screens in circumstances where the nature of the position renders it appropriate or where it is required by law. Medical examinations may also be required to determine a current employee's ability to perform essential functions of his or her employment position if there are legitimate concerns about an employee's performance and/or whether or not an employee poses a direct threat to the employee or others.

PROCEDURE

Determination of the need for all such examinations will be made by the President of his/her designee and will be paid for by the College.

All medical examinations required by the College will be conducted by a Board Certified medical physician, psychiatrist, or equivalent chosen by the College.

2.1710 Volunteer Staff

POLICY

The College is authorized to recruit and utilize people who desire to provide voluntary services to College departments, programs, and activities. Volunteer staff members are not considered employees and are not

entitled to receive any compensation or benefit for their services and/or work. However, with prior approval from the appropriate Vice President, the volunteer staff member may receive reimbursement for authorized meal expenses, mileage expenses, and overnight accommodations in accordance with established College policy.

PROCEDURE

Individuals who are responsible for overseeing any College department, program, or activity must receive the approval of the appropriate Vice President before recruiting or utilizing an individual who wishes to be considered as a Rend Lake College Volunteer.

After the appropriate approval is secured, the responsible party should provide the individual with a Volunteer Registration Form and a Background Check Request Form. The individual wishing to serve as a Rend Lake College Volunteer must complete and return both forms to the designated Rend Lake College supervisory staff member in charge of the department, program, or activity. Completed copies of both forms should be forwarded to the Human Resource Department which will be responsible for completing the background check and informing the supervisor if and when the volunteer may begin to serve as a Rend Lake College Volunteer. A copy of the Volunteer Registration Form will be maintained by the Human Resource Department.

Individuals may not serve as a Rend Lake College Volunteer until all background checks are complete and the supervising individual is informed of the approval of volunteer status. In the event that a supervising individual allows a person to serve as a Rend Lake College Volunteer without receiving the proper authorization as established within this policy, disciplinary action to the individual may result and corrective action may be taken against the College department, program, or activity.

3.1016 Terms of Working Remotely for Full-Time Employees

POLICY

In an effort to be responsive to the needs of the current workforce, Rend Lake College will support remote work options in situations where it is reasonable and practical to do so, and where the operational needs of the college will not be adversely affected. Remote work may also be required by employees whose duties can be performed in part or in whole from a remote working location in times of crisis in order to protect the health, safety and welfare of faculty, staff and students of Rend Lake College and the surrounding communities.

Rend Lake College is an equal opportunity employer that is committed to the success of all its employees. Each request for remote work will be subject to the guidelines set forth in procedures and will be approved or denied on a case-by case basis by the appropriate Vice President and the President on behalf of the Board of Trustees. With regard to full-time faculty, the terms of the faculty contract will supersede any items of conflict. In case of a discrepancy with regard to a staff member, the individual contract will supersede.

For a proposed remote work agreement to be considered, an employee must have performed the duties of their position in a satisfactory manner without any disciplinary measures or corrective actions. All remote work will be subject to a 3-month probationary period. The need for an employee to remain remote will be evaluated on an annual basis at the end of the current fiscal year. A new remote work agreement

request must be approved following that review in order to continue remote work. Rend Lake College also reserves the right to revoke a remote work agreement at any time with or without notice when it is in the best interest of the college to do so.

Employees that have been approved for remote work will continue to be covered by the College's workers' compensation and liability insurance programs provided the employee is abiding by the requirements of the agreement and the conditions set forth in that agreement. Rend Lake College assumes no responsibility for activity, damage or injury that the employee may inflict or incur that is not directly related to, resulting from, or caused by the employee while performing their job duties; nor does the college assume any responsibility for activities engaged in by the employee over which the college has no reasonable control or for any damage or loss of the employee's personal property.

When working remotely, an employee's job duties and expectations do not change. The employee will be held to the same job performance standards as those established for the employees working on-site ([see policy 3.1225](#) – Discipline and Dismissal – Non-Tenure Track Employees). Violations of the remote working agreement or board policy and procedures will be subject to discipline up to and including termination for serious misconduct. A remote worker should also be expected to participate in on-campus events when practical to do so or when required by their supervisor. Every employee should also have the same training and advancement opportunities as traditional employees.

Remote workers will not be eligible for mileage to and from Rend Lake College. The college will provide necessary equipment for remote work such as laptop and printer but will not compensate the employee for expenses incurred as a result of remote work, such as cell phones and internet ([see policy 5.1220](#) – Reimbursement of Miscellaneous Department Expenses). Any remote worker requests for compensation of unforeseen expenses involving the remote work must be approved in advance by the college.

Part-time employees who consistently work 30-35 hours per week will also receive five (5) personal days per year, as is established in board policy [3.1520](#).

Prior to the employment of any part-time employee, supervisors must receive from the Human Resources Department a verification of the current employment status of the person in question in order to ensure that the potential employee is not currently employed by the College in another department and will not exceed the established limits on hours worked as follows:

Part-time instructors engaged in teaching credit classes which require a reasonable amount of both prep and post teaching time and who are not paid on a documented per hour basis may not have teaching assignments which result in more than 24 hours during any one-week period engaged in teaching duties. For each (1) hour of time spent in the classroom during the week an additional two (2) hours of work will be added to the weekly total to account for the hours which are spent in pre and post teaching duties. For each (1) hour of time spent in a lab setting no additional hours will be added for pre and post duties. In most cases, part-time instructors will be restricted to teaching assignments only and no other types of employment by the College will be allowed. position (as determined by regulations established within the Fair Labor Standards Acts guideline) worked during any one academic year. Each sport will be allowed to have only one individual designated as the head coach and may be allowed to have one individual as an assistant coach. Additional assistant coaches would be permitted only if the individual signs a volunteer agreement with the College stating that no financial payments would be received for hours worked while engaged as a volunteer assistant coach. Head coaches and assistant coaches who are not employed by the College as a full-time employee with coaching responsibilities included as part of his / her job description will be paid a stipend and will not be paid on an hourly basis.

Head coaches and assistant coaches who are not employed by the College as a full-time employee with coaching responsibilities included as part of his/her job description may be employed by the College only as a coach or an assistant coach. In most situations, no other type of employment by the College will be allowed. Only after securing the approval of the Athletic Director, the Vice President of Academic and Student Services, the Chief Financial Officer, and the President, a coach or an assistant coach who has worked less than the above referenced limits of documented time (as determined by regulations established within the Fair Labor Standards Acts guideline) within an academic year may be allowed to work additional part-time hours as long as the total combined hours worked do not exceed a combined total of 24 hours per week. In the event that a head coach or assistant coach is allowed to teach part-time, the sum total number of hours worked by these employees may not exceed a combined total of 24 hours per week using the appropriate conversion method for hours engaged in teaching as follows: For each (1) hour of time spent in the classroom during the week an additional two (2) hours of work will be added to the weekly total to account for the hours which are spent in pre and post teaching duties. For each (1) hour of time spent in a lab setting no additional hours will be added for pre and post duties.

No deviations from this policy will be permitted without first securing the approval of the Vice President of Academic and Student Services, the Chief Financial Officer, and the President. Only after securing the approval of the Vice President of Academic and Student Services, the Chief Financial Officer, and the President, a part-time tutor may in very limited situations be allowed to be employed on a part-time basis engaging in other types of activities.

3.1030 Adjunct Teaching Assignments for Full-Time, Non-Faculty Employees

3.1035 Paid Leave for All Workers (Part-Time Employees)

POLICY

General part-time non-instructional employees that are hired to work a regular schedule for at least one semester that works a regular schedule less than 30 hours average per week will accrue 1 hour of personal leave for every 40 hours worked with a cap of 40 hours in any 12-month period. Once accrued, employees may request this time in no less than 2-hour increments. Non-instructional employees will be allowed to carry over up to 40 hours per year. Any unused, accrued personal leave for non-instructional employees will not be paid out upon separation of employment. If any employee returns to work within the period of time allowed under the [Paid Leave for All Workers Act](#) any accrued, unused remaining balance will be reinstated.

Part-time instructional employees that are paid from an instructional contract will be fronted personal time based on the amount of personal time that they are entitled to under the provisions set forth in the [Paid Leave for All Workers Act](#). Upon receipt of the instructional contract, human resources will front each instructor the amount of personal leave due them according to the 3 to 1 multiplier rule which allows for an hour of prep and an hour of post class for grading and assessment. The calculation will be based on the 3.0 multiplier for each classroom hour taught. For example, an instructor assigned to teach 6 credit hours will be fronted ($6 \times 3.0 = 18 \text{ hours} \times 16 \text{ weeks} = 288 \text{ hours} / 40 \text{ hours} = 7.2 \text{ hours}$ of personal leave time). All personal leave must be requested in 2-hour increments. Employees that are fronted leave will not be allowed to carry over any unused time and therefore any unused balance on June 30th of each calendar year will be forfeited. Unused personal leave will not be paid out at the time of separation or at the end of the fiscal year.

Part-time instructional employees or trainers that are paid on an hourly basis will accrue 1 hour of personal leave for every 40 hours worked with a cap of 40 hours in any 12-month period. Once accrued, employees may request personal leave in 2-hour increments. Non-instructional employees will be allowed to carry over up to 40 hours per year. Any unused, accrued personal leave for non-instructional employees will not be paid out upon separation of employment. If any employee returns to work within the period of time allowed under the [Paid Leave for All Workers Act](#) any accrued, unused remaining balance will be reinstated.

Head coaches, assistant coaches, and other stipend positions that are not employed by the college as a full-time employee will be fronted the number of hours of personal leave at the beginning of their contract period based on the maximum hours indicated on their contract. The calculation will be the maximum number of hours allowed on their contract /40 hours. For example: Head coaches have a maximum hours of 1200 per semester so they would receive 30 hours of personal leave in a 12-month period. All leave granted under the [Paid Leave for All Workers Act](#) is limited to a maximum of 40 hours of leave in a 12-month period and must be requested in 2-hour increments. Since leave will be fronted to part-time stipend employees, any remaining leave on June 30th will be forfeited. Unused personal leave will not be paid out at the time of separation or at the end of the fiscal year.

Employees offered and agreeing to work 30-35 hours per week on a regular basis will receive personal time as defined in policy and procedure **3.1520 Personal Leave**. Pursuant to the [Paid Leave for All Workers Act](#) short-term employees with no reasonable expectation of continued

employment such as community education instructors, secondary education instructors, or intermittent part-time employees will not be eligible for personal leave.

PROCEDURE

All personal leave will be available for use once accruals have either been earned or fronted to employee personal leave accrual banks. All personal leave must be taken in 2-hour increments and will be requested via the TimeClock system or the system being utilized for paid-time off. Employees intending to use personal leave must notify their supervisors prior to the start of their work day, shift or class and with as much advance notice as foreseeably possible.

3.1100 Salary Advancement for Full-Time Employees

Full-time non-tenured employees who are funded by a grant must have been employed by the college six (6) months to be eligible for a raise at the beginning of a new grant period. Full-time non-tenured employees who are funded by a grant and have not been employed by the college worked 6 or more months at the start of the new grant period will not be eligible for a regular raise until the second grant year after their employment.

During the regular school year, a non-exempt employee shall work a 37 hour work week. It is understood and agreed upon by the College and employees that this is the default work week and that any and all deviations from this work week have to be pre-approved by an employee's supervisor and the applicable Vice-President. Meal periods are not included as part of the paid work day. The President of the College or his designee shall, based upon the best interest of the College, have the authority to alter or amend the regular work day for non-exempt personnel.

In the event that an employee will be required to work hours outside the default work week or in a situation deemed to be an unforeseen or emergency situation, the employee will be required to receive prior approval from their direct supervisor to modify the default weekly work schedule. In the event that a supervisor is

not able to allow for the flexibility needed to modify an employee's weekly work schedule while still ensuring that the required work duties are met, the employee will be entitled to compensatory work time for time worked outside the default work week. Supervisors will be required to properly record the number of hours worked outside the default work week which are to be considered for compensatory time on a quarter-hour basis within the electronic time keeping system. For all approved hours worked outside of the default work week, employees will receive compensatory time on an hour to hour basis for hours which are required in the normal default work week up to 40 hours. For those approved hours worked in excess of 40 hours in a workweek, employees understand and agree that they will be awarded compensatory time at a rate of 1.5 hours of compensatory time for each hour worked in excess of 40 hours in a workweek.

In the event of a College closure due to inclement weather, full-time physical plant employees, because of the nature of their responsibilities, will report to duty as assigned by the Dean of Facilities Management and Campus Operations and will be awarded compensatory time at a rate of time-and-one half.

In coordination with their supervisor, employees will make every effort to work to use compensatory time earned within the following pay period. Failure to use time earned within the next pay period will not void the time earned. An employee who has compensatory hours earned but unused at the end of the calendar year and the end of the fiscal year will be compensated at their applicable hourly rate of pay on the first payroll of the subsequent calendar and fiscal year.

In limited situations when it has been deemed to be in the best interests of the College, the President or their designee may agree to a cash payment for hours worked in excess of those included in the default work week. Employees must receive prior approval from their supervisor to work any hours outside of the default work week if the hours are going to be considered for cash payment. In the event that employees will be receiving a cash payment, overtime hours will be paid as required by the federal Fair Labor Standards Act and the Illinois Minimum Wage and Overtime Act. Employees working beyond the 37 hours defined in the default work week will be paid at a straight-time hourly rate according to the employee's current regular hourly rate of pay for hours worked between 37 hours included in the default work week -40 hours. Any hours worked in excess of 40 hours per week will be paid at an overtime rate equal to one-and-one-half (1½) times the employee's current regular straight-time hourly rate of pay.

Starting the week after Commencement, the normal work week shall consist of a 28 hour work week; this will continue through the second week before the start of Fall classes. During the week prior to the start of Fall classes, the normal work week shall consist of a 35 hour week. It is understood and agreed upon by the College and employees that this work week is the default work week and that any and all deviations from this work week have to be pre-approved by an employee's supervisor and the applicable Vice-President. Employees working beyond the 28 hours defined in the default work week will be paid at a straight-time hourly rate according to the employee's current regular hourly rate of pay for hours worked between 28 the hours included in the default work week -40 hours. Any hours worked in excess of 40 hours per week will be paid at an overtime rate equal to one-and-one-half (1½) times the employee's current regular straight-time hourly rate of pay.

This provision is intended to define the normal hours of work and to provide the basis for calculation of compensatory time and / or overtime pay. Nothing herein shall be construed as a guarantee of hours per day or per week.

This provision is not applicable for those employees whose positions are dependent upon a College contract with an outside private, county, state, or federal agency for financial support.

1. Computation of Hourly Pay – Non-exempt Personnel

Computation of straight-time hourly rate of pay for Non-exempt personnel will be made as follows:

- Annual salary = monthly salary x 12
- Annual hours = 156 days x 7½ hours per day = 1,170 hours
- 93 -days x 7 hours per day = 651 hours
- Total annual hours 1,821 hours
- Hourly rate of pay = annual salary divided by annual hours

This computation of hourly pay is intended for use only in computing overtime pay and payments for new or terminating employees between normal pay period dates.

B. Administrative and Academic Support Exempt Personnel

During the regular school year, an exempt employee shall work a 37- hour work week Meal periods are not included as part of the paid work day. Appointment of a student worker employee does not lead to continued employment from semester to semester or year to year. Student workers are not entitled to any benefits. Students desiring employment each year at Rend Lake College are required to complete the Free Application for Federal Student Aid. Exception to this requirement may be made on a case-by-case basis by the Director of Financial Aid.

PROCEDURE

Students are required to complete a Rend Lake College Student Employment Application via the online application accessible on the website. [Here](#).

During the fall and spring semesters, students will be allowed to work a maximum of twenty (20) hours per week to allow for sufficient study in all subjects. During the summer and during breaks when classes are not being held, students may work a maximum of twenty-four (24) hours per week. The number of hours to be worked per week is not guaranteed and should not be expected if the department does not have enough work demand.

Students who graduate or terminate enrollment will no longer be allowed to work effective the date of graduation or termination of enrollment. Exception will be made during the summer for students who have graduated, but will be enrolled in at least (3) credit hours during the summer semester. These students may work through the end of the summer semester.

Students who are enrolled full-time during the fall semester may work the preceding summer without being enrolled in any summer credit hours.

Students should be informed of unsatisfactory work performance and be given the opportunity to improve performance.

Student workers who drop below full-time status are required to meet with the Financial Aid in order to determine continuing work eligibility.

Student workers must maintain an overall 2.0 grade point average, which will be monitored by a designee in the Financial Aid Office.

Stipends may be awarded for performance of duties which are not included in contractual job descriptions and that are outside the scope of an employee's regular job duties. Hours worked in stipend positions are not paid on a per hour basis and do not count toward full-time status. Due to the nature of some of the duties involved with a stipend position, the Board of Trustees may choose to limit the hours worked per fiscal year for specified positions.

The Board of Trustees approves the creation of the position and the amount of the stipend. The President of the College is authorized to appoint personnel to stipend positions and at the end of the appointment period to remove personnel from such positions or terminate the positions. The President may, with Board approval, terminate a stipend position with or without cause at any time during the appointment term.

PROCEDURE

Letters of appointment to stipend positions will be issued by the President. An appointment to a stipend position is for one year or less and does not imply continuous employment. Stipends will be paid throughout the fiscal year and prorated as needed for partial years. The Board of Trustees will be provided an annual report of stipend positions and appointments at the July meeting.

3.1120 Industrial Contracts

POLICY

An industrial contract is defined as a full-time contract other than the school calendar contract. The specific number of weeks to be worked (example: 50 weeks) and the beginning and ending dates of the time period will be specified in the individual contract

PROCEDURE

The accrual of sick leave and personal leave for individuals employed as part of an industrial contract will follow Rend Lake Policy 3.1505 – [Sick Leave](#) and 3.1520 – [Personal Leave](#). Individuals employed as part of an industrial contract which is for a period of less than 50 weeks will not be entitled to vacation days.

The following conversion table is to be used to determine the daily rate of pay for employees with an industrial contract. This conversion table is intended for use only in the computation of payments for new or terminating employees between normal pay periods.

The number of days to be worked in an industrial contract is computed on the following schedule:

Months

	37 weeks = <u>167</u> days
	38 weeks = <u>172</u> days
	39 weeks = <u>176</u> days

3.1200 Evaluations of Non-Faculty Personnel POLICY

The objectives of employee assessment / appraisal are to foster a commitment to the employee's job performance and a commitment to continuing employee self-development and achievement. All full-time employees will be required to participate in this program. When circumstances warrant, an employee's supervisor may conduct an employee assessment / appraisal at any time, or subject to grant guidelines for employees working under grants.

All evaluations will be based on an employee's overall performance in relationship to their job responsibilities and will also take into account their conduct, demeanor, and record of attendance and tardiness. The following procedures are established to ensure compliance.

PROCEDURE

The supervisor will, on a continuing basis, observe the employee's performance and will communicate any concerns. A standardized evaluation and feedback tool with supporting instructions will be made available for use. If at any time during the first four months of an employee's initial probationary employment period, a supervisor feels that job performance is less than satisfactory, they may choose to formally evaluate the employee using a standardized evaluation tool and issue a remediation plan. The employee will be given at least sixty (60) days to correct any performance deficits.

The written evaluation for all personnel shall be completed by June 30th of each even numbered year, and copies of each evaluation shall be sent to the President's office or designee by August 1st. Written evaluations of grant employees shall be completed as required by any applicable grant requirements. Copies of the evaluation will be placed in the employee's personnel file

3.1205 Performance Evaluation and Tenure of Faculty Members

POLICY

The single most important responsibility of the Rend Lake College Board, faculty, and staff is to provide a quality instructional program designed to promote effective student learning. Excellence of instruction can be achieved when the College employs only fully qualified faculty members. Faculty members should be familiar with the best pedagogical approaches and work in an atmosphere where the freedom to teach and learn is encouraged.

Evaluation is properly a function and responsibility of the administration. This evaluation program is not intended to be a punitive instrument. The purpose of evaluation is to improve the learning process, to apprise instructional staff of their strengths, weaknesses, progress, and overall status, to determine the desirability of tenure when an individual is eligible, and to provide information for use in making personnel decisions in accordance with [110 ILCS 805/3B](#).

The administration has developed systematic and professional procedures for the primary purpose of assessing the quality of instruction and academic support services at Rend Lake College and to determine which instructors shall have continued employment with the College. Certain guidelines for evaluation of faculty may be set forth in an applicable Collective Bargaining Agreement.

Because tenure confers special rights and privileges on the recipient, it is the policy of the Board to extend tenure to only the most qualified individuals who are otherwise eligible. For this policy and subsequent procedures, the following definitions will apply:

- A. Faculty Member means a full-time employee of the district regularly engaged in teaching or academic support services, but shall exclude supervisors, administrators, and all office support and physical plant employees.

- B. Academic Support Services includes counseling and the Learning Resources Center.
- C. Academic Support Personnel means contractual employees including counselors and professional librarians, excluding supervisors, administrators, office support and physical plant employees.
- D. School Year means the fall and spring semesters which constitute the regular academic year and shall exclude the summer session.
- E. Term means the fall or spring semesters within a school year.
- F. Notice means a written notice delivered in person or deposited in the U.S. Mail by Certified or Registered Mail, postage prepaid, addressed to the faculty member's last known address.
- G. Tenure means continuous contractual employment unless dismissed for adequate cause or due to a decision of the Board to decrease the number of faculty members employed by the Board or to discontinue some particular type of teaching service or program.
- H. Full-Time Employment for the purposes of this tenure policy shall be defined as follows:
 1. Faculty Members: Faculty members must have an instructional load of at least thirty (30) equated semester hours per school year. An instructional load of less than thirty (30) equated semester hours per school year shall not be considered full-time employment. Faculty members on extended contract must have a proportionately higher load. See applicable Collective Bargaining Agreement.
 2. Academic Support Personnel: Academic support personnel must have a normal work week of at least 35 hours during the regular school year, i.e., the fall and spring semesters, but excluding the summer session. A normal work week of less than 35 hours per week during the regular school year shall not be considered full-time employment.
- I. Seniority means the length of continuous full-time employment since the last date of hire as a full-time faculty member. Conflicts in seniority among faculty members with the same beginning date of continuous employment shall be resolved on the basis of the earliest date on the initial contract of employment.
- J. Eligibility: Faculty members shall be eligible for tenure in accordance with the provisions of [110 ILCS 805/3 B-2](#). The Board reserves the right to extend the probationary period to four years in accordance with the Illinois Revised Statutes [110 ILCS 805/3 B-2](#).
- K.

PROCEDURE

Tenure recommendation for eligible faculty and staff members shall be initiated by the appropriate dean, director or coordinator. Recommendations shall generally be submitted in writing by February 1 (October 1 for staff members hired at the start of the spring semester) to the appropriate Vice President who in turn shall generally make recommendations by February 5 (October 5 for faculty and staff members hired at the start of the spring semester) to the President for his review and recommendation to the Board of Trustees.

The President shall generally submit any recommendations on the granting of tenure to the Board of Trustees by the second Tuesday in February (second Tuesday in October for staff members hired at the start of the spring semester). If the Board of Trustees decides to dismiss a non-tenured faculty or staff member, the Board shall generally give notice thereof to the faculty or staff member not later than sixty (60) days before the end of the school year or term, whichever is applicable. The Board may at its option, and pursuant to [3 B-2](#) of the Tenure Act extend the probationary period for one additional school year by giving the faculty or staff member notice no later than 60 days before the end of the school year or term during the school year or term immediately preceding the school year or term in which tenure would otherwise be conferred. Should the Board determine to extend the probationary period for one year, such notice must state the corrective actions which the faculty member should take to satisfactorily complete service requirements for tenure, and all provisions of [Section 3 B-2](#) of the Tenure Act shall be followed.

A list of the tenured / tenure-track individuals will be maintained by the Vice-President of Instruction & Student Affairs and will be reviewed and approved by the Rend Lake College Board of Trustees during their regularly scheduled October and February meetings.

**3.1220 Dismissal and Reduction in Force – Tenure Track Employees
POLICY**

The dismissal of a faculty member or academic support employee shall be in accordance with the provisions of [110 ILCS 805/3](#) and [805/3 B-4](#) and / or applicable Board policies and procedures. The provisions of [110 ILCS 805/3 B-5](#) shall be applicable with respect to the dismissal of a tenured faculty member or academic support personnel due to a decision by the Board of Trustees to decrease the number of faculty members and tenured academic support personnel employed by the Board of Trustees or to discontinue some particular type of teaching service or program.

PROCEDURE

A. Dismissal for Cause of Non-Tenured Faculty Member and Academic Support Personnel

A non-tenured faculty member or administrative support personnel may be terminated during the term of their appointment if there is a sufficient just cause to justify termination.

A non-tenured faculty member or academic support personnel shall be evaluated according to the terms prescribed in the collectively bargained contract. Pursuant to [110 ILCS 805/3 B-3](#), if there is a decision to dismiss (not to offer a contract) a non-tenured faculty member for the ensuing school year or term, they shall be given notice not later than sixty (60) days before the end of the school year or term.

The specific reasons for the dismissal (non-renewal of the contract for the ensuing year or term) shall be confidential but shall be issued to the employee upon request.

B. Dismissal of Full-time Tenured Faculty and Academic Support Personnel Procedure

The dismissal for cause of a tenured faculty member and tenured academic support personnel shall be in accordance with the provisions of [110 ILCS 805/3 B-4](#).

C. Reduction in Number of Faculty Members

Each tenured faculty member or academic support person who was subject to dismissal due to a reduction in the number of faculty members or academic support personnel employed by the Board of Trustees shall be given the opportunity prior to honorable dismissal to advise the Board of Trustees in writing of any position(s), if any, held by non-tenured faculty members or academic support personnel, or any other employees with less seniority, which such faculty member or academic support person believes they are competent to fill together with the documentation upon which such belief is based. It shall be the responsibility of the Board of Trustees, acting upon recommendations of the President or the President's designee, to determine whether or not the tenured faculty member or academic support personnel is, in fact, competent to render the services for the position or positions identified by the tenured faculty member or academic support person.

**3.1225 Discipline and Dismissal – Non-Tenure Track Employees
POLICY**

A. Performance Standards

In keeping with its mission of delivering high-quality education to students, the college requires high standards of performance from its employees. However, situations sometimes arise when an employee's job performance or conduct does not meet these required standards. While the college wishes to assist employees encountering difficulties, it reserves the right to terminate employees at its discretion. Non-renewal of a probationary contract may occur if the employee has been formally evaluated due to non-satisfactory job performance and has failed to correct behaviors identified in a remediation plan.

Employment at Rend Lake College is on an at-will basis and therefore either party may end the employment relationship at any time with or without cause.

B. Misconduct

The following are examples of misconduct that warrant immediate disciplinary action. These examples do not preclude the college's right to discipline, suspend or discharge employees for other causes. The college may also discipline, suspend, or discharge employees for criminal or felonious acts which occur off college property. In cases of serious misconduct, the President may immediately suspend an employee pending investigation of the incident.

While employment is "at-will", it is appropriate to state conduct that is not acceptable and which may cause an employee to be discharged. Actions which the college considers serious breaches of acceptable conduct include, but are not limited to:

- assaulting, threatening, intimidating, harassing, or coercing co-workers, students, or others;

- transporting or possessing weapons, firearms (except as permitted by concealed carry laws), fireworks, or explosives on college property;
- fighting or provoking or instigating a fight or engaging in dangerous "horseplay" which could result in injury to others or damage to property;
- insubordination or willful refusal to perform assigned duties or any type of verbal or physical abuse of a supervisor, or delay of carrying out an assignment;
- possessing or using alcohol or illegal drugs during scheduled work hours;
- reporting to work or working under the influence of alcohol or non-prescribed drugs and/or the unlawful manufacture, distribution, dispensing, possession, or use of controlled substances;
- speeding or reckless driving on college property or violating college safety rules or procedures;
- stealing, destroying, or defacing college, co-workers', or students' property or the improper or unauthorized use of college property;
- sleeping on the job;
- indecency in behavior;
- supplying false or misleading information on the employment application, personal information questionnaire, or benefits forms, or altering or falsifying any college record (e.g., attendance records, financial records, student grades, inventories, etc.);
- accepting gifts, gratuities, trips, or favors from firms, organizations (their employees or agents), or other individuals who provide goods and services to the college, or otherwise taking advantage of your position for personal gain;
- taking advantage of the office or department where you work to request or receive favored treatment or special privileges and services which are not available to other staff members at the college;
- duplicating or loaning college keys;
- absenteeism or tardiness that, in the judgment of the college, is unexcused or excessive;
- consistently using an authorized leave granted for a specific purpose for any purpose other than that for which it was granted;
- failing to report for work at the end of an authorized leave;
- disclosing confidential records or information (College or employee);
- any act of harassment, sexual, racial or other; telling sexist or racial-type jokes; making racial or ethnic slurs.

For other types of misconduct which are less serious, the employee's supervisor may, at their discretion, choose to utilize progressive disciplinary action to give the employee a chance to correct their behavior. A supervisor may with appropriate approvals, skip steps or repeat steps, depending on the circumstances, but the basic progressive disciplinary process includes:

1. Oral warning.
2. Written warning as set forth in procedure.
3. Suspension with or without pay.
4. Demotion or dismissal.

All disciplinary action resulting in suspension, demotion or dismissal must have the prior approval of the President.

Note: The College reserves the exclusive right to discontinue any position at the end of the term of the employee's employment contract.

PROCEDURE

Disciplinary action should normally take place outside of the presence of other employees.

Except for an oral reprimand, the discipline and the basis for the same should be in writing using the approved form and with the appropriate approvals; reviewed with the employee; and a copy provided to the employee as well as a copy be placed in the personnel file housed in Human Resources.

In the event that an employee wishes to dispute a disciplinary process, he/she may use the grievance procedure as found in [Policy 3.1230](#).

3.1230 Grievance Procedure

POLICY

Unless otherwise stated in the employee's contract, the following will apply. Nothing stated herein shall be construed to grant an employee the right to file a grievance based on any action taken by the Board concerning matters such as employee discipline, suspension, and dismissal.

Definition

A grievance shall mean a complaint by an employee that there has been as to him / her a misapplication or misinterpretation of this policy manual.

PROCEDURE

Informal Resolution

The parties are encouraged to resolve through informal discussions any grievances as defined herein. Such informal discussions are not to be confused as a part of the grievance procedure.

If such informal discussions do not lead to a satisfactory resolution of a grievance as defined herein, the grievance shall be processed according to the following procedure. The term "days" as used in the following procedure refers to days the College is open (i.e., when administrative offices are open), unless otherwise indicated.

First Step:

1. If the employee is unable to resolve a grievance informally, a written statement of the grievance shall be prepared, signed and delivered to the employee's immediate supervisor within ten (10) days after the first event giving rise to the grievance. The written grievance shall specify the section or sections of the Rend Lake College Policy Manual that are allegedly violated, misinterpreted, or misapplied, the full facts on which the grievance is based and the specific relief requested. The immediate supervisor will inform the appropriate Cabinet member that a grievance has been received.
2. Within five (5) days after the written grievance is submitted, a meeting shall be held with the grievant's immediate supervisor or his or her designee to resolve the grievance at a time mutually agreed to by all parties concerned.
3. The immediate supervisor or his or her designee will answer the grievance in writing within five (5) days after such meeting. Failure of the immediate supervisor to provide a written answer to the grievance within the five (5) days will be a basis for the employee taking the grievance to the second step.

Second Step:

1. If the employee is not satisfied with the First Step decision, the grievance may be referred to the appropriate Vice President or his or her designee within five (5) days after the First Step answer is provided.
2. Within five (5) days thereafter, a meeting shall be held between the employee, and the appropriate Vice President or his or her designee.

3. The appropriate Vice President or his or her designee shall deliver a written answer to the grievant in writing within five (5) days after such meeting. Failure to provide a written answer within the five (5) days after such meeting is a basis for the employee taking the grievance to the Third Step.

Third Step:

1. If the employee is not satisfied with the Second Step decision, the grievance may be referred to the President within five (5) days after the Second Step answer is provided.
2. Within ten (10) days thereafter, a meeting shall be held between the grievant, the President or his or her designee, and other appropriate administrative personnel.
3. The President or his or her designee shall deliver an answer to the grievant in writing within fifteen (15) days after such meeting. Failure to answer the grievance within the fifteen (15) days after the meeting is a basis for the employee taking the grievance to the Fourth Step.

Fourth Step:

1. If the employee is not satisfied with the decision at the Third Step, the employee may refer the grievance to the Board of Trustees within fourteen (14) days after the decision is provided at the Third Step by providing a written notice to the President. The Board, at its discretion, may discuss the grievance with the employee, or may render its decision by review of the documents and records from the previous steps. The Board shall give its written answer to the grievance within fifteen (15) working days following its review of the grievance or fifteen (15) working days following a meeting between the grievant and the Board. The answer of the Board shall be final and binding on all parties.

Time Limits

No grievance shall be entertained or processed unless it is submitted within ten (10) days after the first event giving rise to the grievance. If a grievance is not presented within the time limits set forth above, it shall be considered "waived." If a grievance is not appealed to the next step within the specified time limit or an agreed extension thereof, it shall be considered settled on the basis of the last answer. Failure at any step of this procedure to hold a meeting or communicate a decision on a grievance within the specified time limits or an agreed extension thereof shall permit the aggrieved party to treat the grievance as denied and to proceed immediately to the next step. The parties may by mutual agreement in writing extend any of the time limits set forth in this policy.

Note: This policy is limited to work created specifically for institutional purposes in the course of a person's employment with the College.

3.1235 Professional Development

POLICY

Rend Lake College recognizes that the professional growth of its employees enhances their productivity and benefits the college as well as the individual employees. The Board of Trustees therefore supports financially and encourages both on-campus and off-campus professional development activities for all full-time employees and adjunct faculty.

PROCEDURE

All full-time employees and adjunct faculty will be required to keep a log of all professional development activities completed throughout the fiscal year. At the end of each fiscal year, all full-time staff will need to send the completed Professional Development form to their supervisors for signature. All completed and signed Professional Development forms should then be forwarded to Human Resources.

All full-time faculty will be required to follow the guidelines set forth in the union contract with regard to Professional Development approval and submission for salary movement.

Workshops and Professional Meetings

Within the budget constraints of the college, employees may attend workshops and/or professional meetings related to their job assignment. All such requests are handled on an individual basis for off-campus activities, and requests must be approved in advance by the employee's immediate supervisor and/or Cabinet member. Priority will be given to requests which directly relate to institutional goals and objectives.

Approved time away from the campus is considered regular hours worked. Registration fees, meals, lodging, mileage reimbursement and/or other transportation costs will be paid according to current travel reimbursement guidelines.

Rend Lake College Courses

Rend Lake College employees may have tuition and non-course specific fees waived for Rend Lake College credit courses. Courses must be taken during an employee's non-working hours. The employee will be responsible for the cost of books, workbooks, other consumable materials and course specific fees.

In the event that the College determines that a credit course may be either necessary or beneficial for professional development purposes relating to and providing skills specific to the employee's current job, the College may waive tuition, fees, and book costs. Courses may be taken during an employee's working hours if approved by the employee's immediate supervisor and/or Cabinet member.

The College realizes the value in having skilled employees and will attempt to schedule such courses at convenient times. Employees may request a change in work schedules from their immediate supervisors in order to participate in a designated class. This approval must be received in writing prior to registering for a course.

3.1300 Conduct and Appearance

The reputation of Rend Lake College is reflected by one's attitude toward students, staff, and visitors with whom they come in daily contact. Personal conduct should be in keeping with the highest standards and ideals with which Rend Lake College is operated. Regardless of the position, it is important to remember that good manners, appropriate dress and a willing, cooperative attitude are expected as part of the job.

An individual's personal appearance on the job reflects the image of Rend Lake College. Employees are expected to care enough about themselves and their positions to be neat and well-groomed at all times on the job and at campus events. Inappropriate or unclean clothes detract from the College's image and cannot be allowed.

3.1305 English Proficiency for Faculty

POLICY

The College shall maintain a program to assess the English language proficiency of all persons providing classroom instruction to students and to ensure that English language proficiency be attained prior to providing classroom instruction to any students except those enrolled in foreign language courses.

PROCEDURE

All faculty members for whom English is the native language will be assumed to be orally proficient unless two or more student complaints concerning their proficiency are received by the administration.

A. Applicant:

1. All potential faculty members considered for employment and for whom English is not their native language shall demonstrate oral proficiency through an interview with the Dean of the department in which the applicant is to be employed.
2. No applicant will be hired that cannot demonstrate English proficiency during the interview.

B. Current Faculty Members

1. If there is a complaint or allegation that any member of the faculty who provides classroom instruction, whether employed full-time, part-time or as adjunct, is not proficient in the English language, the English proficiency of the faculty member for which the complaint has been received shall be assessed during an interview with the appropriate Dean.
2. If the faculty member is not able to demonstrate English proficiency to the interviewer, the faculty member shall not be permitted to provide classroom instruction.
 - a. If the faculty member for which the complaint has been received is non-tenured, such faculty member shall continue to be employed only so long as any existing contract may require. At the discretion of the College, such faculty member may be afforded a) a non-instructional position, if one is available; b) the opportunity to take the Test of Spoken English administered by the Educational Testing Service (ETS) and, if a score of 230 or above is attained, may be considered for return to classroom instruction.
 - b. If the faculty member for which the complaint has been received is tenured, such faculty member shall be afforded: a) a non-instructional position; and b) the opportunity to take the Test of Spoken English administered by the Educational Testing Service (ETS) and, if a score of 230 or above is attained, shall be returned to an instructional position as soon as is feasible.

If the faculty member for which the complaint has been received declines to take the Test of Spoken English, or a score of 230 or above is not attained on the Test of Spoken English within a reasonable time, the faculty member for which the complaint has been received may be suspended without pay.
 - c. Faculty members electing to take the Test of Spoken English shall assume the full cost and responsibility for such study and preparation as may be required and for ensuring that a copy of the Test results is provided to the College.
3. The Vice President of Instruction and Student Affairs shall make or approve all recommendations for actions to be taken to effect compliance with policy of the Board of Trustees and the law and regulations, if any, pertaining to the English proficiency of the classroom instructors employed by the College.

3.1310 Access to Personnel Records

POLICY

The Board of Trustees acknowledges that the maintenance, inspection and dissemination of personnel records must reflect an appropriate balance between the needs of the Board for administrative effectiveness, the employee's confidentiality and privacy, and third parties who have a legitimately verified interest in such information.

The Board of Trustees hereby states its intention to comply with the laws of Illinois concerning personnel records. All personnel records shall be maintained, inspected and disseminated in accordance with this policy and regulations for implementation of the policy, and any applicable Collective Bargaining Agreement provisions.

3.1315 Driver's License Policy

PROCEDURE

Any employee seeking a “reasonable accommodation” under the ADA should submit their request to the Human Resources Department and shall include such information as requested by Human Resources. Instructional materials, programs or any other work product (“Intellectual Property”) developed by a faculty member exclusively on the faculty member’s time and exclusively at the faculty member’s expense shall belong to the faculty member.

If the intellectual property is subject to an agreement between an external sponsor and the college that contains restrictions as to the disposition of inventions or works, the terms of the agreement take precedence over this policy. All participants in externally sponsored research are required to accept in writing the conditions in any agreement between the college and the sponsor before permitted to participate in sponsored research. In negotiating with sponsors, representatives of the college should strive to obtain the greatest latitude and rights for the individual inventor and the college consistent with the public interest and with this policy.

If the discovery is outside of the scope of this policy (that is, no funds or facilities provided or administered by the college have been used), the individual may elect to pursue the patenting of the discovery or copyrighting the intellectual material without the assistance of the college. In that event, the individual is entitled to all royalties or to other income resulting from the discovery and the college disclaims both ownership and responsibility pertaining to any such inventions or copyrightable materials.

Any person who creates an invention or creates copyrightable material covered by this policy shall promptly disclose the same to the President’s office. The college and the employee are entitled to shared ownership

when the discovery or creation was made in part with funds or facilities provided or administered by the college and the employee. If the college determines not to pursue the patent or copyright, the employee may proceed to do so; however, the college's name, trademarks, and service marks may not be used in the marketing of the intellectual property. The President shall notify the employee of the college's decision to seek or not seek a patent/copyright as soon as possible after submission of the intellectual property to the President's office.

Income from intellectual properties developed by the employee exclusively on college time and exclusively at college expense shall belong to the college.

Profits from all intellectual properties with shared ownership or works covered by this agreement will be distributed on a quarterly basis as follows:

A. 50% of any profit will be distributed to the employee with an equal share to the college.

In no event shall video or audio tapes or recordings of a faculty member's lecture, performance or presentation be made or used by the College without the consent of the faculty member.

In the event of a dispute arising under this policy, including, without limitation, the ownership of intellectual property or allocation of royalties, the college shall arrange for arbitration of the dispute following the rules of the American Arbitration Association.

2. Assignment – Any person to whom this policy is applicable, shall, upon request, assign all invention and patent rights, or copyrights, to the College.

This documentation will be forwarded to the Athletic Department within 24 hours of the incident/accident.

In the event that the athletic trainer feels that an ambulance is needed, the Rend Lake College Police Department will be contacted immediately to assist. 3.1400 Family and Medical Leave Act

POLICY

This policy incorporates rights and obligations guaranteed by the [Family and Medical Leave Act | U.S. Department of Labor \(dol.gov\)](#) (“FMLA”).

Employees who have worked at least one year and at least 1,000 hours in the past 12 months, are eligible for up to a total of 12 work weeks of leave during any 12-month period for specific circumstances defined below. The 12-month period will be measured from the start of a leave. For example: An employee begins an FMLA leave on June 10, 2000. The employee can take a total of 12 weeks of FMLA leave during the 12-month time period from June 10, 2000, to June 9, 2001.

Twelve workweeks of leave in a 12-month period for:

- The birth of a child and to care for the newborn child within one year of birth;
- The placement with the employee of a child for adoption or foster care and to care for the newly placed child within one year of placement;
- To care for the employee’s spouse, child, or parent who has a serious health condition;
- a serious health condition that makes the employee unable to perform the essential functions of his or her job;
- Any qualifying exigency arising out of the fact that the employee’s spouse, son, daughter, or parent is a covered military member on “covered active duty;” or
- Twenty-six workweeks of leave during a single 12-month period to care for a covered servicemember with a serious injury or illness if the eligible employee is the servicemember’s spouse, son, daughter, parent, or next of kin (military caregiver leave).

Spouse, as defined in the statute, means a husband or wife. For purposes of this definition, husband or wife refers to the other person with whom an individual entered into marriage as defined or recognized under state law for purposes of marriage in the State in which the marriage was entered into or, in the case of a marriage entered into outside of any State, if the marriage is valid in the place where entered into and could have been entered into in at least one State. This definition includes an individual in a same-sex or common law marriage that either (1) was entered into in a State that recognizes such marriages; or (2) if entered into outside of any State, is valid in the place where entered into and could have been entered into in at least one State.

Parent means a biological, adoptive, step or foster father or mother, or any other individual who stood in loco parentis to the employee when the employee was a son or daughter as defined below. This term does not include parents “in law.”

Son or daughter means a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis, who is either under age 18, or age 18 or older and incapable of self-care because of a mental or physical disability at the time that FMLA leave is to commence. Leave for birth or placement of a child must be taken within one year of the date of birth or placement.

Spouses who work for the same employer are jointly entitled to a combined total of 12 weeks when leave is taken for reasons other than his or her own serious health condition.

A serious health condition means an illness, injury, impairment, or physical or mental condition that involves one of the following:

- Any period of incapacity or treatment connected with inpatient (overnight) care in a hospital, hospice or residential medical-care facility, and any additional treatment in connection with that inpatient care;
- A health condition (including treatment or recovery) lasting more than three consecutive days and any later treatment or incapacity (absence from work) relating to the same condition that also includes treatment two or more times by a health care provider with a continuing regimen of treatment;
- Pregnancy or prenatal care; **Public Act 098-1050**

Intermittent leave can be taken whenever medically necessary for a serious health condition. The employee can be requested to schedule planned medical treatment so as not to unduly disrupt the employer's workplace. Employees may take leave intermittently for the birth of a child or the placement of a child for adoption or foster care only with the consent of the Board of Trustees.

Leave taken under this provision will be unpaid. The College will require FMLA leave to be taken concurrently with paid leave in any case where the employee qualifies for FMLA leave, subject to applicable law.

Leave under the FMLA:	Accrued paid leave that will be taken concurrently
Birth, adoption, foster care	Vacation, personal, sick
Care for a family member	Vacation, personal, sick
Employee's serious health condition	Vacation, personal, sick

Other types of leave that will be taken concurrently with FMLA leave are workers' compensation, leaves of absence, and disability leaves of absence.

If an employee normally pays a portion of the premium for group health insurance, for group disability insurance, and for group life insurance, the employee will be responsible for these payments during the period of FMLA leave. Arrangements for payments will be established between the College and the employee. The College will continue to pay its share of an employee's group health insurance and group life insurance premiums, if any, during the employee's FMLA leave.

Upon returning to work, the employee will be restored to his or her former position or a position with equivalent pay, benefits, and other terms and conditions of employment. Restored employees are not entitled to accrual of seniority or employee benefits (i.e. vacation/sick leave accruals) during any period of unpaid leave.

If it is determined that an employee is a "key" employee, he / she will be notified in the "Response to Request FMLA" provided by Human Resources. A "key" employee is a salaried eligible employee who is

among the highest paid 10 percent of the employees employed by the employer within 75 miles of the facility at which the employee is employed. If the employee is a “key” employee, then restoration to employment may be denied following FMLA leave on the grounds that such restoration will cause substantial and grievous economic injury to the College. The employee will be notified if restoration will cause substantial and economic harm in the “Response to Request FMLA” provided by Human Resources. The employee will be given a reasonable opportunity to return to work if this determination is made.

If the employee does not return to work following FMLA leave for a reason other than (1) the continuation, recurrence, or onset of a serious health condition which would entitle the employee to FMLA leave; or (2) other circumstances beyond their control, the employee may be required to reimburse the College for the insurance premiums paid on the employee’s behalf during their FMLA leave.

PROCEDURE

When leave is foreseeable, the employee must notify his / her immediate supervisor 30 days before the date the leave is to begin if the leave will require an absence of more than three consecutive work days. If the leave is not foreseeable, notice must be made as soon as reasonably possible. The immediate supervisor will notify the Human Resources Specialist within 48 hours of this request. Human Resources will provide the supervisor with the appropriate paper work to be completed by the employee and their physician. The employee must return the “Request for FMLA” form to Human Resources within 48 hours of receipt of the form. Human Resources will return the form, “Response to Request for FMLA” to the employee within 48 hours of receiving the request.

If the request is for a serious health condition, then the employee may be required to furnish a medical certification form, “Physician Certification for Family or Medical Leave,” within 15 calendar days after being notified of this requirement. The employee’s leave may be delayed until certification is submitted. Failure to provide certification may result in the employee’s leave request being denied.

If the circumstances of the employee’s leave change, enabling them to return to work earlier than the date specified, the employee will be required to notify their immediate supervisor at least two working days before the employee intends to return to work.

The employee that is on FMLA for a personal serious health condition will be required to present a fitness-for-duty certificate before returning to work to Human Resources. The certification need only be a simple statement of the employee’s ability to return to work, and should apply only to the condition for which the employee took the leave. The employee’s return will be delayed until certification is provided.

3.1405 Victims’ Economic Security and Safety Act

POLICY

The Victims' Economic Security and Safety Act (known as "VESSA") [820 ILCS 180](#) provides an employee who is a victim of domestic violence, or who has a family or household member who is a victim of domestic violence, with up to twelve (12) weeks of unpaid leave per any twelve (12) month period to address issues arising from domestic or sexual violence.

An employee may take VESSA leave to:

- Seek medical attention for, or recovery from, physical or psychological injuries caused by domestic, sexual, or gender violence to the employee or employee's family or household member;

In the event that a family or household member is killed in a crime of violence, an employee may take VESSA leave for the following three (3) reasons:

- Attend the funeral or alternative
- Make arrangements necessitated by the death
- Grieve the death

Leave for these three (3) reasons is limited to two (2) work weeks, and it must be completed within 60 days of when the employee learns about the death

VESSA leave may be taken intermittently or on a reduced work schedule.

PROCEDURE

The employee shall provide the employer with at least 48 hour's advance notice of the employee's intention to take leave, except in such cases where it is not practicable to provide such notice. If an unscheduled absence occurs, the employer may not take action against the employee if the employee provides certification within a reasonable period after the absence.

The College may require certification that VESSA leave is to be taken for one of the purposes enumerated above and that the employee or employee's family or household member is a victim of domestic, sexual, or gender violence. An employee may satisfy such a certification requirement by providing a sworn statement of the employee and:

- Documentation from a victim services organization, attorney, member of the clergy, or medical or other professional from whom the employee or the employee's family or household member has sought assistance;
- A police or court record; or
- Other corroborating evidence.

The College must maintain the confidentiality of all information pertaining to the use of VESSA leave, notice of an employee's intention to take VESSA leave, and certification provided by the employee.

3.1410 Disability

POLICY

In case a full-time employee of the College currently eligible for leave benefits under the Family Medical Leave Act becomes temporarily disabled by reason of a non-work related illness, injury or pregnancy (Public Act 098-1050), uses all accumulated sick leave, and is granted a State Universities Retirement System (SURS) disability leave, the employee will be eligible for continued health insurance coverage according to the provisions under the Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1985. After benefits under the Family Medical Leave have been exhausted, the employee will be responsible for payment of the health insurance premium under the provisions of COBRA. The disability leave shall be inclusive of any leave under the federal Family and Medical Leave Act (FMLA), except as otherwise required by law.

The current SURS policy states that disability leave will not go into effect until the longer of: the 60-day elimination period or until sick leave balances have been exhausted.

When the employee becomes eligible for SURS disability leave, the employee will be placed on inactive status. The inactive status will end upon the earlier of the following:

- A. The employee returns to work and is able to perform the essential functions of their position with or without reasonable accommodation; or
- B. Twelve (12) months have elapsed since the date that the disability leave began. No leave for disability shall extend longer than twelve (12) months, unless expressly authorized by the Board of Trustees of the College in a specific instance.

Employees on a disability leave under this procedure may be temporarily replaced. Employees hired to temporarily replace employees on disability shall be subject to layoff or termination without cause upon the return to work of the employee who was on disability. If an employee on a disability leave does not return to work after being continuously absent from his duties for twelve (12) months, the employment relationship shall be terminated for all purposes.

PROCEDURE

Where possible, requests for disability leave shall be made to the Board at least 90 days prior to the expected date of the leave. The College reserves the right to require, at any time, medical certification of disability or request that the employee be examined, at College expense, by a physician or other health care professional designated by the College to determine if the employee is capable of performing their essential job duties.

Where possible, the College President should be given written notification at least sixty (60) days prior to the date on which the employee will return to work, or notice as far in advance as possible in a specific instance.

3.1415 Light Duty

POLICY

Introduction

The purpose of this Policy is to clarify the conditions under which the College will place an employee on light duty, and to provide guidance to the departments for administering the policy consistently. The employee is responsible for informing all health care providers of the College's light duty policy.

Scope of the Policy

This policy will apply to all full-time and part-time employees who have a temporary disabling injury arising from a work-related accident, complications from pregnancy or an illness resulting from a work-related occupational disease which temporarily prohibits them from performing full job duties, or meeting the essential job functions of the position. Employees with chronic or permanent disabilities are excluded from this policy and should instead request a reasonable accommodation in accordance with the American with Disabilities Act Amendments Act of 2008. The assignment of light duty is discretionary and not a right.

Responsibility for the Policy

The Human Resources Department is responsible for monitoring the administration of this policy. All requests for light duty assignments must include the physical or medical restrictions; which will be reviewed by the immediate supervisor, Human Resources and the President's Executive Leadership Team. The

immediate supervisor, Human Resources and the President's Executive Leadership Team will determine the availability of assignments and monitor the employee's progress in returning to full duty.

Definition of Light Duty

Light duty is defined as temporary work which can be accomplished by the employee with a work-related injury (and/or occupational disease) working within the stipulated medical or physical limitations and without exposing others to the risk of being harmed. Light duty is further defined as temporary work (not to exceed ninety (90) days) which, when accomplished, will contribute to the fulfillment of the mission of the department as distinguished from "make work" assignments created solely to accommodate ill or injured employees.

Physical Conditions of the Employee

The College will consider providing an employee light duty work for reasons including but not limited to the following:

- A. To assist an employee in recuperating from a temporary work-related illness or work-related injury by reintroducing them gradually to the demands of full duty work.
- B. To avoid placing a temporarily disabled employee in positions that may aggravate the existing injury or illness or risk harm to themselves, co-workers or to other persons or property, by assigning them work they can perform within the restrictions of the treating health care provider.
- C. To conserve resources by having a recuperating employee accomplish meaningful work that is otherwise performed by the regular work force.
- D. To assist in determining an employee's fitness for duty.

No "Make Work" Assignments

Based on the aforementioned objectives, there is no intention of creating "make work" assignments for any employee, regardless of the employee's physical condition, disability or illness. Employees assigned to light duty are placed in full pay status and expected to perform a fair day's work in a function that substantially contributes to the mission of the College.

Availability of Light Duty Work

There is no right to light duty work and no employee will be removed from a College job to make light duty work available for a recuperating employee. The availability of light duty assignments may limit the number of individuals who can perform such work at any given time. Finally, there may be instances where light duty is not available.

No Permanent Light Duty Assignment

All light duty assignments are temporary in nature and shall not exceed ninety days. Light duty work is temporary in nature and will not be made permanent. Light duty may be denied if injured employees do not have a reasonable expectation of being able to perform the essential functions of the employee's position with or without reasonable accommodation. In all events, light duty shall terminate after ninety (90) days of light duty assignment by the employee. At the expiration of ninety (90) days, the employee must either be able to return to full duty and perform the essential functions of his or her position or request a reasonable accommodation in accordance with the American with Disabilities Act of 2008.

Case-by-Case Consideration

Each case of eligibility for a light duty assignment is considered independently of any other past or present assignments. Thus, the circumstances of each case, the needs of the College, the availability of assignments, and the nature of the work shall determine an assignment being made.

PROCEDURE

The procedure for assigning an employee to a light duty assignment is as follows:

- A. **Fitness for Duty Report:** Employees recuperating from a work-related injury or work-related illness, and who are unable to perform essential job functions, (with or without reasonable accommodations) shall have the treating health care provider complete a *Fitness for Duty Report*. The employee's health care provider shall review the position description applicable to the employee's job prior to completing the *Fitness for Duty Report*. It is the responsibility of the employee to inform all health care providers of the College's light duty policy.
- B. **Identification of Light Duty Work:** The employee shall submit the *Fitness for Duty Report* to Human Resources who will then consult with the appropriate personnel to identify light duty work that is compatible with the employee's restriction(s) and the duration of the light duty assignment, as determined by the health care provider.
- C. **Expiration of Assignment:** When the light duty assignment expires as stated on the *Fitness for Duty Report*, the employee cannot continue to work. No light duty assignment may exceed ninety (90) days.

Loss or Forfeiture of Workers' Compensation Benefits

Subject to any determination of an arbitrator adjudicating the employee's worker compensation benefits, an employee shall lose or forfeit the worker's compensation benefits if the worker chooses to do either of the following:

- A. The employee fails to notify the College of the employee's release for light duty by the employee's treating health care provider.
- B. The employee is released for light duty but refuses the light duty assignment.

3.1420 Return to Work Certification

POLICY

Whenever an employee returns to work following an absence resulting from a serious health issue, the Human Resources Department may request a written physician's or written statement from a licensed physician or other licensed medical authority, indicating that the employee may return to assigned duties. This medical statement is to be presented to the Human Resource Department prior to returning to the individual's assigned work station or department.

In the event that the College requires further evaluation of the employee's ability to perform essential functions of their employment position, the College will place full-time employees on paid leave until further certification of ability to perform essential job functions is received from a licensed medical authority of its own choosing.

In the event that the College requires further evaluation of a part-time hourly employee's ability to perform essential job functions, the College will allow the employee to receive this additional certification during work time prior to their return at a facility selected by the College. The time for which an employee will be paid for the completion of the evaluation will be limited to two (2) hours.

Exceptions to this policy must have the approval of the President. The College is not precluded from requesting an opinion from a licensed medical authority of its own choosing (and at the College's expense) without regard to the number of days of sick leave taken, if any.

3.1425 Worker's Compensation

POLICY

In the event a full-time employee misses work due to a worker's compensation injury or illness, the College will allow the employee to continue to be paid their full base salary for the first three consecutive work days (beginning the day following report of the accident or illness) by charging the employee for three sick days if available. After these three days, the College will no longer pay the employee's salary. The employee will be reimbursed by the College's worker's compensation provider and no sick days will be charged. If the injury or illness continues for 14 or more calendar days, the worker's compensation provider will reimburse the employee for those first three days of work missed. The employee must submit reimbursement to the College for the full salary amount paid by the College. The employee will then regain their sick days taken.

In the event the College has paid the employee past the first three days (or during a period of time that is later determined that the worker's compensation carrier will reimburse), the employee will be responsible for returning their salary payments paid by the College and any sick days charged will be regained. Please note that the salary payments are more than the amount the worker's compensation carrier will reimburse. Worker's compensation only covers a percentage, not the full amount of an employee's salary.

PROCEDURE

Any accident or injury an employee sustains at their work site must be reported to their supervisor. Even if no medical treatment is necessary an incident must be reported. An accident report must be completed by the employee and their supervisor. Within forty-eight (48) hours following the accident, the employee is encouraged to meet with the Human Resources Department. This meeting will serve as an information-gathering interview so that the College can act as a liaison between the employee and the College's worker's compensation provider. The employee is advised to bring their accident report to the meeting to aid in completing the First Report of Injury Report which is required by worker's compensation to file a claim.

3.1500 Vacation

POLICY

A. Administrative, Office Support, Physical Plant, and Academic Support Personnel on a Fiscal Year Contract and 50-week Industrial Contracts

Administrative, Office Support, Physical Plant and Academic Support personnel on a fiscal year (twelve month) contract shall be entitled to annual vacation allowance per fiscal year per the following:

A senior citizen is defined as a person sixty (60) years of age or older. Senior citizens may be charged a fee of \$50 or more for repeating classes more than credit can be claimed.

4.1125 Charge Back and Joint Agreements Policy

POLICY

Individuals who want to enroll in an Associate in Applied Science degree or certificate program not offered by their own community college or through the Joint Instructional Program Agreements may apply for a chargeback, which is financial assistance with the out-of-district portion of the tuition.

Rend Lake College district residents who desire a degree or certificate not offered by Rend Lake College may apply for chargeback tuition if they attend another public community college in Illinois that offers the program.

4.1200 Conduct

POLICY

The Board, faculty, and administration will set forth rules for student conduct which are to be approved by the Board of Trustees and published in the [Student Handbook](#).

4.1205 Civil and Criminal Violations

POLICY

When an employee or student has been apprehended for violation of the law, the College will not request or agree to special consideration for the individual because of his / her status with the College. The College will cooperate fully with law enforcement and other agencies and any program for rehabilitation of the individual.

Except for inappropriate conduct on the campus, at a College-sponsored event, or in a setting where the College has a contractual arrangement for education, housing or transportation, the College will not ordinarily impose further sanctions after law enforcement agencies, including any judicial systems, have disposed of the case. Even so, College officials have the right to initiate disciplinary action if the conduct has interfered with its educational functions or the responsibilities to the College community.

4.1210 Alcohol and Drug Policy

POLICY

Rend Lake College is committed to a drug and alcohol free educational environment. Therefore, the Board prohibits the use, illegal possession, sale, distribution or transfer of alcohol or illegal drugs on College premises or property owned or supervised by Rend Lake College. The Board also prohibits the use and possession of alcohol, illegal drugs and the abuse of legal drugs in any manner which impairs a student's ability to safely and effectively attend class or participate in school activities.

Recognizing that certain educational programs and/or activities expose students, participants, faculty, staff and observers to a greater risk of injury due to the nature of the activity, the Board authorizes the Administration and its designees the right to randomly test students/participants enrolled in such programs for the illegal use of any controlled substance or the use of legal substances impairing the ability of the student/participant to perform an activity or participate in any College sponsored event. In addition, the Board authorizes the Administration and its designees the right to remove any individual who appears to be under the influence of any controlled substance (drugs and/or alcohol) or who appears to be unduly under the influence of any legal drug impairing the immediate safety of the said individual or others participating in a College activity or while on College premises.

Certain fields of study require practical experiences which should be practiced without impaired judgement from drug or alcohol use. All students in health care and other required programs must pass a drug screening test before entering their practicum/clinical/externship as well as be subject to random testing throughout their program. Students may also be tested should there be reasonable suspicion that illegal use of any controlled substance (drugs and/or alcohol) or the abuse of legal drugs has occurred in such a manner in which an individual's ability to participate safely in an activity has been compromised or has comprised others attending or participating in the activity or on the College premises. A reasonable suspicion referral for testing will be made on the basis of documented objective facts and circumstances that are consistent with short term effects of substance abuse.

Clinical agencies and other industry partners affiliated with the college also have drug and alcohol policies and may require students to comply with their drug testing policies in a similar manner to their employees during their practicum/clinical/externship. Safety in the delivery of care to patient/client populations as well as in the general workplace is the basis for drug testing. Clinical sites and industry partners have the right to refuse any student for practicum/clinical/externship based on concerns about student's ability to deliver safe practice.

By enrolling in such educational programs deemed by the administration to require drug testing or participation in extracurricular activities, students agree to participate in the drug screening program.

PROCEDURE

A. Allied Health Students and Other Required Screen Programs:

1. Each student is subject to drug screening at the time and place designated by Rend Lake College. For students with practicum/clinical/externship, the screening shall take place prior to beginning said practicum/clinical/externship.
2. The student shall immediately submit themselves for a drug screen upon being notified by a Rend Lake College representative at the place designated by said representative.

3. Immediately shall mean the student will not leave the sight of either the Rend Lake College representative or medical personnel conducting said screen until the screen is completed.

B. Reasonable Suspicion

1. Any student who has been advised that reasonable suspicion exists for a drug screen shall immediately submit themselves for a drug screen upon being notified by a Rend Lake College representative at the place designated by said representative.
2. Immediately shall mean the student will not leave the sight of either the Rend Lake College representative or medical personnel conducting said screen until the screen is completed.
3. Reasonable suspicion includes but is not limited to actions by student which places themselves or others on campus in any dangerous situation or in danger of injuring themselves or others.

C. Random Screenings

 2. Upon selection, the student will be notified by a Rend Lake College representative and student/athlete shall immediately submit themselves for a drug screen upon being notified by a Rend Lake College representative at the place designated by said representative.
 3. Immediately shall mean the student will not leave the sight of either the Rend Lake College representative or medical personnel conducting said screen until the screen is completed.
- D. The drug screening shall be conducted by a qualified laboratory using regularly established procedures for collecting and testing samples by the healthcare field.

ACTIONS FOR RESULTS:

Negative Screen: No action taken.

Positive Screen: Student will be dismissed from the academic or athletic program.

Diluted Screen: Student will be allowed one retest at a time designated by a school official. If the second test comes back diluted or positive, the student will be dismissed from the academic or athletic program.

Adulterated Screen: Student will be dismissed from the college.

Substituted Screen: Student will be dismissed from the college.

Failure to Submit/Complete Drug Screen: Student will be dismissed from the academic or athletic program. (Example: leaving campus when contacted to present for drug testing).

Shy Bladder: If a student is unable to provide a specimen at the time of testing, the student will be given 1.5 hours and allowed up to 40 ounces of fluid to drink. After 1.5 hours if the student fails to submit a specimen, the student will be required to take a non-urine based test. The extra cost of this test must be paid by the student and cannot be charged to the student's account.

If a screening tests positive for prescription drugs, a Medical Review Officer for the lab services will contact the student for more information. The Medical Review Officer may request that the student provide valid physician prescriptions and/or copies of medical records substantiating the prescribed medication and manner of dosage.

If the Medical Review Officer finds the prescribed drugs are being taken as prescribed, it will be considered a negative screen. If the Medical Review Officer finds the prescription is not valid or the drugs are being taken in a manner different from the prescription, or if the student fails to cooperate with the Medical Review Officer's request for proper medical documentation, it will be considered a positive screen and appropriate action will be taken.

Assistance for Addiction

Rend Lake College recognizes that addiction is a disease that takes assistance to overcome. Rend Lake College encourages any student facing drug or alcohol addiction to receive professional help. There are numerous treatment centers in the state of Illinois. For assistance in locating a treatment center, students

will be directed to contact RLCares or the advisement department. Rend Lake College is not responsible for any costs related to treatment.

Re-Admission after Positive Drug Screening

Any student who is dismissed for a positive drug screening may reapply for admission after six months. However, the student must present proof of attendance in a drug/alcohol rehabilitation program prior to re-applying for subsequent semesters. Signed documentation of treatment by a substance abuse professional is required as proof of treatment. The student must also have a negative drug screen prior to re-enrollment. The student must complete negative drug screenings at least once every six months until graduation. A second violation of the drug policy will result in permanent dismissal from Rend Lake College. Readmission to programs and extracurricular activities will be at the discretion of college officials after review of all pertinent information.

POLICY

Rend Lake College shall have the right to perform criminal background checks on students prior to acceptance into, or participation in, certain programs that may require participation in a practicum experience in the field with certain populations (children and / or hospital patients, or as otherwise mandated by external agencies in accordance with State and Federal law). Any disagreement regarding the hearing officer will be resolved by the appropriate Dean.

The student shall have the right to attend the hearing, to be advised by an individual of his/her choice at his/her own expense, including an attorney, and to call witnesses in his/her behalf. The student shall be notified in writing of the decision within ten (10) days following the hearing or within five (5) days of a decision without a hearing. Such decision is final. The decision reached shall be based solely upon the evidence presented at the hearing and shall include a summary of the evidence and reasons for the decision.

(Note: A hearing may not be requested by a student to contest the assignment of a grade; however, a hearing may be requested to contest whether or not the assigned grade was recorded accurately in the education records of the student.)

G. Destruction of Records

1. The College may destroy education records when they are no longer necessary, with the following limitations:
 - a. Education records may not be destroyed if there is an outstanding request to inspect and review them.
 - b. Explanations placed in the record by the student and the record of disclosure of information must be maintained as long as the education record to which it pertains is maintained.
2. Right to File Complaints
 - a. If the student thinks his or her rights have been violated, he or she should first file a complaint with the head of the office which maintains the records in question.
 - b. After exhausting all the internal remedies available within the College, if the student still thinks his or her rights have been violated, written complaints can be filed with:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, S.W.
Washington, D.C. 20202-4605

The office shall notify the complainant and the College of the receipt of the complaint and an investigation will follow.

PROCEDURE

4.1410 Grade Forgiveness

POLICY

Students may petition for a one-time forgiveness of up to two consecutive semesters of prior Rend Lake College grades in accordance with the following guidelines: Student must not have attended any College and / or any other postsecondary institution for a minimum of 4 years.

PROCEDURE

- When returning to the College and prior to applying for grade forgiveness, the student must enroll in and complete a minimum of 15 consecutive hours of certificate or degree program courses and earn a C or better in each course.
- Forgiven grades remain on the student’s record but are not computed in the student’s grade point average for academic purposes.
- Forgiven grades are counted for financial aid eligibility according to the guidelines of satisfactory academic progress.
- The forgiveness policy applies to a complete semester of courses and includes all courses taken in that semester.
- No course(s) in the semester(s) forgiven can be used to meet graduation requirements.
- Student loses any educational guarantees for the forgiven courses.
- The College accepts no responsibility for the ways in which a transfer College or university or an employer might interpret a student’s use of the forgiveness policy.

- Graduates cannot use the forgiveness policy for any semester(s) of courses that were used to obtain a certificate or a degree from Rend Lake College.
- Forgiveness is a one-time event and it is irrevocable.
- In consultation with the Vice President of Student Services or a designee, the student must sign a declaration of understanding if the petition for forgiveness is granted.

4.1415 Financial Aid and Academic Progress POLICY

It is the responsibility of the Administration to develop a financial aid and academic progress policy and place it in the College catalog which may be amended from time to time.

PROCEDURE

Information about types of financial aid, satisfactory academic progress and related matters is contained in the Rend Lake College Catalog, available at www.rlc.edu and at the Student Records Office.

4.1416 Microscholarships

POLICY

The Rend Lake College Microscholarship program allows students in 3rd through 12th grades at schools within Rend Lake College's district to earn points which can be used as credit toward tuition, fees, books and supplies upon matriculation to RLC (an exception will be made for dual enrollment students).

PROCEDURE

Parents may register their students on the microscholarship website. Parents and students will update their point totals each quarter via a form to be made available periodically. Points may be earned through a variety of curricular, extracurricular, and community activities throughout the eligible grades.

The points earned by any student are capped at an aggregate of 2,000 points. These points will be applied as "last dollar" credit after all other forms of financial aid have been applied to the student's account. The points will be divided between semesters. The credit is non-transferable and non-refundable. Any exceptions to the above policy and procedures must be approved by the appropriate member of the President's Executive Leadership Team.

The college will periodically check for accuracy of submitted point forms and may occasionally audit as needed or appropriate. Any form found to be fraudulent or containing misrepresentations of activities and points earned could result in penalties including but not limited to reduction of points, a reset of all points to zero, or complete removal and exclusion from the program.

The college reserves the right to make alterations to this program as needed, and to inform enrollees of any changes made.

4.1420 Variation from Class / Program Requirements POLICY

Students requesting a variation from a class requirement or course program because of a physical handicap or health-related reason must provide the Disability Access Services Coordinator advance documentation by a recognized medical authority supporting the reasons for the variation. The documentation should specify any limitations on the student and describe the potential consequences of the failure to grant the variation in detail. The College may require the student to obtain the above information from a medical authority of the College's choosing in addition to or in place of the documentation described above.

PROCEDURE

The College reserves the right to suspend the student from class(es) until such documentation as described has been provided. The College also reserves the right to withdraw a student from a specific program if no reasonable variations are possible. Final approval rests with the appropriate dean.

4.1425 Graduation Requirements

POLICY

Graduation requirements shall be developed by the Administration and approved by the Board of Trustees, and set forth in the College catalog which may be amended from time to time. The College catalog does not create a contract and the Board of Trustees reserves the right to amend the said publication.

4.1430 Degree Revocation

POLICY

Academic integrity rests with all members of the college community, and academic decisions are based upon trust between faculty and students. The college's award of academic credit and degrees is its certification of student achievement. If the students acquire their academic credentials by deceit, fraud, misrepresentation or the dishonest act of others, they deceive not only the college but also those who may eventually rely upon the knowledge and integrity of its graduates. Such misconduct may not be discovered until the student has left the college or received a degree. In such instances, the college reserves the right to decertify credit (either in whole or in part), revoke grade(s) or degree(s) and rescind any Rend Lake College certification that warrants that the student successfully completed course work or requirements for a degree. Decisions to take such actions will be made only after careful consideration of all the available evidence.

PROCEDURE

1. Upon receipt of a charge that a degree recipient improperly completed or failed to complete the course work or requirements for a degree at Rend Lake College, the Vice President of Academic and Student Services shall convene an investigatory panel including at least three faculty members, the Vice President of Academic and Student Services or the Vice President of CTE and Student Support and one Dean.
 - 1.1 This panel shall be charged by the President to hear the case and determine whether the degree recipient improperly completed or failed to complete the course work or requirements for a degree.
 - 1.1 The degree recipient shall be notified of the investigation.
 - 1.2 The degree recipient shall be afforded 15 calendar days from notification of the investigation to supply any material appropriate to the charge to the panel.
 - 1.3 The panel may obtain any material relevant to the investigation. All Rend Lake College departments and offices shall cooperate with the panel.
 - 1.4 The degree recipient shall have the right to have an advisor present, who may be an attorney, to participate in the hearing. Any cost incurred shall be the responsibility of the degree recipient. In the event that the degree recipient is represented by an advisor, the college may also be represented by counsel who may also participate in the hearing. Any expense incurred by the college shall be the responsibility of the degree recipient.
 - 1.5 The formal rules of evidence shall not apply to the proceedings. Any participant who becomes disruptive or engages in harassment may be asked to leave the hearing.
 - 1.6 The panel, at its discretion, may conduct a pre-hearing conference with the degree recipient. The degree recipient may be accompanied by an advisor.
 - 1.7 The Vice President of Academic and Student Services shall present the charge at the hearing.
 - 1.8 The degree recipient shall be afforded an opportunity to present any and all relevant evidence, including relevant witnesses, and cross-examine any witnesses presented by the Vice President of Academic and Student Services. The panel members may question the witnesses. Opening and closing statements will be allowed in this order: the degree recipient, the advisor to the degree recipient, the Vice President of Academic and Student Services and the college's legal counsel.

- 1.9 The panel will provide for the hearing to be recorded by tape recorder and / or stenographer. A copy of the recording shall be provided to the degree recipient or the advisor, at their expense, upon request.
- 1.10 After hearing the case, the panel shall render a decision regarding the allegation. If the panel finds by the greater weight of the evidence that the degree recipient engaged in misconduct concerning the degree, certification or course work, the panel shall recommend an appropriate sanction to the President.
- 1.11 Sanctions may include revocation of grade(s), the degree(s), decertification of credit and / or rescission of certification.
2. If the panel finds against the degree recipient, the degree recipient may file an appeal to the President within 15 calendar days of the panel's decision.
- 2.1 Appeals must be in writing and include the degree recipient's valid mailing address and telephone number. The Vice President of Academic and Student Services will be afforded an opportunity to respond to the appeal in writing. A copy of the response will be made available to the degree recipient.
- 2.2 The only grounds for appeal are errors of due process, findings of facts not supported by the greater weight of the evidence, or discovery of substantial new facts not available at the time of the hearing.
- 2.3 The President shall consider the appeal prior to acting upon the recommendation of the hearing panel. If no appeal is made within the 15 calendar day requirement or if the appeal is denied, the President shall then act upon the panel's findings and recommendation.
- 2.4 In reaching a decision, the President may review all or any part of the proceedings and shall make a recommendation to the Board of Trustees for approval.
- 2.5 If the recommendation to revoke a degree is approved by the Board of Trustees, the degree recipient's official transcript will be corrected to reflect the sanction. A corrected transcript will be forwarded to all individuals and entities who were sent an official transcript after the degree was initially posted to the transcript.
- 2.6 If at any time during the proceedings the responsible body or person finds in favor of the degree recipient, the charge will be dropped and no further record shall be made. All documents collected in reference to the charge will be sealed.

4.1435 Posthumous Degree

POLICY

A posthumous degree may be granted in the event of the death of a currently enrolled student who has completed a minimum of 75% of the course work required for their degree with a minimum GPA of 2.0.

4.1440 Student Attendance in Class

POLICY

Students are expected to attend and actively participate in classroom and lab sessions of each class in which they are enrolled. When a student is absent for reasons of illness or emergency, he or she is responsible for course work missed and should consult with the instructor prior to the next class meeting following the absence. Each instructor sets his / her own attendance policy. It is the responsibility of the student to be aware of the attendance policy for each class and the ramifications of non-attendance as it relates to financial aid. Rend Lake College does not have a "leave of absence" policy. Students who have unforeseen circumstances which inhibit them from attending classes should work with their instructors to determine if an Incomplete is an option for a completion extension.

PROCEDURE

Every faculty member must establish an attendance policy which shall be made a part of the course syllabus. Faculty are required to electronically sign and submit 10th day, midterm, 12th week, and final class lists to Student Records within the allotted timeframe. A student may be counted as present and attending a course at midterm if the student is actively pursuing completion of the course. Actively pursuing completion is defined as participating in the class such as completing and turning in assignments, participating in class

discussions and projects, submitting quizzes and exams. For online and hybrid classes, simply logging into the course is not sufficient to be considered participation. A student should be designated as not attending (N/A) on a class list if it is the instructor's professional opinion that the student is not actively participating and cannot conceivably complete the course with a passing grade. A student designated as not attending on a class list must include their last day of attendance.

4.1445 Dual Credit

POLICY

Juniors and seniors attending a high school in the Rend Lake College district may take advantage of dual credit courses per the terms and conditions set forth in [110 ILCS 27/1-30](#). Students must meet requirements and prerequisites prior to enrolling in courses. Students taking advantage of this opportunity may accumulate college credit prior to graduating from high school. Dual credit courses held at a non-Rend Lake College location will be accepted for up to 49% of the credit hours required for a certificate or degree. No more than 49% of dual credit hours, rounded to the nearest credit hour, that were provided at a secondary institution may be applied toward a certificate or degree.

PROCEDURE

Student records will monitor and verify at the beginning of each semester.

4.1500 Collection of Student Fees and Debts

POLICY

The Business Office will be responsible for the collection of student fees.

PROCEDURE

Outstanding student debts to the College will be handled as follows:

- A. At regular intervals during the time in which students are allowed to register for a given year and term, the Business Office will process student statements. The Business Office will mail a copy of his / her statement to those students who have a balance due to the College after all financial aid and scholarship amounts have been awarded to the student's accounts. The statement will inform the student of his / her current balance and due date.
- B. Students who register prior to the payment deadline as specified in the chart below may register without paying at the time of registration.
- C. Prior to the due dates list below, a student will be required to either complete one and / or a combination of the following in order to cover his/her total balance due:
 1. Make full payment directly to the College
 2. Enroll in a Nelnet Payment Plan which will allow the student to budget his / her tuition over an extended period of time
 3. Make online payment utilizing the IL E-pay system
 4. Have financial aid applied to his / her account
- D. Failure to complete one and / or a combination of the above-mentioned options will result in the student being dropped from his / her classes on the drop dates listed below.
- E. Students who are dropped from their classes will be assessed a \$25 service charge. If a student wishes to re-enroll in classes, he / she will be required to pay the service charge.

- F. Students registering after the drop date indicated below are expected to complete one and / or a combination of the above-mentioned options prior to the end of the business day during which he / she registered. Failure to do so will result in the student being dropped from his / her classes. The student will be assessed a \$25 service charge. If a student wishes to re-enroll in classes, he / she will be required to pay the service charge.
- G. The dates and amounts due shown below apply unless otherwise indicated for a specific program.

COURSE LENGTH IN WEEKS

6 to 16 weeks

5 weeks or less

DATE AND AMOUNT DUE

Due dates are 5/15 for the Summer term, 7/15 for the Fall term, and 12/15 for the Spring term.

Due date will be the first day of classes.

- H. Following the disbursement of student aid and at the end of each year and term, students with an outstanding balance will be mailed a statement. Students will be responsible for the payment of all remaining charges prior to registration.
- I. A hold will be placed on students who have an outstanding balance. The hold will prevent the student from registration in future terms.
- J. Once the outstanding debt has been paid, the Business Office hold will be removed from the student's account and all privileges will be reinstated.
- K. Balances remaining on a student's account at the conclusion of the semester will be considered past-due. Rend Lake College will pursue its own collection efforts for past-due accounts. Once these efforts are exhausted, past-due accounts will be submitted to a debt recovery program. This may result in the garnishment of payments made to individuals with past-due accounts including, but not limited to, paychecks, tax refunds, commercial payments, and lottery winnings. Past-due accounts will be submitted to the program once the student has received three monthly past-due notices and one final past-due notice following the conclusion of the semester.
- L. Students who wish to dispute their account balances should follow the established procedures for Student Non-Academic Complaints which are detailed in the [Student Handbook](#).
- M. This procedure does not apply to students enrolled in Community Education courses or unless otherwise indicated for a specific program.

4.1505 Textbooks

POLICY

The Rend Lake College Bookstore will provide a system which will allow students to obtain all textbooks and required supplies needed for available courses. The Bookstore will be responsible for the purchasing of textbooks which will be selected and adopted by the instructional departments. The adoption period for hardback texts will be for a minimum of three years. However, in certain cases through the permission of the Chief Financial Officer, exceptions may be allowed to the adoption cycle for selected texts.

PROCEDURE

Students will be assessed an Instructional Support Fee on a per credit hour basis at the time of registration. Instructional Support Fees include costs associated with textbooks, technology costs which directly support academic functions, and other general costs associated with academic services of the

College. Due to special circumstances involved in the purchase of books for some programs, certain courses will be exempted from the all-inclusive program. The portion of the instructional support cost associated with textbook costs will be waived from the student accounts for the following prefixes: COSM, EMTP, HIT, MEDC, NURS, and RAD. Students enrolled in courses with these prefixes will be responsible for the purchase of textbooks at an additional cost not associated with universal fees assessed to their account.

At the time of registration or at any point thereafter, students will complete an on-line order form to choose either to pick up textbooks from the Bookstore or to have the texts mailed. Prior to the first day of class, the dates and times in which textbooks will be available for pickup or mailing will be announced and proper notice will be given to student regarding these dates. On or after the announced dates, students will be able to pick up all needed textbooks from the Rend Lake College Bookstore. If a student so chooses, textbooks will be mailed at an additional cost.

No additional textbook costs will be assessed to the student at the time of pick up or mailing of texts.

Students adding courses after the initial pick up or mailing will be responsible for obtaining the additional needed texts from the Bookstore. Students dropping courses after texts have been obtained will be responsible for returning all applicable materials to the Bookstore before the end of the term. Failure to return textbooks for dropped courses will result in the student being charged for the full cost of the materials.

Students may choose to “opt out” of the all-inclusive program at any time prior to the end of the first two weeks of the term. Students wishing to opt out may contact the Bookstore to request an “Opt Out Form”. Students choosing to opt out of the program will be responsible for obtaining all the required texts for applicable courses. In the event that the student chooses to obtain the required materials from Rend Lake College, the student will be charged the applicable retail costs. If a student chooses to opt-out of the all-inclusive program a waiver will be placed on the student’s account to reflect a refund in the amount of \$15 per credit hour which is the value of the cost per credit hour associated with textbooks.

Students who obtain textbooks as part of the all-inclusive program will be required to return textbooks to the Bookstore at the end of each term. Students must return all materials by the close of the business day on Wednesday following final exams week. A student who does not return the textbooks issued as part of the all-inclusive program will be charged the full retail price of the materials and charges will be placed on the student’s account.

Returned materials will be inspected by the Bookstore staff to determine a reasonable condition for return. Torn covers, torn pages, water damage, etc., may require that the returned textbooks will not be accepted for return. Reasonable highlighting will be allowed. The final determination for returned condition will be determined by the Chief Financial Officer.

4.1510 Student Clubs and Organizations POLICY

The Rend Lake College Board of Trustees recognizes that student club activities are an important part of college life. The Board encourages the development of all clubs and organizations which promote the objectives of Rend Lake College, are consistent with the philosophy of the College, and serve the best interests of the College student body.

All student organizations and clubs organized in the name of the College must be approved by the Vice President of Student Services. All activities in which the club or organization wishes to engage must be approved by the Vice President of Student Services prior to the event.

All fundraising activities must be preapproved by the Vice President of Student Services. All income obtained through student club and organization activities will be deposited with the Business Office in a timely manner. Failure to exercise proper cash management may result in the suspension of fundraising activities in the future.

4.1515 Student Publication

POLICY

The Board of Trustees supports quality student publications produced through the College for the benefit of students. The format for the publications may include a student newspaper, student literary magazine, and / or other formats which will effectively communicate the views and ideas of students. The College will comply with the *College Campus Press Act*, [Public Act 95-580](#).

All College-sponsored or authorized student publications are considered learning opportunities for students and are expected to follow the professional standards of the appropriate discipline. The College may sponsor student publications by providing work space, partial or total funding, and / or designation of an advisor.

4.1600 Criteria for Awarding Credit

POLICY

Rend Lake College requires that all faculty, full-time and part-time, practice this policy. All definitions and standards apply equally to courses offered both on and off campus.

§600.2 The Federal Credit Hour Definition:

Credit hour: A credit hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates not less than:

- A. One hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time; or
- B. At least an equivalent amount of work as required in paragraph (1) of this definition for other academic activities as established by the institution including laboratory work, internships, practicum, studio work, and other academic work leading to the award of credit hours.

PROCEDURE

Credit for College classes should be based on the amount of learning accomplished by the student. However, since learning rates vary from individual to individual and, since instructional methods vary with the objectives of the class, assigned credit is related to the time estimated necessary for an average student to achieve the amount of learning designated as the class goal. On this basis, Rend Lake College, in keeping with accreditation, Federal, and State standards and in accordance with the Illinois Community College Board Administrative Rules, assigns credit as listed below provided that the class continues throughout the entire semester. In the case of short-term courses, credit is awarded at a rate proportional to the time that would be required if the course were taught a full semester. In the case of online and hybrid courses, credit

is awarded at a rate proportional to the time that would be required if the courses were taught face-to-face, although some or all course content and faculty-student interaction occurs through one or more forms of distance education. An online course is defined as a course that is 100% online without any face-to-face classroom, laboratory, clinical or field meeting time required or expected on behalf of the instructor or learner. A hybrid course is a course that substitutes any portion of its face-to-face classroom, laboratory, clinical or field meeting time with an online component of teaching and learning.

- A. Lecture / seminar / discussion credit-oriented instruction. Assuming the normal two hours of outside study for each contact hour (minimum of 50 minutes of class instruction) one semester hour credit or equivalent would be awarded for a minimum of 15 classroom contact hours of instruction per semester or equivalent. For the purpose of Rend Lake College, 16 hours of instruction is equivalent to one hour of credit.
- B. Supervised Group Activity (laboratory, practicum, clinical, studio, field trip). One semester hour of credit would be awarded for each 30-45 classroom contact hours of instruction per semester or equivalent. For the purpose of Rend Lake College, 32 contact hours of supervised group activity is equivalent to one hour of credit. One hour of outside study will be invested for each two laboratory contact hours.

Clinical experiences which occur in industry-based facilities shall receive one semester credit hour or equivalent for each 30-60 contact hours per semester or equivalent. For Rend Lake College purposes, the required contact hours may vary by program but will fall within the 30-60 contact hour range. One hour of outside study time will be invested for each two clinical practicum contact hours. Exceptions may occur within areas where accrediting standards dictate more specific guidelines.

Field trips are to be counted hour-for-hour as laboratory meetings (not including travel time).

- C. Internship / Clinical-Internship / Work Study-Work Experience. Nonclinical internship, practicum, or on-the-job supervised instruction shall receive one semester credit hour or equivalent for each 75-149 contact hours per semester or equivalent. For Rend Lake College purposes, one semester hour credit would be awarded for each 80 contact hours per semester or equivalent. Exceptions will be approved by the appropriate Dean.
- D. Transfer Credit will be accepted by Rend Lake College from post-secondary institutions which are accredited by the Higher Learning Commission or from comparable regional accrediting associations. If Rend Lake College has no equivalent course, the credit may be accepted as undistributed credit and will be used as elective credit only. Credit earned in orientation, remedial courses, courses with a grade below a "C", will not transfer to Rend Lake College. Grade equivalents, such as pass/fail, will only be accepted as transfer credit if the transcript legend indicates the grade is a "C" or higher. Transfer credit will be computed in semester hours, shown on the transcript with a grade of "TC", and will not be calculated in cumulative GPA calculations.

If an international student has college credit from a country outside of the United States which the student would like to have transferred to Rend Lake College, the transfer credit will be evaluated if the student is a resident of the college district and is enrolled at Rend Lake College in a degree-seeking program. The student must present the Office of Student Records with copies of certificates and diplomas earned, marks/grades, transcripts (if available) and course descriptions/syllabi for each course completed. All copies should be translated in English.

4.1605 Credit by Means Other Than Classroom Attendance POLICY

Students enrolled at Rend Lake College may receive credit by means other than the traditional classroom method provided they furnish proof of their knowledge in an area for which they have not received previous College credit.

Students will be given credit for Military Experience, the College Level Examination Program, Proficiency Exams, Advanced Placement Exams, International Baccalaureate Exams and Other. No more than twenty five percent (25%) of the hours needed for a certificate or degree can be earned by any one or combination of these methods.

PROCEDURE

A. Credit for Military Service

Members and former members of the Armed Services, upon presenting separation papers (DD-214) or Application for the Evaluation of Learning Experiences During Military Service (DD-295), may be granted the following credits:

Basic Training, minimum 90 days	2 credit hours - Health 1101
Active Duty, minimum 180 days	2 undistributed credit hours Physical Education in addition to the 2 credit hours of Health

Students should contact the Registrar to have the credit evaluated and posted. Rend Lake College also grants credit for certain experience and training in the military service. Proper identification and documentation of all training schools must be submitted to the Registrar before an evaluation will be completed.

B. Illinois State Police Academy Credit

Based upon a recommendation by the Illinois Community College Board, Rend Lake College awards credit for training by the Illinois State Police. A student must present certification that he / she has successfully completed training to the Registrar. A student may receive the following credits:

CRJS 2203 – Police Traffic Functions (3)
CRJS 2205 – Police Weapons and Defensive Tactics (3)
PYED 1160 – Aerobic Super-Circuit Fitness Center (1)

C. Proficiency Credit

Proficiency examinations offer students the opportunity to obtain credit for experience relevant to certain courses, for individual study of subjects, or for prior learning including courses taken at unaccredited institutions.

Credit earned by proficiency examination in a course is equivalent to credit earned by enrollment in that course for the purposes of satisfying a requirement.

A student who wants to earn credit by taking a proficiency exam must report to the Office of Student Records in order to fill out an application and to pay a fee equal to the tuition for the course for which credit is sought. The student must then obtain the signatures of the appropriate Dean and Vice President of Instruction. When the application is complete, it must be returned to the Office of Student Records before arrangements are made for taking the exam. The time and location of proficiency examinations are decided by the department and depend upon the availability of staff.

While the College recognizes that proficiency credit can be a legitimate form of assessing student knowledge outside of the traditional classroom setting, it will be the practice of the College to grant this form of credit only in rare and extenuating circumstances. Each request will be evaluated on its own merit and the decision of the Vice President of Instruction will be final.

Rend Lake College also recognizes that there are several varieties of industry-recognized certifications. The administration will evaluate whether to grant proficiency credit for industry certification on a request-by-request basis. There is no guarantee that the College will grant proficiency credit for industry-recognized certification.

Content of the proficiency credit examination will be determined solely by the full-time instructor or instructors of the course and the Dean responsible for the program for which Proficiency Credit is sought. In the event the course is only taught by a part-time instructor, that instructor and the Dean will determine the content of the examination. A minimum score of 80% will be required to pass any proficiency test given by Rend Lake College.

General rules which govern the granting of proficiency credit:

1. Once a student has been enrolled in a course longer than the normal refund period, the student may not take a proficiency test for that course. Proficiency tests cannot be used to repeat courses and may be taken only one time in a given course.
2. Departmental proficiency examinations are equated to and evaluated as specific courses.
3. Proficiency credit will be accepted for up to 25% of the credit hours required for the certificate or degree awarded. No more than 25% of the hours needed for a certificate or degree can be earned by proficiency credit or any combination of credit by means other than classroom attendance.
4. A student may not take a proficiency test for a lower-level course once s/he has received credit for a higher-level course.
5. A student taking a proficiency test shall receive a letter grade. A score of 80% or higher will be required to pass a Proficiency Examination. A score below 80% will be considered failing and will be reflected on the transcript as an "E". Letter grades will be reflected on the student's transcript and will be calculated in the student's GPA.

D. CLEP Credit

Through the College-Level Examination Program (CLEP), Rend Lake College provides a means for academically talented students to demonstrate mastery of certain courses or subject areas. College credit is given for general and subject examinations taken if a score of 50 or higher is achieved. CLEP rules are subject to modifications as the College departments change requirements and as the tests themselves are revised. Since each College determines its own transfer policies, there is no guarantee that credit granted by Rend Lake College for CLEP will be accepted at another school. CLEP tests may be taken on campus in the Testing Center. Students must request the Educational Testing Service (ETS) to send an official copy of the examination results to the Registrar.

Students wishing to receive credit through the College-Level Examination Program (CLEP) must obtain the permission of the appropriate Dean and the Vice President of Instruction prior to taking the test.

Rend Lake College will allow CLEP credit for scores of 50 or above as listed in the RLC Catalog.

General rules which govern the granting of CLEP credit:

1. Once a student has been enrolled in a course longer than the normal refund period, the student may not receive CLEP credit for that course. CLEP credit cannot be used to repeat a course.

2. CLEP credit will be accepted for up to 25% of the credit hours required for the certificate or degree awarded. No more than 25% of the hours needed for a certificate or degree can be earned by CLEP or any combination of credit by means other than classroom attendance.

E. Advanced Placement Credit

Through the high school Advanced Placement (AP) Program, high school students may apply for advanced placement college credit. Advanced Placement classes are offered in the area high schools in such subjects as English composition, foreign language, history, biology, chemistry, mathematics, and physics. A national examination administered through the Educational Testing Service (ETS) is given in each subject at the end of the year. Each examination is intended to measure the achievement of students and to determine at what point students should begin college study of that subject. To receive Rend Lake College credit, students must earn a score of 3, 4, or 5 as listed in the RLC Catalog and must request the ETS to send an official copy of the examination results to the Registrar. Upon receipt, credit will be placed on the student’s transcript if enrolled at Rend Lake College. It is the student’s responsibility to request scores from ETS and confirm the credit has been granted by Rend Lake College. Advanced Placement credit is not used in computing a student’s grade point average. Students may only receive credit for one Rend Lake College course per subject area via Advanced Placement credit. For specific information, students should consult the Vice President of Instruction & Student Affairs.

F. International Baccalaureate Credit

Through the International Baccalaureate (IB) Program, high school students may apply for College credit. - 6. Students should be aware that the credit may not be accepted by another college or university.

4.1610 Grading System

POLICY

The College will establish a grading system. See the College catalog.

PROCEDURE

An alphabetical grading system is used by Rend Lake College. Each letter grade denotes a certain level of achievement in a particular course.

- A - Excellent
- B - Above Average
- C - Average
- D - Below Average
- E - Failing

Other abbreviations often used when grades are noted:

- AU Audit
- CR Credit only, no grade; CLEP; Proficiency; Military; Advanced Placement; Correctional /
Law Enforcement Academy
- I Incomplete
- NC No Credit
- P Pass
- R Repeat
- TC Transfer Credit
- W Student withdrew after refund period but before the last date to drop

More detailed interpretations of I and W are presented under headings of Incompletes and Withdrawal from a Course, respectively.

Quality Points.

Quality points are used in computing grade-point averages. Each letter grade is assigned quality points according to the following scale:

- A - 4 quality points
- B - 3 quality points
- C - 2 quality points
- D - 1 quality point
- E - 0 quality points

No quality points are awarded for W, I, CR, NC, AU and R.

Grade Point Average

Grade point averages are used to determine the academic standing of the student as well as in the awarding of honors. A grade-point average is computed by multiplying the number of semester hours of credit given for a particular class by the number of quality points for the letter grade achieved, totaling both grade points and semester hours of all classes taken and then dividing the grade-point total by the total number of semester hours attempted.

In such computations, neither quality points nor semester hours are considered for grades of W, I, or AU.

Grade Reports

Official semester grade reports are recorded on the student's permanent record, and a copy of the grades will be available via the student's online account at www.rlc.edu/myrlc.

Students on academic probation or on suspension from the College will be notified of their status prior to the beginning of the next semester (excluding summer).

Incompletes

A student may receive an incomplete (I) indicating unfinished work in a course, provided the work was incomplete because of circumstances determined by the instructor to be unavoidable. A student who receives an incomplete must complete the requirements of the course, unless it is a math lab course, by the end of the next semester (excluding the summer term) in order to receive credit for the course. Once the requirements are completed, the instructor shall report the grade of A, B, C, D or E. If the student does not complete the course requirements by the deadline, the student shall receive a grade of E.

In a math lab course, a student must complete at least two-thirds of the material by the end of the semester or receive a failing grade. If two-thirds of the material is completed, the student will receive an incomplete grade and will have eight weeks of the next semester in which to complete the course, provided the student attends the lab at least two hours per week.

These arrangements must be made in writing with the instructor before the end of the semester in which the incomplete is recorded. A copy of the agreement must be forwarded to the Office of Student Records with the final grade report.

Course Repeat Policy

In instances where a student repeats a given course that is not specifically designated as "repeatable," the grade previously received will be recorded as an "R" grade and will not count in the computation of the student's overall grade-point average. The last grade received will be recorded on the transcript and will count in the computation of the GPA. A student repeating a course for transfer to another university should consult his or her advisor.

Pass / Fail Option

Pass / fail courses do not count toward degree or certificate credit. Courses cannot be changed to a letter grade after the class starts. Upon completion, a grade of “CR” (pass) or “NC” (fail) will be recorded on the official transcript; it will not be computed in the grade-point average. For more information, contact the instructor or the appropriate Dean.

Auditing a Course

Auditing of courses is not encouraged; however, it may be permitted if there is room available in a class.

A student auditing a course will be charged the same tuition as those students who are taking the class for credit. Audit students will be allowed to participate in the class to the extent to which they choose. Instructors are expected to grade all exams, papers and homework which an audit student submits. Courses which are audited cannot be used toward graduation requirements for any certificate or degree.

Grade Forgiveness

Students may petition for a one-time forgiveness of up to two consecutive semesters of prior Rend Lake College grades in accordance with the following guidelines:

- Student must not have attended any college and / or any other postsecondary institution for a minimum of four years.
- When returning to the college and prior to applying for grade forgiveness, the student must enroll in and complete a minimum of 15 consecutive hours of certificate or degree program courses and earn a “C” or better in each course.
- Forgiven grades remain on the student’s record but are not computed in the student’s grade-point average for academic purposes.
- Forgiven grades are counted for financial aid eligibility according to the guidelines of satisfactory academic progress.
- The forgiveness policy applies to a complete semester of courses and includes all courses taken in that semester.
- No course(s) in the semester(s) forgiven can be used to meet graduation requirements.
- Student loses any educational guarantees for the forgiven courses.
- The college accepts no responsibility for the ways in which a transfer college or university or an employer might interpret a student’s use of the forgiveness policy.
- Graduates cannot use the forgiveness policy for any semester(s) of courses that were used to obtain a certificate or a degree from Rend Lake College.
- Forgiveness is a one-time event and is irrevocable.
- In consultation with the Vice President of Student Services or a designee, the student must sign a declaration of understanding if the petition for forgiveness is granted.

4.1615 Student Withdrawal from Class

POLICY

The responsibility for officially withdrawing from a class rests with the student. Students may withdraw prior to the last week of a course by contacting Student Records. Any informal arrangements made with instructors or other college staff members may result in a failing grade as well as financial liability for all charges incurred for the course. A student designated as not attending all courses may be administratively withdrawn. A student may also be administratively withdrawn from a course due to a disciplinary matter or failing to meet course or program requirements.

PROCEDURE

Student Records will process requests from students to withdraw from a course if received at least one week before the end of class. A mark of “W” will be shown on the student’s permanent record if processed after the last day to withdraw with a refund, indicating no academic penalty for such withdrawals.

Administrative withdrawals submitted by faculty or staff and approved by an Associate Vice President, Vice President or President will be processed by Student Records.

5.1010 Preparing and Updating Financial Disclosures

POLICY

Pursuant to the District's responsibilities under the securities laws, including its continuing disclosure undertakings (the "*Undertakings*") under Rule 15c2-12 of the Securities Exchange Act of 1934, as amended, and the Securities and Exchange Commission's statements in enforcement actions, it is necessary and in the best interest of the District that the District's (i) preliminary and final official statements or offering circulars and any supplements or amendments thereto (collectively, the "*Official Statements*"), disseminated by the District in connection with any bonds, notes, certificates or other obligations, (ii) Annual Financial Information or Financial Information, as required by and defined in the Undertakings (the "*Annual Financial Information*") to be filed with the Municipal Securities Rulemaking Board's ("*MSRB*") Electronic Municipal Market Access ("*EMMA*") system, and (iii) notices of Material Events or Reportable Events, each as defined in the Undertakings, and any other required or voluntary disclosures to EMMA (each, an "*EMMA Notice*") comply in all material respects with the federal securities laws. Further, it is necessary and in the best interest of the District that the District adopt policies and procedures to enable the District to create accurate disclosures with respect to its (i) Official Statements, (ii) Annual Financial Information, and (iii) EMMA Notices. Official Statements, Annual Financial Information and EMMA Notices are collectively referred to herein as the "*Disclosures*."

PROCEDURE

In response to these interests, the District hereby adopts the following procedures (the "*Disclosure Procedure*"):

(a) *Disclosure Officer*. The Chief Financial Officer of the District (the "*Disclosure Officer*") is hereby designated as the officer responsible for the procedures related to Disclosures as hereinafter set forth (collectively, the "*Disclosure Procedures*").

(b) *Disclosure Procedures: Official Statements*. Whenever an Official Statement will be disseminated in connection with the issuance of obligations by the District, the Disclosure

Officer will oversee the process of preparing the Official Statement pursuant to the following procedures:

1. The District shall select (a) the working group for the transaction, which group may include outside professionals such as disclosure counsel, a municipal advisor and an underwriter (the “*Working Group*”) and (b) the member of the Working Group responsible for preparing the first draft of the Official Statement.

2. The Disclosure Officer shall review and make comments on the first draft of the Official Statement. Such review shall be done in order to determine that the Official Statement does not include any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made in the Official Statement not misleading. Particular attention shall be paid to the accuracy of all descriptions, significant information and financial data regarding the District. Examples include confirming that information relating to the District, including but not limited to demographic changes, the addition or loss of major employers, the addition or loss of major taxpayers or any other material information within the knowledge of the Disclosure Officer, is included and properly disclosed. The Disclosure Officer shall also be responsible for ensuring that the financial data presented with regard to the District is accurate and corresponds with the financial information in the District’s possession, including but not limited to information regarding bonded indebtedness, notes, certificates, outstanding leases, tax rates or any other financial information of the District presented in the Official Statement.

3. After completion of the review set forth in 2. above, the Disclosure Officer shall (a) discuss the first draft of the Official Statement with the members of the Working Group and such staff and officials of the District as the Disclosure Officer deems necessary and appropriate and (b) provide comments, as appropriate, to the members of the Working Group. The Disclosure Officer shall also consider comments from members of the Working Group and whether any additional changes to the Official Statement are necessary or desirable to make the document compliant with the requirements set forth in 2. above.

4. The Disclosure Officer shall continue to review subsequent drafts of the Official Statement in the manner set forth in 2. and 3. above.

5. If, in the Disclosure Officer’s reasonable judgment, the Official Statement does not include any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made in the Official Statement not misleading, the Official Statement may, in the reasonable discretion of the Disclosure Officer, be released for dissemination to the public; *provided, however*, that the use of the Official Statement must be ratified, approved and authorized by the Board of Trustees of the District (the “*Board*”).

(c) *Disclosure Procedures: Annual Financial Information.* The Disclosure Officer will oversee the process of preparing the Annual Financial Information pursuant to these procedures:

1. By December 15 of each year (the same being at least 30 days prior to the last date on which the Annual Financial Information is required to be disseminated pursuant to the related Undertaking), the Disclosure Officer shall begin to prepare (or hire an agent to prepare) the Annual Financial Information. The Disclosure Officer shall also review the audited or unaudited financial statements, as applicable, to be filed as part of the Annual Financial Information (the “*Financial Statements*”). In addition to the required updating of the Annual Financial Information, the Disclosure Officer should consider whether additional information needs to be added to the Annual Financial Information in order to make the Annual Financial Information, including the Financial Statements, taken as a whole, correct and complete in all material respects. For example, if disclosure of events that occurred subsequent to the date of the Financial Statements would be necessary in order to clarify, enhance or correct information presented in the Financial Statements, in order to make the Annual Financial Information, taken as a whole, correct and complete in all material respects, disclosure of such subsequent events should be made.

2. If, in the Disclosure Officer’s reasonable judgment, the Annual Financial Information, including the Financial Statements, is correct and complete in all material respects, the Disclosure Officer shall file the Annual Financial Information with EMMA (or confirm that such filing is completed by any agent hired by the District for such purpose) within the timeframe allowed for such filing.

(d) *Disclosure Procedures: Reportable Events.* The Disclosure Officer will prepare (or hire an agent to prepare) Reportable Event Disclosure and file the same with EMMA (or confirm that such filing is completed by an agent hired by the District for such purpose) in a timely manner (not in excess of ten business days after the occurrence of the Reportable Event). Incurrence of a Financial Obligation, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation, any of which affect security holders, if material, is a Reportable Event. Upon the incurrence of any Financial Obligation, as such term is defined in the Undertaking, the Disclosure Officer shall review such Financial Obligation and assess whether such Financial Obligation is material. If, in connection with such Financial Obligation, the District has agreed to any covenant, event of default, remedy, priority right or other similar term which affects security holders, the Disclosure Officer shall further review such term and assess whether the same is material. The Disclosure Officer shall prepare a summary of such review. If, in the Disclosure Officer’s reasonable judgment, following consultation with financial or legal professionals as necessary, such Financial Obligation and/or term of such Financial Obligation is deemed material, the Disclosure Officer shall file a summary of such Financial Obligation (or the entire financing document, provided that confidential or sensitive information may be redacted to the extent such redaction does not prevent all material terms from being disclosed) with EMMA not in excess of ten business days after the incurrence of such Financial Obligation.

(e) *Disclosure Procedures: EMMA Notices.* Whenever the District determines to file an EMMA Notice, or whenever the District decides to make a voluntary filing to EMMA, the Disclosure Officer will oversee the process of preparing the EMMA Notice pursuant to these procedures:

1. The Disclosure Officer shall prepare (or hire an agent to prepare) the EMMA Notice. The EMMA Notice shall be prepared in the form required by the MSRB.
2. In the case of a disclosure required by an Undertaking, the Disclosure Officer shall determine whether any changes to the EMMA Notice are necessary to make the document compliant with the Undertaking.
3. If, in the Disclosure Officer's reasonable judgment, the EMMA Notice is correct and complete and, in the case of a disclosure required by an Undertaking, complies with the Undertaking, the Disclosure Officer shall file the EMMA Notice with EMMA (or confirm that such filing is completed by any agent hired by the District for such purpose) within the timeframe allowed for such filing.

(f) *Additional Responsibilities of the Disclosure Officer.* The Disclosure Officer, in addition to the specific responsibilities outlined above, shall have general oversight of the entire disclosure process, which shall include:

1. Maintaining appropriate records of compliance with this Disclosure Policy (including proofs of EMMA filings) and decisions made with respect to issues that have been raised;
2. Evaluating the effectiveness of the procedures contained in this Disclosure Policy; and
3. Making recommendations to the Board as to whether revisions or modifications to this Disclosure Policy are appropriate.

(g) *General Principles.*

1. All participants in the disclosure process should be encouraged to raise potential disclosure items at all times in the process.
2. The process of revising and updating the Disclosures should not be viewed as a mechanical insertion of current numbers. While it is not anticipated that there will be major changes in the form and content of the Disclosures at the time of each update, the Disclosure Officer should consider whether such changes are necessary or desirable in order to make sure the Disclosure does not make any untrue statement of a material fact or omit to state a material fact necessary or desirable, in order to make the statements made, in light of the circumstances in which they were made, not misleading at the time of each update.

3. Whenever the District releases information, whether in written or spoken form, that may reasonably be expected to reach investors, it is said to be “speaking to the market.” When speaking to the market, District officials must be sure that the released information does not make any untrue statement of a material fact or omit to state a material fact necessary or desirable, in order to make the statements made, in light of the circumstances in which they were made, not misleading.

4. While care should be taken not to shortcut or eliminate any steps outlined in this Disclosure Policy on an ad hoc basis, the review and maintenance of the Disclosures is a fluid process and recommendations for improvement of these Disclosure Procedures should be solicited and regularly considered.

5. The Disclosure Officer is authorized to request and pay for attendance at relevant conferences or presentations or annual training sessions conducted by outside counsel, consultants or experts in order to ensure a sufficient level of knowledge for the effective administration of this Disclosure Policy.

However, bids for construction purposes are prohibited from being submitted electronically. Pursuant to 110 ILCS 805/8-27, contracts for the purchase of supplies, materials, or work exceeding \$25,000 must be awarded to the lowest responsible bidder. In an effort to balance our commitment to this purpose with the need to be good stewards of local taxpayer monies, the College will evaluate bids based upon financial concerns first and foremost but will make consideration for qualified businesses.

5.1200 Purchases

POLICY

When purchasing supplies, material, work or construction, the College shall follow the requirements of 805/3-27.1 of Illinois Community College Act ([110 ILCS 805/3-27.1](#)).

PROCEDURE

Whenever possible, all College purchases should be made through the use of a requisition and subsequent corresponding purchase order. All requisitions must be entered using the computerized format which is available as part of the online system and forwarded to the Controller and the Vice President of Finance and Administration by using the appropriate approval sequence.

After all online approvals are received for a requisition, a purchase order will be issued from Accounts Payable. A copy of the purchase order will be returned to the requesting department. The requesting department is responsible for mailing or faxing the purchase order to the vendor, or keeping the purchase order on file in the department office.

When invoices are received, the original is sent to the department for approval. If the invoice is correct, the fiscal manager should sign the original invoice, as well as put the account number and purchase order and / or requisition number on it. The invoice should then be returned to Accounts Payable. The original invoice is necessary for payment of the invoice. Checks will not be issued unless proper documentation is submitted to the Accounts Payable Department.

Invoices should be returned to Accounts Payable as soon as possible, preferably within 48 hours. Invoices that are eligible for payment at the end of the week must be forwarded to Accounts Payable with the appropriate online approvals by 10:00 AM of the day before the last working day of that week. In the event that the Accounts Payable Department plans to issue checks on a day other than the last day of the work week due to holidays, closings, absences, etc., ample notice will be

given to inform all employees of the change in schedule.

Checks will be processed to vendors according to the terms and conditions specified on the invoice. If terms are not specified on the invoice, payment will be made 30 days (net 30) from the invoice date.

Open purchase orders may be issued for merchandise that is purchased either on a continuous or frequent basis as needed by a department. The use of continuous purchase orders for this type of merchandise is encouraged and will allow departments to reduce the amount of processing time involved in the purchasing from and / or payment to vendors.

Orders cannot be placed until a purchase order number is assigned by obtaining the proper approvals as needed as part of the online system. Fictitious purchase order numbers are not acceptable.

The college cannot pay from statements. The college should not accept any invoice that does not have reference to a purchase order.

When a department intends to buy from a vendor that the College has never purchased from before, it will be the responsibility of the department to contact the new vendor to determine if the vendor will accept a purchase order. If the vendor will not accept a purchase order, it will be the responsibility of the department to arrange alternative payment arrangements. If it is necessary for Rend Lake College to complete a credit application in order to do business with the vendor, the credit application should be sent to the Accounts Payable Specialist to be completed. Departments will be allowed to make purchases through the use of the college credit card ONLY in the event that no alternative methods of payment can be arranged with the vendor and / or no other competitive vendor who will accept a purchase order can be found.

If use of the college credit card is necessary for a purchase, the employee should contact the Accounts Payable Department to discuss the purchase. If the Accounts Payable Department agrees the purchase should be made with the credit card, the employee will enter a requisition to the credit card company to acquire approval from supervisors. Once the requisition is approved and the purchase order is printed, it will be up to the employee to contact the Accounts Payable Department to make arrangements to place the order.

If a vendor / supplier is not found in the database, the employee should submit an email to the Accounts Payable Department with the company's or individual's name, address, telephone number, fax number, website, email, contact person and also note what we are buying from or paying the vendor for. The Accounts Payable Department will then create a vendor file and respond to the employee's email with the vendor number.

When a new vendor / supplier is created, a W9 tax information form will need to be completed by the vendor / supplier PRIOR to payment being made. Once the Accounts Payable Department receives the email request for the vendor to be set up, a W9 will be mailed to the vendor.

5.1205 Payment of Bills

POLICY

The Treasurer is authorized to disburse all funds prior to a Board meeting with the exception of those bills that individually exceed \$50,000.

- A. Payroll checks will be disbursed in accordance with established policy.
- B. Investments in / or withdrawals from certificates of deposit and interfund transfers will be disbursed as needed.
- C. All other disbursements will be made on either of the last two working days of each week whenever possible. Manual checks which are needed on an immediate basis will be issued as required. Proper care and planning should be taken by the departments to ensure that manual checks are used only on rare occasions with extenuating circumstances.

The disbursements of bills which are submitted for Board approval will be made on the next working day following the Board meeting.

5.1210 Travel Advance Policy

POLICY

The Travel Advance Policy shall be applicable to all requests of \$50.00 or more unless otherwise agreed to by the Vice President of Finance and Administration on a case-by-case basis. In order to obtain a travel advance, the employee must agree to repay the advance and / or submit proper documentation satisfying the expenditure of the outstanding cash advance within thirty (30) days from the date of issuance. Failure to repay or submit proper documentation within thirty (30) days may cause the employee's next payroll check to be reduced by the amount advanced or unpaid.

5.1215 Travel Reimbursement

POLICY

Administrative Staff

Reimbursement for expenses incurred for travel connected with attendance at meetings, conventions and other college business will be made in the following manner:

1. Travel to conferences and meetings must be approved in advance by the appropriate Dean or PELT member.
2. The Accounts Payable Department will be responsible for making flight or train arrangements using the college credit card. After an employee is given permission to travel, the employee should contact the Accounts Payable Department to arrange a time to meet to purchase tickets online in the Accounts Payable Specialist's office. The Accounts Payable Department will be responsible for securing the most reasonable and cost-effective travel arrangements. The maximum amount of reimbursement for travel expenses will be at the lesser cost of either the mileage associated with travel to and from the event if the use of a personal car has been approved by the applicable PELT member, the costs for the expense of a train ticket at a reasonable time and location, or a flight secured at a reasonable time and location and which is the most cost-effective. Once the travel arrangements have been made, the AP Specialist will instruct the employee to create a requisition /purchase order for the cost. As much advanced notice as possible should be given to aid in obtaining the most equitable pricing.
3. For vehicle travel, employees are required to use a College-owned vehicle if a vehicle is available. If an employee chooses to use the employee's own vehicle when a College-owned vehicle is available, then the employee will not be entitled to mileage reimbursement unless permission is received from the applicable PELT member. If a personal vehicle is used, reimbursement for mileage will be at a rate equal to the IRS mileage reimbursement rate and will be paid in accordance with Rend Lake College Policy 5.1505 (Vehicle Usage for College Travel).
4. Arrangements for lodging, meals, rental vehicles, and registration expenses will be arranged by individual employee or department in advance whenever possible through standard purchasing procedures. When making lodging reservations; the employee / department will be responsible for securing the most reasonable and cost effective accommodations.

The employee may also request a cash advance and / or use a personal credit card to make hotel reservations. Reimbursement for the expenses will follow the established procedure.

Reimbursement for lodging will be paid at the single-room rate and may include up to one day prior to the meeting and one day following the meeting. Meal and incidental expenses will be paid at the applicable maximum per diem Federal Rates (other assumable expenses must be accompanied with receipts). A complete listing of all per diem rates and corresponding meal allocations on a per city basis can be found online. Internal Revenue Service guidelines stipulate

that if the city to which the employee traveled does not appear on the established list, individuals are to use the standard per diem rate allocations. Meal and incidental expenses may include up to one day prior to the meeting and one day following the meeting. Travel reimbursements which are subject to lower grant limitations may be reimbursed at those lower limitations. Per diem rates and regulations for meals and incidentals are as follows:

Lunch: Payable when an employee is on travel status and leaves the college at or before 10:00 a.m.

Dinner: Payable when an employee is on travel status and arrives back at the college or residence (if reporting directly from destination) at or after 7:00 p.m.

(The established meals and incidentals allotment includes and defines incidental expenses as tips for porters, baggage carriers, bellhops, hotel maids, hotel servants in foreign countries, and stewards or stewardesses and others on ships.) Other associated travel costs such as parking and cab fares are to be accompanied by a receipt.

No per diem meal is allowed if the meal is included in a conference registration fee. Per diem meal allowances are only allowed if they are ordinary and necessary expenses of traveling away from home for business purposes. Receipts do not have to be submitted for meal per diem.

In the event that an employee requests reimbursement for meals during a meeting with a client(s) (i.e. recruits, community members, campus visitors, etc.), reimbursements will be based upon actual meal charges and an itemized receipt showing what was purchased must be submitted for payment. No request for reimbursement will be accepted if the receipt includes charges for alcoholic beverages.

Reimbursement for entertainment expenses (which includes but is not limited to shows, amusements, theaters, sporting events, or any other place of public or private entertainment) is prohibited.

The maximum allowable reimbursement for travel related expenses are as follows:

5.1405 Identification and Disposal of Obsolete Equipment, Material and Supplies

POLICY

Determination of disposal of worthless and obsolete equipment, materials, and supplies shall be recommended by the supervisory personnel designated responsible for the equipment, materials and supplies.

PROCEDURE

The procedure for identification and disposal of obsolete equipment, materials and supplies shall be as follows:

1. A Physical Plant Work Order must be completed to inform the Physical Plant Department of the need to remove items which are considered to be no longer needed or usable. Physical plant staff will initiate an obsolete property form in SignNow that must be signed by the appropriate department supervisor, his or her cabinet and/or PELT member, and the Chief Financial Officer.
2. The Physical Plant will provide the President's Cabinet with a listing of all of the items which have been identified as unneeded or unusable, the condition of the items and the funding source for the original purchase. The President's Cabinet will determine if the item(s) should be disposed of, recycled, held for future use, sold, or donated. If the equipment in question was purchased from grant funds, the College will assess the applicable federal disposal regulations.
3. In the event that the President's Cabinet determines that an item should be sold, the College can choose to either conduct a formal bid process via sealed bid, online auction, or public auction; or find other sale solutions as determined by the President's Cabinet.
4. For those items which are estimated to be valued at \$5,000 or more, the Board of Trustees will be informed of the desire to sell items prior to the above-mentioned processes.

5. For those items which have a value less than \$5,000, the Board of Trustees will be informed of the sale of items following the successful completion of the disposal.
6. If such equipment owned by the College has an equal or greater trade-in value than outright sale price, the Chief Financial Officer or his/her designee shall be authorized to trade such equipment when purchasing similar or replacement equipment and supplies. Such trade-in value shall be reflected in bid quotations received from vendors and other suppliers.

The procedure for obsolete equipment sale by sealed bid shall be as follows:

1. A standardized bid form will be sent to those persons expressing interest in the items for sale.
2. The bid form must be completed and returned to the Chief Financial Officer by the date and time specified for bid opening and must be accompanied by a check in the amount of 10% of the bid as "earnest money". The earnest money will be applied to the successful bidder's obligation. For successful bid(s) totaling \$200 or more, full payment will be made by cashier's check or cash, and the original earnest money will be returned. The College reserves the right to also require the earnest money to be paid by cashier's check or cash when appropriate.
3. The bids will be opened at the date and time specified and sale will be awarded to the highest bid. The purchase terms are cash and the item "as shown" including pick up and / or removal being the responsibility of the buyer. The College reserves the right to accept or reject any or all bids.
4. At the time of sale, the Physical Plant Department will notify the successful buyer. Bills of sale will be prepared as requested or required.
5. After award of sale, the earnest money will be returned to all other bidders, along with notification of the successful buyer and sale price.
6. Inventoried items sold will be removed from the inventory list.

The procedure for public auction shall be as follows:

1. The college may conduct the auction on-site, on an online platform, or may use the services of an off-site auction service.
2. Terms of the sale shall be cash at the time of the sale.
3. All items purchased are to be removed at the time of the sale or by special arrangement with the Director of the Physical Plant.
4. The auctioneer shall be paid based on pre-negotiated arrangements.
5. Inventoried items sold will be removed from the inventory list.

Some obsolete items may be marketable to only a few buyers or only within a very short time span. In such situations, the regular disposal procedures may not be in the best interest of the College. Under those circumstances, as determined by the Chief Financial Officer and the President, such items may be sold using fair market value quotations as a bid if the fair market value quotation is not more than \$5,000.

With the approval of the Chief Financial Officer, obsolete equipment, materials, and supplies may be disposed through donation to an outside agency or organization. Equipment which is donated will be deleted from inventory and will be documented as a donation with the appropriate date and description. Individuals requesting the donation of equipment, material, and / or supplies should follow the same procedure as documented above.

At the earliest time possible after learning of the need for travel, employees should complete a "Request for Vehicle" form which is found on the Rend Lake College Intranet. For non-athletic events, employees should submit the request form to the Physical Plant Department. If the vehicle is needed for athletic purposes, forms should be submitted to the Athletic Department. Employees are required to use a College-owned vehicle if a vehicle is available. If an employee chooses to use the employee's own vehicle when a College-owned vehicle is available, the employee will not be entitled to mileage reimbursement unless permission is received from the applicable PELT member.

As a condition of employment, employees expect to incur commuting expenses between the employee's residence and headquarters. These expenses are not reimbursable. Expenses associated with College business in excess of commuting expenses are reimbursable. An employee whose travel does not include travel through headquarters shall be reimbursed for all mileage if the distance between the employee's residence and the employee's first or only destination is less than the distance between the headquarters and the destination, and the travel is not part of the employee's regular commute. An employee whose travel does include travel through headquarters shall be reimbursed for all mileage in excess of commuting mileage. All travel must be by the most direct (i.e. shortest) route. Travel through headquarters is defined as any travel to or through the corporate city limits of the employee's primary location regardless of whether the employee made a stop at the work site.

Examples of reimbursable expenses are as follows:

1. Residence/Mt. Vernon – Headquarters/Ina. Employee drives from residence in Mt. Vernon to Benton and returns to residence. Reimbursement is for all mileage in excess of commuting mileage. The travel, by the most direct route, was through headquarters.
2. Residence/Mt. Vernon – Headquarters/Ina. Employee drives from residence in Mt. Vernon to Springfield and returns to residence. Reimbursement is for all mileage because the travel was not to or through headquarters, the distance from Mt. Vernon to Springfield is less than the distance from Ina to Springfield, and the travel is not part of the employee's regular commute.
3. Residence/Mt. Vernon – Headquarters/Ina. Employee drives from residence in Mt. Vernon to headquarters. Later, employee drives to Pinckneyville and back to residence. Reimbursement is for all mileage in excess of commuting mileage.
4. Residence/Mt. Vernon – Headquarters/Ina. Employee drives from residence in Mt. Vernon to Pinckneyville. Later, employee drives to headquarters. Reimbursement is for all mileage in excess of commuting mileage.

Vehicles are generally reserved on a first-come, first served basis. Scheduling conflicts will be resolved by the Physical Plant Department if necessary depending upon the type and length of travel.

Individuals who are not Rend Lake College employees are not permitted to travel in a College-owned vehicle, or a rental vehicle being used for approved College related travel unless prior approval has been obtained from the applicable PELT member.

Drivers must be 25 or older and must possess a valid driver's license. Employees must complete a release to have the employee's driving status verified through the Illinois Secretary of State's Department of Motor Vehicles Report process. Employees will not be permitted to drive for a College-related purpose the employee's driving status can be verified. The release form can be obtained from the Human Resources Department. Failure to notify the College of any suspension or revocation of driving privileges prior to the use of a vehicle for College-related purposes will be grounds for dismissal.

When using a vehicle, the driver will record the beginning and ending mileage of the trip. Vehicles will be filled with gas at the time of departure. In the event that an employee needs to refill the tanks during use of the vehicle, the employee must obtain receipts documenting the costs of the fuel. If a cash advance is not obtained prior to the trip, the driver will be required to submit gas receipts and will be reimbursed using the established reimbursement procedure for all other travel expenditures. All receipts must be submitted to the Business Office within thirty (30) days of the date of travel for advances to be cleared and / or reimbursement made.

College departments will be charged the current federal mileage reimbursement rate for vehicle usage. Employees should submit their gas receipts for reimbursement through the established reimbursement procedures. Reimbursement for gas expenses will not be charged to the individual department but should be expensed to the Physical Plant Department.

The Physical Plant and Athletic Department will be responsible for processing payment for rental vehicles.

5.1550 Procedure for Processing of Invoices for Outside Agencies

POLICY

The Business Office will be responsible for overseeing a centralized invoicing system. All Rend Lake College departments will be required to follow a standardized procedure when preparing and processing invoices. These procedures will apply to all types of invoices which may be required as part of the normal operations of any department. The Business Office will be responsible for the preparing of invoices, and the Business Office will be responsible for the proper accounting of funds to be received from these invoices. Individual departments shall notify the Business Office when a department has provided any type of goods and / or services to an outside agency and reimbursement is expected from that agency. The Business Office will log all invoices sent and payments received into a Sharepoint site that can be viewed by the individual departments.

PROCEDURE

The Business Office will be responsible for preparation of invoices. Individual departments shall notify the Business Office when a department has provided any type of goods and/or services to an outside agency and reimbursement is expected from that agency. The invoice should include the following information:

- A. name of vendor
- B. address of vendor
- C. invoice number
- D. name of individual who prepared the invoice
- E. account number into which funds will be deposited
- F. invoice date

- G. description of goods and / or services provided
- H. total reimbursement requested
- I. remittance information

Upon completion of the invoice, the Business Office will mail the invoice to the suggested vendor. Payments will be sent directly to the Business Office. When payment is received from the suggested vendor, the Business Office will be responsible for receipting the funds.

The Business Office will log all invoices sent and payments received into a Sharepoint site that can be viewed by the individual departments. In the event that payment of invoices is not received in a timely manner, each department will be responsible for making follow-up contact with the vendor. The Business Office will be responsible for preparing follow-up billings in an attempt to collect all outstanding invoices. If an individual department learns that an invoice is uncollectible and should be written-off, the department should provide written notice to the Business Office.

5.1600 Financial and Program Management of Federal Grant Funds

The College will administer all federal grant funds received according to 2 CFR Part 200.300 through 2 CFR Part 200.345.

5.1601 Financial Management

The College will maintain records that identify adequately the source and application of funds for federally-funded activities. These records must contain information pertaining to federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

The College will maintain records which provide the identification, in its accounts, of all federal awards received and expended and the federal programs under which they were received. Federal program and federal award identification must include, as applicable, the CFDA title and number, federal award identification number and year, name of the federal agency, and name of the pass-through entity, if any.

The College will provide a comparison of expenditures with budget amounts for each Federal award.

Project Managers of federally funded grant programs will be responsible for reconciling accounting records maintained by the grant office with accounting records maintained within the College's accounting system. This reconciliation will be completed on a monthly basis. If any discrepancies are noted, the Project Manager will be responsible for either correcting the internal grant accounting records or contacting the Business Office to inform them of actions which are needed to reclassify College accounting records.

5.1602 Internal Controls

The College will evaluate and monitor compliance with statute, regulations and the terms and conditions of federal awards and will take prompt action when instances of noncompliance are identified including noncompliance identified in audit finding.

For each federally funded grant program, an Internal Steering Committee will be formed to assist in the monitoring of grant activities. This Committee will consist of the project staff, the applicable Vice-President overseeing the activity, members of the grant office, the Vice-President for Finance and Administration and / or Business Office representative, and any other individuals required per grant guidelines. The Internal Steering Committee will meet on a quarterly basis at a minimum or more frequently as needed if circumstances dictate.

5.1603 Payment Methods to Be Used for the Receipt of Federal Funds

The College will use advance payment methods which will minimize the time elapsing between the transfer of funds from the United States Treasury or the pass-through entity and the disbursement of funds through the established payment procedures of the College.

The advanced payment will be limited to the minimum amounts needed and be timed to be in accordance with the actual, immediate cash requirements of the College in carrying out the purpose of the approved program or project.

The College will make timely payment to contractors and vendors to be paid according to contract provisions from the advanced payments.

The College will use advanced payment mechanisms which include, but are not limited to, Treasury check and electronic funds transfer and which comply with applicable guidance in 31 CFR Part 208.

The College will ensure that it is authorized to submit requests for advance payments and reimbursements at least monthly when electronic fund transfers are not used, and as often as they like when electronic transfers are used, in accordance with the provisions of the Electronic Fund Transfer Act (15 U.S.C. 1601).

The Business Office will provide Project Managers of federally funded grant programs with complete accounting records on a monthly basis. Project Managers will be responsible for reconciling drawdown amounts requested during the monthly drawdown completed by the Business Office to accounting records maintained within the grant office. In addition, project managers will be responsible for securing invoices or other supporting documentation from the providers of good and / or service to ensure that advance payments received are disbursed within thirty (30) days of the receipt of funds.

In the event that the College determines that an advanced payment is not feasible, payment by reimbursement may be requested. This method may be used on any Federal award for construction. The College will make payment within 30 calendar days after receipt of the billing.

5.1604 Revision of Budget and Program Plans

The College will complete all federal grant program requirements relating to the reporting of deviations from budget or project scope or objective. The College will request prior approvals from Federal awarding agencies for budget and program plan revisions.

The College will request prior approval from Federal awarding agencies for the following program or budget-related reasons:

- A. Change in the scope or the objective of the project or program (even if there is no associated budget revision requiring prior written approval).
- B. Change in a key person specified in the application or the Federal award.
- C. The disengagement from the project for more than three months, or a 25 percent reduction in time devoted to the project, by the approved project director or principal investigator.
- D. The transfer of funds budgeted for participant support costs to other categories of expense.
- E. Changes in the amount of approved cost-sharing or matching provided by the College.
- F. When requesting approval for budget revisions, the College will use the same format for budget information that was used in the application, unless the Federal awarding agency indicates a letter of request suffices.

Project Managers will be responsible for forwarding any electronic correspondence related to budget requests and approvals to the Business Office for inclusion in grant files maintained within the Business Office.

5.1605 Program Income

If feasible within the scope and operations of the grant, the College will attempt to earn income to defray program costs. The following conditions will apply:

- A. Costs incurred during the generation of program income may be deducted from gross income to determine program income if costs were charged to the Federal grant.
- B. Costs incurred during the generation of program income may be deducted from gross income to determine program income if authorized by Federal regulation or the Federal award.
- C. Proceeds from the sale of real property or equipment are not program income.
- D. With prior approval of the Federal awarding agency, program income may be added to the Federal award from the Federal agency and the College. The program income must be used for the purposes and under the conditions of the Federal award.

5.1606 Allowability of Costs

Except when authorized by statute, costs must meet the following general criteria to be allowable under Federal awards:

- A. Be necessary and reasonable for the performance of the Federal award.
- B. Conform to any limitations or exclusions set forth in these principles or in the Federal award as to types or amount of cost items.
- C. Be consistent with policies and procedures that apply uniformly to both federally-financed and other activities of the College.
- D. Be consistently accounted for as either a direct or indirect cost within Federal grants received.
- E. Be determined in accordance with generally accepted accounting principles (GAAP).
- F. Not be included as a cost or used to meet cost sharing or matching requirements of any other federally-financed program in either the current or a prior period.
- G. Be adequately documented.

Under any given Federal award, the reasonableness and the appropriate allocation of certain items of costs may be difficult to determine. In order to avoid subsequent disallowance or dispute based on unreasonableness or the incorrect allocation of certain items of cost, the College will seek the prior written approval of the cognizant agency for indirect costs or the Federal awarding agency in advance of the incurrence of special or unusual costs. Prior written approval will include the timeframe or scope of the agreement.

5.1607 Direct Costs

Direct costs are those costs that can be identified specifically with a particular final cost objective, such as a Federal award, or other internally or externally funded activity, or that can be directly assigned to such activities relatively easily with a high degree of accuracy.

Typical costs charged directly to a Federal award are the compensation of employees who work on that award, their related fringe benefit costs, the costs of materials and other items of expense incurred for the Federal award.

The salaries of administrative and clerical staff should normally be treated as indirect (F&A) costs. Direct charging of these costs may be appropriate only if all of the following conditions are met:

- A. Administrative or clerical services are integral to a project or activity;
- B. Individuals involved can be specifically identified with the project or activity;
- C. Such costs are explicitly included in the budget or have the prior written approval of the Federal awarding agency; and
- D. The costs are not also recovered as indirect costs.

5.1608 Indirect Costs

Indirect (F&A) costs must be classified within two broad categories: “Facilities” and “Administration.” “Facilities” is defined as depreciation on buildings, equipment and capital improvement, interest on debt associated with certain buildings, equipment and capital improvements, and operations and maintenance expenses. “Administration” is defined as general administration and general expenses such as the director's office, accounting, personnel and all other types of expenditures not listed specifically under one of the subcategories of “Facilities”.

The Federal awarding agency will include in the notice of funding opportunity the policies relating to indirect cost rate reimbursement, matching, or cost share as approved.

5.1609 Required Certifications

- (a) To assure that expenditures are proper and in accordance with the terms and conditions of the Federal award and approved project budgets, the annual and final fiscal reports or vouchers requesting payment under the agreements must include a certification, signed by the President, which reads as follows:

“By signing this report, I certify to the best of my knowledge and belief that the report is true, complete, and accurate, and the expenditures, disbursements and cash receipts are for the purposes and objectives set forth in the terms and conditions of the Federal award. I am aware that any false, fictitious, or fraudulent information, or the omission of any material fact, may subject me to criminal, civil or administrative penalties for fraud, false statements, false claims or otherwise.”

Project Managers will be responsible for securing the above-mentioned signature and certification on the applicable reports prior to submission to the federal grant office. A copy of the signed and certified report should be forwarded for inclusion in grant files maintained within the Business Office.

- (b) Certification of cost allocation plan or indirect (F&A) cost rate proposal.

The original copy of the approved certification of cost allocation plan or indirect cost rate agreement will be maintained within the Business Office. Upon request from the Project Manager, the Business Office will forward a copy of the agreement to the grant office for inclusion within the grant documentation.

5.1610 Provisions for Selected Items of Costs

The College will apply all principles found in 2 CFR Part 200.421 through 2 CFR Part 200.475 when establishing if certain items are allowed in determining cost.

It will be the responsibility of the Project Manager to familiarize himself / herself with the applicable principles. In addition, the Business Office will review the items which have been purchased during the monthly review process to verify that all items purchased are allowable under federal grant guidelines. If any discrepancies are noted, the Business Office will immediately contact the grant office and the proper adjustments will be made.

5.1611 Standards for the Documentation of Personnel Expenses

Charges to Federal awards for salaries and wages must be based on records that accurately reflect the work performed. The College will maintain records which provide accurate, allowable, and properly allocated time distribution records.

The records will support the distribution of the employee's salary or wages among specific activities or cost objectives if the employee works on more than one Federal award; a Federal award and non-Federal award;

an indirect cost activity and a direct cost activity; two or more indirect activities which are allocated using different allocation bases; or an unallowable activity and a direct or indirect cost activity.

In accordance with Department of Labor regulations implementing the Fair Labor Standards Act (FLSA) (29 CFR part 516), charges for the salaries and wages of nonexempt employees must also be supported by records indicating the total number of hours worked each day.

Project Managers will be responsible for maintaining time distribution records for all employees paid with federal grant funds. Employee's time distribution records will reflect the time distribution among specific activities or cost objectives. Time distribution records will reflect both federally funds activities and institutional activities.

Time distribution records will be supported by the records that the College maintains as a part of the time / payroll system.

Project Managers will be responsible for submitting signed time distribution records to the Business Office on a quarterly basis. The Business Office will compile the information received from the grant offices and will provide the supporting time documentation from the payroll system. The Business Office will provide the reports and support documents to the Grants Office. This will then be shared with the internal group of individuals who are responsible for the review and sign off of time distribution reports. These individuals may or may not be a part of the grant department.

It will be the responsibility of this group to review the documentation and to verify that the time distribution reports accurately reflect time spent by grant employees to accomplish grant objectives. If any discrepancies are noted, the individuals will immediately contact the grant office and the proper adjustments will be made. If no discrepancies are noted, a copy of the reports and documentation will be returned to the grant office and a copy of the sign off sheet will be forwarded to the Business Office.

5.1612 Equipment Purchased from Federal Grant Funds

Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds \$5,000.

The College will use the equipment for the authorized purposes of the project during the period of performance, or until the property is no longer needed for the purposes of the project and will not encumber the property without approval of the Federal awarding agency or pass-through entity.

During the time that the equipment is used by the project for which it was acquired and also when no longer needed for the original program or project, the equipment may be used in other activities supported by the Federal awarding agency, in the following order of priority:

- A. Activities under a Federal award from the Federal awarding agency which funded the original program or project, then
- B. Activities under Federal awards from other Federal awarding agencies, then
- C. Activities under non-federally-funded programs or projects

The College will maintain property records for all equipment purchased in whole or in part from a federal award which includes the following

- A. description of the property
- B. a serial number or other identification number
- C. the source of funding for the property (including the FAIN)
- D. the acquisition date
- E. cost of the property

- F. percentage of Federal participation in the project costs for the Federal award under which the property was acquired
- G. the location, use and condition of the property
- H. ultimate disposition data including the date of disposal and sale price of the property.

Project Managers for all federally funded grant programs will be responsible for maintaining separate property records within the grant office files. These files should contain all of the above-mentioned items supported by purchase documentation and which reference the program objective(s) which will be supported by the acquisition of the purchase.

The College will take a physical inventory of the equipment and will be reconciled with the property records at least once every two years.

Project managers will reconcile office property records with the overall College property records on an annual basis during the annual performance review process.

When equipment acquired under a Federal award is no longer needed for the original project or program or for other federally funded activities, the College will request disposition instructions from the Federal awarding agency as required by grant stipulations. Disposition will be made as follows:

- A. Equipment with a current per unit fair market value of \$5,000 or less may be retained, sold or otherwise disposed of with no further obligation to the Federal awarding agency.
- B. Equipment with a current per unit fair market value in excess of \$5,000 may be retained or sold by the College. The Federal awarding agency will be entitled to a portion of the sale of the proceeds based upon the percentage of federal funds used to acquire the equipment 2 C.F.R. Part 200.313(e)(2)

5.1613 Supplies Purchased from Federal Grant Funds

Supplies means all tangible personal property other than those described as equipment. A computing device is a supply if the acquisition cost is less than \$5,000, regardless of the length of its useful life. Computing devices means machines used to acquire, store, analyze, process, and publish data and other information electronically, including accessories (or “peripherals”) for printing, transmitting and receiving, or storing electronic information.

When there is a residual inventory of unused supplies exceeding \$5,000 in total aggregate value acquired under a Federal award that are no longer needed for the original project or program or for other federally funded activities, the College will retain the supplies for use on other activities and will compensate the Federal government for its share.

5.1614 Purchasing Standards

In the event that the purchase of supplies or services is to be made from Federal funds, 2 CFR Part 200.318 through 2 CFR Part 200.326 will be followed. Purchases will be made in accordance with the following procurement standards.

General Standards

- A. Fiscal agents of the College will maintain oversight to ensure that all contractors perform in accordance with the terms and conditions of the purchase.
- B. Fiscal agents of the College will award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of the purchase.

Fiscal agents of the College will maintain records to detail the history of the purchase. These records will include, but are not limited to, rationale for the method of procurement, selection of contract type, contractor selection or rejection, and basis for contract price.

Competition

All purchases will be made in a manner providing full and open competition. The following situations will be prohibited during the purchasing process:

- A. Placing unreasonable requirements on firms in order to allow them to participate in the competitive process.
- B. Requiring unnecessary experience or excessive bonding.
- C. Noncompetitive pricing practices between firms or affiliates.
- D. Organizational conflicts of interest.
- E. Sole sourcing or specifying only a “brand” name product instead of allowing “an equal” product to be offered and describing the performance or requirements of the procurement.
- F. Potential suppliers must be given a clear and accurate description of the technical requirements of the material, product, or service to be purchased.
- G. Potential suppliers must be given a complete description of the requirements which will be considered when evaluating purchases.

Methods of Procurements

Procurement by Micro-Purchase

- A. In very limited situations and for very small purchases, the College can acquire supplies or services for which the aggregate dollar amount does not exceed the micro-purchase threshold established within the Federal Register
- B. The College will distribute micro-purchases equitably between qualified suppliers to the extent that it is practicable.
- C. Micro-purchases may be made without soliciting competitive quotes if the prices are considered to be reasonable.

Procurement by Small Purchase

- A. In the event that the College intends to purchase services, supplies, or other property which does not exceed the lesser of either the Simplified Acquisition Threshold as established in the Federal Register or the limit as established in Illinois Community College Act (110 ILCS 805/3-27.1), the College can choose to utilize relatively simple and informal procurement methods.
- B. Price or rate quotes must be obtained from an adequate number of qualified sources.

Procurement by Sealed Bid

- A. All contracts for purchase of supplies, materials or work involving an expenditure in excess of the limit as established in Illinois Community College Act ([110 ILCS 805/3-27.1](#)) will be made following a formal bid process.
- B. In order for the sealed bidding to be feasible, the following conditions should be present:
 - 1. A complete, adequate, and realistic specification or purchase description is available.
 - 2. Two or more responsible bidders are willing and able to compete effectively
 - 3. The procurement lends itself to a firm and fixed price contract and selection of successful bidder can be made principally on the basis of price.
- C. If sealed bids are used the following requirements apply:
 - 1. Bids must be solicited from an adequate number of known suppliers, providing them sufficient response time prior to the date set for opening the bids
 - 2. Invitations for bid must be publically advertised
 - 3. Invitations for bid which include pertinent specifications must define the items or services in order for the bidder to properly respond.
 - 4. All bids will be opened at the time and place as stated in the invitation to bid.
 - 5. All bids will be opened publically.

6. As identified in the bid documents, factors such as discounts, transportation costs, and life cycle costs will be considered in determining the lowest cost.
7. *Prior to the awarding of the contract*, verification was completed by Rend Lake College Business Office upon the request of the applicable grant manager that the proposed vendor does NOT appear on the Federal Excluded Parties List and is declared eligible for awarding of a contract.
8. *Prior to the awarding of the contract*, obtaining a completed and signed Assurance of Federal Non Debarred or Non Excluded Status form from the contracting agency.
9. The College will issue a written award of a firm fixed price contract to the lowest responsive and responsible bidder.
10. Any bids may be rejected in there is a sound documented reason.

Procurement by Competitive Proposals

- A. In the event that the College determines that conditions are not appropriate for the use of sealed bids and the goods and/or services sought can be secured by either a fixed price or cost-reimbursement type contract, the College can utilize competitive proposals.
- B. Fiscal agents of the College will seek proposals from more than one source.
- C. Requests for proposals will be publicized and identify all evaluation factors.
- D. The College will inform all interested parties of the method which will be used for conducting a technical evaluation of the proposals.
- E. The College will award the contract to the responsible firm whose proposal is most advantageous to the program in light of the price and other factors considered.
- F. The College may use these procedures for the procurement of qualifications-based architectural/engineering (A/E) services where qualifications are the basis of evaluation and a subsequent negotiation of fair and reasonable compensation is completed. Only A/E services can be evaluated using selection factors other than price even if other services can be obtained from firms offering other services.

Procurement by Non-Competitive Proposals

- A. In very limited instances, fiscal agents may obtain permission from the Vice-President and the President to secure goods and services following the solicitation of a proposal from only one source.
- B. The Vice-President and the President will only allow this type of purchase if one or more of the following circumstances apply:
 1. The item will available only from a single source.
 2. The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation.
 3. The Federal awarding agency or pass-through entity expressly authorizes the non-competitive proposal in response from the College.
 4. After solicitation of a number of sources, competition is determined to be inadequate.
 5. *Prior to the awarding of the contract*, verification was completed by Rend Lake College Business Office upon the request of the applicable grant manager that the proposed vendor does NOT appear on the Federal Excluded Parties List and is declared eligible for awarding of a contract.
 6. *Prior to the awarding of the contract*, obtaining a completed and signed Assurance of Federal Non Debarred or Non Excluded Status form from the contracting agency.
 7. *Prior to the awarding of the contract*, obtaining a completed and signed Certification and Assurance of Federal Grant Compliance form from the contracting agency.
 8. Award cost and price data.
 9. Any exceptions and justifications concerning limited contracting or sole source awards.
 10. Procurement protest and dispute resolution actions.

5.1615 Performance and Financial Monitoring and Reporting

The College will provide to the federal awarding agency the standard, OMB-approved government-wide data elements for collection of financial information as required by the terms and conditions of the Federal award. The College will report financial information no less frequently than annually nor more frequently than quarterly except in unusual circumstances.

The College will monitor each program, function, or activity and will use standard, OMB-approved data elements for collection of performance information. The College will submit performance reports at the interval required by the Federal awarding agency or pass-through entity to best inform improvements in program outcomes and productivity at an interval that is no less frequent than annually nor more frequent than quarterly except in unusual circumstances. Annual reports must be due 90 calendar days after the reporting period; quarterly or semiannual reports must be due 30 calendar days after the reporting period.

The performance reports will contain the following:

- A. A comparison of actual accomplishments to the objectives of the Federal award established for the period. Where the accomplishments of the Federal award can be quantified, a computation of the cost may be required if that information will be useful.
- B. The reasons why established goals were not met, if appropriate.
- C. Additional pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

In the event that a significant development occurs between the scheduled performance reporting dates and that could have a significant impact upon the supported activity, the College will inform the federal awarding agency as soon as possible. The College will inform the federal awarding agency of any:

- A. Problems, delays, or adverse conditions which will materially impair the ability to meet the objective of the Federal award. This disclosure must include a statement of the action taken, or contemplated, and any assistance needed to resolve the situation.
- B. Favorable developments which enable meeting time schedules and objectives sooner or at less cost than anticipated or producing more or different beneficial results than originally planned.

Project managers will be responsible for the compiling financial and performance data as required by the federal awarding agency. In addition, the project manager will be responsible for the preparation of all the standardized reports required as part of either the annual review process or the interim progress reports. To the extent it is possible, project managers will attempt to tie expenses incurred to performance measures to be reported.

Prior to submission of the interim and annual reports, the project manager will submit reporting materials to the internal steering committee of the grant for review. After review of the grant steering committee, the report should be presented to the appropriate cabinet member, reviewed by the Business Office and approved by the college President. Appropriate planning will be taken to ensure that revisions can occur and the reports can be submitted on a timely basis.

5.1616 Record Retention and Access

The College will retain financial records, supporting documents, statistical records, and all other records pertinent to a Federal award for a period of three years from the date of submission of the final expenditure report or, for Federal awards that are renewed quarterly or annually, from the date of the submission of the quarterly or annual financial report, respectively, as reported to the Federal awarding agency or pass-through entity in the case of a subrecipient.

The only exception will be:

- A. If any litigation, claim, or audit is started before the expiration of the 3-year period, the records must be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken.
- B. When the College is notified in writing by the Federal awarding agency, cognizant agency for audit, oversight agency for audit, cognizant agency for indirect costs, or pass-through entity to extend the retention period.
- C. Records for real property and equipment acquired with Federal funds must be retained for 3 years after final disposition.
- D. When records are transferred to or maintained by the Federal awarding agency or pass-through entity, the 3-year retention requirement will not apply.
- E. Records for program income transactions after the period of performance. In some cases the College may be required to report program income after the period of performance. Where there is such a requirement, the retention period for the records pertaining to the earning of the program income starts from the end of the College's fiscal year in which the program income is earned.
- F. Indirect cost rate proposals and cost allocations plans.

Whenever practicable, the College will attempt to collect, transmit, and store Federal award-related information in open and machine readable formats rather than in closed formats or on paper. When original records are electronic and cannot be altered, there is no need to create and retain paper copies. When original records are paper, electronic versions may be substituted through the use of duplication or other forms of electronic media provided that they are subject to periodic quality control reviews, provide reasonable safeguards against alteration, and remain readable.

5.1617 Subrecipient Monitoring and Management

The College may at time make the determination to make engage other non-federal entities to assist in the carrying out a part of the Federal award received by the College. This subaward does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the College considers a contract. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

The subrecipient is one that meets the following characteristics:

- A. Determines who is eligible to receive what Federal assistance;
- B. Has its performance measured in relation to whether objectives of a Federal program were met;
- C. Has responsibility for programmatic decision making;
- D. Is responsible for adherence to applicable Federal program requirements specified in the Federal award; and
- E. In accordance with its agreement, uses the Federal funds to carry out a program for a public purpose specified in authorizing statute, as opposed to providing goods or services for the benefit of the pass-through entity.

In the event that subrecipients are engaged in the federally funded grant program, the College will ensure that every subaward is clearly identified to the subrecipient as a subaward. The College will provide the subrecipients with the following information:

- A. Federal Award Identification information as required in 2 CFR 200-331(a)(1)
- B. All requirements imposed by the College on the subrecipient so that the Federal award is used in accordance with Federal statutes, regulations and the terms and conditions of the Federal award.
- C. Any additional requirements that the College imposes on the subrecipient in order for the College to meet its own responsibility to the Federal awarding agency including identification of any required financial and performance reports;

- D. An approved federally recognized indirect cost rate negotiated between the subrecipient and the Federal government or, if no such rate exists, either a rate negotiated between the College and the subrecipient.
- E. A requirement that the subrecipient permit the College and its auditors to have access to the subrecipient's records and financial statements as necessary for the College to meet the requirements imposed by the terms and conditions of the grant.
- F. Appropriate terms and conditions concerning closeout of the subaward.

The College will be responsible for the evaluation of each subrecipient's risk of noncompliance with Federal statutes, regulations, and the terms and conditions of the subaward for purposes of determining the appropriate subrecipient monitoring. Areas of consideration will include such factors as:

- A. The subrecipient's prior experience with the same or similar subawards;
- B. The results of previous audits including whether or not the subrecipient receives a Single Audit and the extent to which the same or similar subaward has been audited as a major program;
- C. Whether the subrecipient has new personnel or new or substantially changed systems; and
- D. The extent and results of Federal awarding agency monitoring

The College will be responsible for monitoring the activities of the subrecipient as necessary to ensure that the subaward is used for authorized purposes, in compliance with Federal statutes, regulations, and the terms and conditions of the subaward; and that subaward performance goals are achieved. The College's monitoring of the subrecipient will include:

- A. Reviewing financial and programmatic reports required by the College.
- B. Following-up and ensuring that the subrecipient takes timely and appropriate action on all deficiencies pertaining to the Federal award provided to the subrecipient from the College which are detected through audits, on-site reviews, and other means.
- C. Issuing a management decision for audit findings pertaining to the Federal award provided to the subrecipient from the College as required by 2 CFR 200.521 Management decision.

The College will be responsible for verifying that the subrecipient is audited as required. The College may consider whether the results of the subrecipient's audits, on-site reviews, or other monitoring indicate conditions that necessitate adjustments to its own records.

The College has the ability to consider taking enforcement action against noncompliant subrecipients as described in § 200.338 Remedies for noncompliance of this part and in program regulations.

CAMPUS POLICE AND SECURITY DEPARTMENT – SECTION 6

6. CAMPUS POLICE AND SECURITY DEPARTMENT

6.1000 Campus Police

POLICY

The Rend Lake College Police Department receives its legal authority through the Public Community College Act, Chapter 110 ILCS 805/3-42.1, of Illinois Compiled Statutes. The Rend Lake College Police Department is made up of Law Enforcement Officers and Security Officers. Law Enforcement Officers will receive their training through the Illinois Law Enforcement Training and Standards Board.

Members of the Rend Lake College Police Department who are Law Enforcement Officers as defined by the Illinois Police Training Act, Chapter 50 ILCS 705 of the Illinois Compiled Statutes, are peace officers under the laws of this State, with all of the powers of police officers in cities and sheriffs in counties, including the power to make arrests on view or on warrants for violations of State statutes and to enforce county or city ordinances in all counties that lie within the Rend Lake College District, when such is required for the protection of community college personnel, students, visitors, property or interests of Rend Lake College.

Members of the Rend Lake College Police Department, who are Security Officers, are Non-Law Enforcement officers whose job requirements include performing patrols and security-type functions required for the protection of community college personnel, students, visitors, property or interests of Rend Lake College.

The Rend Lake College Police Department has been empowered by the Rend Lake College Board of Trustees with various functions required for the necessary protection of Rend Lake College students, staff, visitors, properties and interests or for the proper maintenance, operation or development of any community college or colleges under the jurisdiction of the Rend Lake College Board.

The purpose of Rend Lake College's Police Department is to ensure that the College's campus is a safe, secure one. The Chief of Police and the employees who report to him/her depend on help from students and employees to accomplish this purpose. Police Department personnel are available to do the following:

PROCEDURE

A. Respond to Emergency Situations

Campus Police will respond to emergency situations and/or secure the necessary emergency help from outside agencies and will notify the appropriate administrators of the emergency situation.

B. Secure Facilities

The Rend Lake College Police Department is responsible for doing safety/security audits, checking lights, locks, fire extinguishers, and fire alarms. Police Department personnel are responsible for providing access to facilities at times other than when the campus is open. Emergencies may necessitate changes or alteration to any posted schedules. Areas of the campus determined to be problematic may have security surveys conducted of them. Results of such surveys will be provided to the Office of the President and may be provided to other administrators or the Physical Plant to determine steps that need to be taken to make the area more secure and safer for the college.

C. Enforce the Law and College Policy

The Chief of Police and Campus Police Officers have law enforcement authority which means each has all powers of police officers in cities and sheriffs in counties, including the power to make arrests on view or on warrants of violation of State statutes and to enforce county or city ordinances in all counties that lie within the community college district when such is required for the protection of community college personnel, students, property, or interests. Such officers shall have no power to serve and execute civil process. Police personnel will not make arrests off-campus without approval of the Chief of Police and the

college President. The Chief of Police and other department personnel will work closely with the Jefferson County Sheriff's Office and other agencies as needed. In addition to consulting with, requesting information or assistance from, and turning information or evidence, as permitted by law, over to other law-enforcement agencies, the Chief of Police will follow these guidelines when working with any on-campus student problem:

1. In most misdemeanor and some felony cases (Class IV, Class III, Class II) the following steps will be taken:
 - a. The Chief of Police will investigate the incident or cause the incident to be investigated.
 - b. The Chief of Police will meet with the Associate Vice President – Academic & Student Services and other appropriate administrators to decide what action the College should take. The College president must approve the decision to press charges.
 - i. If charges are to be filed, the Chief of Police or his designee will complete the investigation and then turn all information over to the Jefferson County States Attorney's Office. The College may also consider imposing College disciplinary sanctions.
 - ii. Even if charges are not filed, the College may impose College disciplinary sanctions.
2. In all Class I and Class X felony cases, the following steps will be taken:
 - i. The Chief of Police or his designee will immediately call the Jefferson County Sheriff's Department and/or the State Police. The outside agency will then be responsible for the investigation and follow-up.
 - ii. The Chief of Police will assist the outside law enforcement agency(ies) and will advise the President and other appropriate administrators of the situation.
 - iii. The Chief of Police will be involved in the decision, along with the President and appropriate administrators, to make timely reports to the campus community on crimes considered to be a threat to other students and employees.
3. On each adjudicated case in which a finding of racial, ethnic or religious intimidation or sexual harassment made in the grievance procedure established by the College, the Chief of Police will report the adjudication, within reasonable time, to the President.
4. In all reports received by Campus Police alleging the commission of a hate crime, the following steps will be taken:
 - i. The Chief of Police or his designee will immediately forward the report to the Jefferson County State's Attorney.
 - ii. The Chief of Police will advise the College President and other appropriate administrators of the situation and will assist the State's Attorney and the outside law enforcement agency(ies) in the investigation.

D. Security Awareness and Crime Prevention

The Chief of Police, along with the Campus Safety Committee, will provide articles of security awareness and crime prevention to the campus community, and will place appropriate information at various locations on campus. The articles and information will encourage students to lock car doors, to be careful at used book sale time, and to report unusual, perhaps criminal, situations to the Chief of Police by stopping by his/her office or by dialing extension 1911. These fliers, at appropriate times, will tell students and employees what to do during a tornado, earthquake, fire, or other disaster situation. These informational pieces will also refer students to the Student Handbook for the policy concerning possession and use of alcohol and illegal drugs.

6.1005 Traffic and Parking Regulations

POLICY

The Chief of Police and police personnel will be responsible for traffic control on campus.

Rend Lake College provides parking for students, faculty, staff and visitors on campus free of charge. Parking is permitted in several designated areas or lots on campus to allow for an orderly flow of traffic. All motor vehicles are subject to traffic signs, signals, and regulations while on campus including but not limited to the following:

- A. Vehicles must be parked in authorized parking spaces. No parking will be permitted on the campus road unless authorized by the Chief of Police.
- B. The speed limit on campus is 15 miles per hour unless otherwise posted.
- C. Students and employees must obey traffic signs.
- D. Pedestrians shall be given the right-of-way at all times in the College parking lots and road. Pedestrians should exercise all due caution.
- E. In order to park in a handicapped parking space, a person must have a state-issued handicapped card or license plate. A person with a temporary handicap must obtain a College handicapped parking permit from the Chief of Police. Documentation may be required to determine the temporary handicapping condition.

Fines for parking violations are listed in Policy 6.7. Fines may be paid in the business office during normal business hours. Failure to pay fines will result in the withholding of records and/or denial of registration for subsequent terms.

Vehicles subject to towing at the owner's expense include the following:

- Vehicles parked on sidewalks, grass, or crosswalks.
- Repeated violations of parking in "Disability Parking" spaces without proper permit displayed.
- Vehicles which have accumulated three or more unpaid parking citations.
- Any vehicle determined to be abandoned inoperable.
- Vehicles parked in such a way as to impede the normal traffic flow, both vehicular and pedestrian.

PROCEDURE

If disability parking is needed, contact Rend Lake College Police Department for information regarding requirements which may be established by the Administration.

Any person who receives a campus citation may file a written request for an appeal in writing with the Associate Vice President – Academic & Student Services. Such requests must be made within two working days. The Associate Vice President – Academic & Student Services will conduct a hearing with the violator and the officer. The Associate Vice President's decision will be final.

6.1010 Use of Force

POLICY

The Rend Lake College Police Department Law Enforcement Officers will comply with existing law on the use of force. Sworn officers may resort to the use of force only when permitted by law. Rend Lake College Police Department Sworn Officers will follow all rules and regulations of Illinois State Police OPS-046 Use of Force and Illinois Compiled Statues [720 ILCS 5/7-5](#); 7-5.5; 7-6; 7-8; 7-9.

PROCEDURE

A peace officer, or any person whom he has summoned or directed to assist him, need not retreat or desist from efforts to make a lawful arrest because of resistance or threatened resistance to the arrest. He is

justified in the use of any force which he reasonably believes, based on the totality of the circumstances, to be necessary to effect the arrest and of any force which he reasonably believes, based on the totality of the circumstances, to be necessary to defend himself or another from bodily harm while making the arrest. However, he is justified in using force likely to cause death or great bodily harm only when he reasonably believes, based on the totality of the circumstances, that such force is necessary to prevent death or great bodily harm to himself or such other person, or when he reasonably believes, based on the totality of the circumstances, both that:

1. Such force is necessary to prevent the arrest from being defeated by resistance or escape; the officer reasonably believes that the person to be arrested cannot be apprehended at a later date, and the officer reasonably believes that the person to be arrested is likely to cause great bodily harm to another; and
2. The person to be arrested just committed or attempted a forcible felony which involves the infliction or threatened infliction of great bodily harm or is attempting to escape by use of a deadly weapon, or otherwise indicates that he will endanger human life or inflict great bodily harm unless arrested without delay

"Totality of the circumstances" means all facts known to the peace officer at the time, or that would be known to a reasonable officer in the same situation, including the conduct of the officer and the subject leading up to the use of deadly force.

Where feasible, a peace officer shall, prior to the use of force, make reasonable efforts to identify himself or herself as a peace officer and to warn that deadly force may be used, unless the officer has reasonable grounds to believe that the person is aware of those facts.

A peace officer shall not use deadly force against a person based on the danger that the person poses to himself or herself if a reasonable officer would believe the person does not pose an imminent threat of death or serious bodily injury to the peace officer or to another person.

A peace officer shall not use deadly force against a person who is suspected of committing a property offense, unless that offense is terrorism or unless deadly force is otherwise authorized by law.

"Deadly force" means any use of force that creates a substantial risk of causing death or serious bodily injury, including, but not limited to, the discharge of a firearm.

A threat of death or serious bodily injury is "imminent" when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the peace officer or another person. An imminent harm is not merely a fear of future harm, no matter how great the fear and no matter how great the likelihood of the harm, but is one that, from appearances, must be instantly confronted and addressed.

The authority to use physical force conferred on peace officers is a serious responsibility that shall be exercised judiciously and with respect for human rights and dignity and for the sanctity of every human life.

Peace officers shall use deadly force only when reasonably necessary in defense of human life. In determining whether deadly force is reasonably necessary, officers shall evaluate each situation in light of

the particular circumstances of each case and shall use other available resources and techniques, if reasonably safe and feasible to a reasonable officer.

The decision by a peace officer to use force shall be evaluated from the perspective of a reasonable officer in the same situation, based on the totality of the circumstances known to or perceived by the officer at the time of the decision, rather than with the benefit of hindsight, and that the totality of the circumstances shall account for occasions when officers may be forced to make quick judgments about using force.

When a sworn officer, either on or off-duty, uses any measure of force, by a firearm or any other means, beyond officer presence and handcuffing a compliant individual, the sworn officer will:

- Ensure the physical condition of the person(s) is evaluated. First aid will be rendered and emergency medical aid summoned, as appropriate.
- Complete a Rend Lake College Police Department Incident Report classifying the incident as Officer Use of Force.
 - Every Officer involved in any Use of Force encounter will complete a Written Report w/narrative and a Use of Force Report.
 - The Primary/Contact Officer will prepare the Incident Report w/narrative and the Use of Force Report along with any other required documentation.
 - The Back-up/Support Officer(s) will prepare a Supplementary Report w/narrative and the Use of Force Report along with any other required documentation to be attached to the Incident Report.

The Rend Lake College Chief of Police and/or Deputy Chief will review the Incident Report, any Supplementary Reports, and any other documents and media related to the incident and forward this material to the Rend Lake College President for review.

6.1011 Investigation of Law Enforcement Officer-Involved Shootings or Deaths

POLICY

The Rend Lake College Police Department Sworn Law Enforcement Officers will comply with existing law on the investigation of all types law enforcement officer-involved deaths and/or shootings. Rend Lake College Police Department law enforcement and security officers will be investigated per the rules and regulations found in [50 ILCS 727](#).

PROCEDURE

For the purposes of Rend Lake College Policy 6.1011, officer-involved death means “any death of an individual that results directly from an action or directly from an intentional omission, including unreasonable delay involving a person in custody or intentional failure to seek medical attention when the need for treatment is apparent, of a law enforcement officer while the officer is on duty, or otherwise acting within the scope of his or her employment, or while the officer is off duty, but performing activities that are within the scope of his or her law enforcement duties. "Officer-involved death" includes any death resulting from a motor vehicle accident, if the law enforcement officer was engaged in law enforcement activity involving the individual or the individual's vehicle in the process of apprehension or attempt to apprehend.”

“Officer-involved shooting” means any instance when a law enforcement officer discharges his or her firearm causing injury or death to a person or persons during the performance of his or her official duties or in the line of duty.

In the event that a Rend Lake College law enforcement officer is involved in a situation which results in a shooting and/or death while carrying out the tasks and duties involved in the protection of campus assets and individuals, the following steps must be taken as part of the investigation of the incident:

- Each officer-involved death investigation shall be conducted by at least 2 investigators, or an entity or agency comprised of at least 2 investigators, one of whom is the lead investigator. The lead investigator shall be a person certified by the Illinois Law Enforcement Training Standards Board as a Lead Homicide Investigator, or similar training approved by the Illinois Law Enforcement Training Standards Board or the Illinois State Police, or similar training provided at an Illinois Law Enforcement Training Standards Board certified school. No investigator involved in the investigation may be employed by the law enforcement agency that employs the officer involved in the officer-involved death, unless the investigator is employed by the Illinois State Police and is not assigned to the same division or unit as the officer involved in the death.
- If the officer-involved death being investigated involves a motor vehicle accident, at least one investigator shall be certified by the Illinois Law Enforcement Training Standards Board as a Crash Reconstruction Specialist, or similar training approved by the Illinois Law Enforcement Training Standards Board or the Illinois State Police, or similar training provided at an Illinois Law Enforcement Training Standards Board certified school.
- The investigators conducting the investigation shall, in an expeditious manner, provide a complete report to the State's Attorney of the county in which the officer-involved death occurred.
- If the State's Attorney, or a designated special prosecutor, determines there is no basis to prosecute the law enforcement officer involved in the officer-involved death, or if the law enforcement officer is not otherwise charged or indicted, the investigators shall publicly release a report.
- If a Rend Lake College law enforcement officer has been involved in an officer-involved shooting, the officer involved must submit to drug and alcohol testing as soon as practical after the officer-involved shooting but no later than the end of the involved officer's shift or tour of duty.
- Following an officer-involved shooting, the Rend Lake College law enforcement officer involved must directly report the shooting to either the Chief of Police or the Deputy Chief. The Rend Lake College Chief of Police and/or Deputy Chief will conduct a thorough review of the circumstances of the officer-involved shooting. The Chief of Police and/or Deputy Chief will immediately report the incident to the President. In addition, a formal written report detailing all pertinent information will be submitted to the President within 24 hours following the incident.

6.1015 Mandatory Screening and Training of Law Enforcement Officers and Security Officers

POLICY

The Rend Lake College Chief of Police and/or Deputy Chief will be responsible for ensuring that all law enforcement officers and security officers complete all screenings and training as required by [50 ILCS 705](#) and conducted by the Illinois Law Enforcement Training Standards Board.

PROCEDURE

Rend Lake College Law Enforcement Officers will complete all required screenings and training as directed by either the Rend Lake College Chief of Police and/or Deputy Chief. Upon completion of mandated screenings, trainings, and/or other specialized professional development programs, law enforcement and security officers will submit to either the Chief of Police and/or Deputy Chief proper documentation of applicable screenings and training received. In addition, officers will also submit copies of documentation of the completed screenings and training to the HR Department to be included in the officer's personnel file. On an annual basis in January, the Chief of Police or Deputy Chief will submit a listing of all the trainings completed during the subsequent calendar year by any Rend Lake College law enforcement officer to the President's Office and to the HR department.

6.1020 Use of Body-Worn Cameras by Law Enforcement Officers

POLICY

Pursuant to the Law Enforcement Officer-Worn Body Camera Act [50 ILCS 706/1 et seq](#), the Rend Lake College Police Department will implement the use of officer-worn body cameras for all law enforcement officers on or before January 1, 2025.

PROCEDURE

The following shall serve as guidelines for use of the body cameras worn by all law enforcement officers employed by Rend Lake College:

A. Operation:

(1) If an officer is assigned to wear a body-worn camera, it must be turned on at all times when the officer is:

(a) on-duty,

(b) visibly wearing:

1. any officially authorized uniform designated by a law enforcement agency, or,

2. articles of clothing, a badge, tactical gear, gun belt, a patch, or other insignia that he or she is a law enforcement officer acting in the course of his or her duties

(c) and is:

1. responding to calls for service, or

2. engaged in any law enforcement-related encounter or activity:

A. This includes, but is not limited to, traffic stops, pedestrian stops, arrests, searches, interrogations, investigations, pursuits, crowd control, traffic control, noncommunity caretaking interactions with an individual while on patrol, or any other

instance in which the officer is enforcing the laws of the municipality, county, or State, but

B. This does not include when the officer is completing paperwork alone or only in the presence of another law enforcement officer.

(2) The officer must provide notice of recording, verbal or otherwise, to any person if the person has a reasonable expectation of privacy and proof of notice must be evident in the recording. If exigent circumstances exist which prevent the officer from providing notice, notice must be provided as soon as practicable.

(3) If exigent circumstances exist which prevent the camera from being turned on, the camera must be turned on as soon as practicable.

(4) Officer-worn body cameras may be turned off when the officer is inside of a patrol car which is equipped with a functioning in-car camera; however, the officer must turn on the camera upon exiting the patrol vehicle for law enforcement-related encounters.

(5) Cameras must be turned off when:

(a) the victim of a crime requests that the camera be turned off, and unless impractical or impossible, that request is made on the recording;

(b) a witness of a crime or a community member who wishes to report a crime requests that the camera be turned off, and unless impractical or impossible that request is made on the recording; or

(c) the officer is interacting with a confidential informant used by the law enforcement agency.

(6) An officer may continue to record or resume recording a victim or a witness, if exigent circumstances exist, or if the officer has reasonable articulable suspicion that a victim or witness, or confidential informant has committed or is in the process of committing a crime. Under these circumstances, and unless impractical or impossible, the officer must indicate on the recording the reason for continuing to record despite the request of the victim or witness.

(7) Cameras may be turned off when the officer is engaged in community caretaking functions. This applies to any task undertaken by a law enforcement officer in which the officer is performing an articulable act unrelated to the investigation of a crime. "Community caretaking function" includes, but is not limited to, participating in town halls or other community outreach, helping a child find his or her parents, providing death notifications, and performing in-home or hospital well-being checks on the sick, elderly, or persons presumed missing. However, the camera must be turned on when the officer has reason to believe that the person on whose behalf the officer is performing a community caretaking

function has committed or is in the process of committing a crime. If exigent circumstances exist which prevent the camera from being turned on, the camera must be turned on as soon as practicable.

B. Recording Capabilities:

(1) Cameras must be equipped with pre-event recording, capable of recording at least the 30 seconds prior to camera activation, unless the officer-worn body camera was purchased and acquired by the law enforcement agency prior to July 1, 2015.

(2) Cameras must be capable of recording for a period of 10 hours or more, unless the officer worn body camera was purchased and acquired by the law enforcement agency prior to July 1, 2015.

C. Review:

(1) For the purposes of redaction, labeling, or duplicating recordings, access to camera recordings shall be restricted to only those personnel responsible for those purposes. The recording officer and his or her supervisor may access and review recordings prior to completing incident reports or other documentation, provided that the officer or his or her supervisor discloses that fact in the report or documentation.

D. Retention:

(1) Recordings made on officer-worn cameras must be retained by the law enforcement agency or by the camera vendor used by the agency, on a recording medium for a period of 90 days.

(a) Under no circumstances shall any recording made with an officer-worn body camera be altered, erased, or destroyed prior to the expiration of the 90-day storage period.

(b) If any data is altered, erased, or destroyed prior to the expiration of the 90-day storage period, the managing officer must complete an accidental deletion report indicating the name of the individuals involved, the dates of the recording, review and or deletion, the reason for the deletion, and any corrective actions taken as a result. This report must be reviewed and verified by a supervisor and the chief, sheriff or chief administrator. Any such reports must be included in the annual report provided to the Board.

(c) Following the 90-day storage period, any and all recordings made with an officer worn body camera must be destroyed, unless any encounter captured on the recording has been flagged. An encounter is deemed to be flagged when:

(i) a formal or informal complaint has been filed;

(ii) the officer discharged his or her firearm or used force during the encounter;

(iii) death or great bodily harm occurred to any person in the recording;

(iv) the encounter resulted in a detention or an arrest, excluding traffic stops which resulted in only a minor traffic offense or business offense;

(v) the officer is the subject of an internal investigation or otherwise being investigated for possible misconduct;

(vi) the supervisor of the officer, prosecutor, defendant, or court determines that the encounter has evidentiary value in a criminal prosecution; or

(vii) the recording officer requests that the video be flagged for official purposes related to his or her official duties.

(d) Under no circumstances shall any recording made with an officer-worn body camera relating to a flagged encounter be altered or destroyed prior to 2 years after the recording was flagged. If

the flagged recording was used in a criminal, civil, or administrative proceeding, the recording shall not be destroyed except upon a final disposition and order from the court.

(2) Following the 90-day storage period, recordings may be retained if a supervisor at the law enforcement agency designates the recording for training purposes. If the recording is designated for training purposes, the recordings may be viewed by officers, in the presence of a supervisor or training instructor, for the purposes of instruction, training, or ensuring compliance with agency policies.

E. Purpose

(1) Recordings shall not be used to discipline law enforcement officers unless:

- (a) a formal or informal complaint of misconduct has been made;
- (b) a use of force incident has occurred;
- (c) the encounter on the recording could result in a formal investigation under the Uniform Peace Officers' Disciplinary Act; or
- (d) as corroboration of other evidence of misconduct.

(2) Nothing in this section shall be construed to limit or prohibit a law enforcement officer from being subject to an action that does not amount to discipline.

F. Care and Maintenance:

- (1) The law enforcement agency shall ensure proper care and maintenance of officer-worn body cameras. Upon becoming aware, officers must as soon as practical document and notify the

appropriate supervisor of any technical difficulties, failures, or problems with the officer-worn body camera or associated equipment.

(2) Upon receiving notice, the appropriate supervisor shall make every reasonable effort to correct and repair any of the officer-worn body camera equipment.

G. Public Recording:

(1) No officer may hinder or prohibit any person who is not a law enforcement officer, from recording a law enforcement officer in the performance of his or her duties in a public place or when the officer has no reasonable expectation of privacy.

(2) The unlawful confiscation or destruction of the recording medium of a person who is not a law enforcement officer by a Rend Lake College Law Enforcement Officer will result in progressive discipline compensatory with the seriousness of the crime and level of criminal offense.

(3) However, an officer may take reasonable action to maintain safety and control, secure crime scenes and accident sites, protect the integrity and confidentiality of investigations, and protect the public safety and order.

H. Reporting

(1) Each law enforcement agency which employs the use of officer-worn body cameras must provide an annual report to the Board, on or before May 1 of the year.

(2) The report shall include:

- (a) a brief overview of the makeup of the agency, including the number of officers utilizing officer-worn body cameras;
- (b) the number of officer-worn body cameras utilized by the law enforcement agency;
- (c) any technical issues with the equipment and how those issues were remedied;
- (d) a brief description of the review process used by supervisors within the law enforcement agency;
- (e) for each recording used in prosecutions of conservation, criminal, or traffic offenses or municipal ordinance violations:
 - (i) the time, date, location, and precinct of the incident;
 - (ii) the offense charged and the date charges were filed; and
- (f) any other information relevant to the administration of the program.

6.1025 Monthly Reporting Requirements

POLICY

The Rend Lake College Chief of Police and/or Deputy Chief will be responsible reporting of all incidents to the Illinois Department of State Police as required by the Uniform Crime Reporting Act [50 ILCS 709](#) et. seq.

6.1030 Police Interactions with Individuals with Intellectual and Developmental Disabilities

POLICY

The Rend Lake College Police Departments recognizes that additional actions and considerations may be required when dealing with individuals who have an intellectual or developmental disability. It is the purpose of this policy to provide law enforcement and security officers with guidelines for appropriately accommodating, interacting, and communicating with individuals with intellectual and developmental disabilities (I/DD). Law enforcement and security officers will treat people with I/DD with dignity and respect; utilize de-escalation protocols when appropriate; and seek alternatives to physical custody whenever possible.

PROCEDURE

A. Use of De-escalation Techniques

Some people with I/DD might become easily upset and can engage in self-harming behaviors or act in aggressive ways. Fear, including fear of law enforcement, frustration, and changes in their daily routines and surroundings can trigger such behavior. The mere presence of an officer can also be a source of stress. People with I/DD often have impairments that make it difficult for them to process incoming sensory information. Therefore, when interacting with individuals with I/DD, officers should do the following:

1. Speak calmly.
2. Repeat short, direct phrases in a calm voice. Avoid slang or euphemisms.
3. Use nonthreatening body language, soft gestures, and avoid abrupt movements or actions. Keep hands at sides and visible when possible.
4. Whenever reasonable and practical, avoid touching the person unless there is an emergency situation.
5. Maintain a safe distance, providing the person with a zone of comfort that will also serve as a buffer for officer safety.
6. Eliminate, to the degree possible, loud sounds, bright lights, and other sources of overstimulation by turning off sirens and flashing lights; asking others to move away; or, if possible, moving the person to quieter surroundings.
7. Keep canines in the law enforcement vehicle and preferably away from the area. However, be aware that the person might have a service animal. Do not separate a person from his or her service animal if at all possible.
8. If safe to do so, avoid taking mobility devices, such as canes, scooters, or wheelchairs away from the person. If necessary to move or transport such items, ask the person the best way to do so.
9. Look for medical identification tags on wrists, necks, shoes, belts, or other apparel. Some persons, both verbal and non-verbal, carry wallet cards noting that they have I/DD and that provide a contact name and telephone number of a family member or other information.

10. If desired by the person with a disability, call his or her support person, when such information is available, or a disability advocacy organization for assistance.
11. Be prepared for a potentially long encounter, as dealings with such individuals should not be rushed unless there is an emergency situation. Officers should inform their communications personnel or supervisor if a prolonged encounter is expected.
12. Do not interpret odd behavior as belligerent or aggressive. In a tense or unfamiliar situation, some people with I/DD might shut down and close off unwelcome stimuli (e.g., cover ears or eyes, lie down, shake or rock, repeat questions, sing, hum, make noises, or repeat information in a robotic way). This behavior is a protective mechanism for dealing with troubling or frightening situations.
13. Do not stop the person from repetitive behavior unless it is harmful to him or her or others.
14. Be aware of different forms of communication. Some people with I/DD carry a book of universal communication icons. Pointing to one or more of these icons will allow them to communicate where they live, their family member or support person's name, address, or what they might need. Those with communication difficulties can also demonstrate different speaking capabilities, such as incorrectly using words.

B. Taking Persons with I/DD into Custody

Officers should seek alternatives to physical custody of individuals with I/DD, as it is likely to initiate a severe anxiety response and further escalate a situation. This might include release of the person to his or her family, a support person, or a community-based diversion program. In more serious offense situations or where alternatives to arrest are not permissible, officers shall observe the following guidelines:

1. Contact a supervisor.
2. Employ calming and reassuring language and de-escalation protocols.
3. If possible, contact the person's family member, support person, or other trusted individual to accompany him or her and to assist in the calming and intervention process. If a support person is not readily available, request an individual appropriately trained in crisis intervention, if available.
4. When reasonable and practical, avoid physical restraints. The use of such restraints can injure the person or limit the person's ability to communicate (e.g., a person who uses American Sign Language can no longer sign) or move independently (e.g., someone who uses a wheelchair or scooter can no longer use these devices).
5. When possible, avoid using body weight to restrain the individual. When unavoidable, extreme caution should be exercised.
6. In accordance with this agency's policy on transportation of prisoners, search the individual for weapons prior to transport. Do not remove any assistive devices from the person if at all possible, including canes, communication icons, hearing aids, braces, etc.

7. Prior to giving a *Miranda* warning or rights pertaining to custodial interrogation, consult a detective or investigator and have the person's lawyer present to help protect his or her rights.
8. If possible and practical, do not incarcerate the person in a holding facility. If the person must be detained, ask if the person prefers to be housed alone, with a smaller group of people, or in a larger group, in accordance with agency policy. Some people with I/DD will be greatly harmed by placement in administrative segregation. Note during booking that the person has I/DD and should be classified and assigned to the appropriate housing unit. No person with I/DD should be housed in a medical unit unless treatment is needed.
9. Until alternative arrangements can be made, and when safe to do so, place the individual in a quiet room with a support person if requested, another responsible individual, or an officer who has experience interacting with people with I/DD.
10. Provide the person with any comfort items or assistive devices that might have been in his or her possession at the time of arrest (e.g., toys, canes, reading devices, etc.), in accordance with agency policy.

C. Interviews, Interrogations, and Use of the *Miranda*/Custodial Rights Warnings

1. Officers conducting interviews or interrogations of a person who is suspected of having I/DD should consult with a supervisor, detective, or investigator assigned to the case, or the prosecuting attorney's office to determine how to proceed.
2. A support person or disability advocate should be allowed to be present to help ensure the person's rights are protected.
3. *Miranda* or other custodial rights warnings should not be given to a suspect with I/DD without his or her lawyer present. Many people with I/DD are not able to fully understand their rights, but will agree with the officer in order to hide their disability or to appear cooperative. However, alternative or simpler versions of these warnings may be used. Officers should also ask suspects to repeat their rights in their own words to ensure understanding.
4. Interrogations of suspects with I/DD should be recorded and the person should be notified that the interrogation is being recorded. If the interrogation is not recorded, the reason shall be documented.
5. When interviewing individuals with I/DD, officers should do the following:
 - a. Determine the individual's primary mode of communication and provide necessary accommodations, translation services, or both.
 - b. Not interpret lack of eye contact and seemingly strange actions or responses as indications of deceit, deception, or evasion of questions.
 - c. Use simple, straightforward questions. However, avoid yes or no questions, as the individual might simply choose either yes or no in an effort to please the officer, rather than provide factual information.

- d. Not suggest answers, attempt to complete thoughts of persons slow to respond, or pose hypothetical conclusions, recognizing that people with I/DD can be more easily manipulated and might also be highly suggestible.

6.1035 Administration of Narcan

POLICY

Rend Lake College Police Department staff may administer Narcan (Naloxone Hydrochloride) in accordance with the mandated training guidelines determined and provided by the College and pursuant to [20 ILCS 301/5-23](#).

The following definitions will apply as part of this policy:

Opioid – A sedative / depressant narcotic used primarily in medicine for pain relief. Opioids derive from natural, semi-synthetic, and fully synthetic opioids and repress the urge to breathe by attaching to opiate receptors in the brain.

Narcan (Naloxone Hydrochloride) – A medication which is an opioid antagonist and used to counter the effects of an opioid overdose by replacing opioids from opiate receptors in the brain.

PROCEDURE

Rend Lake College Police Department staff will assess any potential overdose victim to determine unresponsiveness, breathing, and other indicators of an opiate induced overdose.

If an opiate overdose is suspected, Rend Lake College Police Department staff shall use universal precautions and protections from blood borne pathogens and communicable diseases.

Rend Lake College Police Department staff shall then respond to a potential opioid overdose by following the standard operating procedures for assessing and responding to emergency situations and per training received in the use of Narcan.

Upon EMS's arrival at the scene Rend Lake College Police Department staff will immediately notify EMS personnel whether they administered Narcan and the number of doses administered.

Storage and Replacement

Rend Lake College Police Department staff will ensure that Narcan doses are properly stored. Documentation of any used, lost, or damaged Narcan doses will be maintained by the Rend Lake College Chief or his designee.

Documentation/Narcan Reporting

Following the administration of Narcan, staff members will submit a written report detailing the nature of the incident, the care the individual received, and the fact that the Narcan was administered. All reports should be forwarded to the Police Chief or his designee.

6.1040 Administration of Epinephrine

POLICY

Rend Lake College staff who have successfully completed the required training program may administer Epinephrine in accordance with the mandated training guidelines determined and provided by the College and pursuant to [50 ILCS 705/10.19](#) and 105 [ILCS 5/22-30](#).

The following definition will apply as part of this policy:

Epinephrine injector – auto-injector approved by the United States Food and Drug Administration for the administration of epinephrine and a pre-filled syringe approved by the United States Food and Drug Administration and used for the administration of epinephrine that contains a pre-measured dose of epinephrine that is equivalent to the dosages used in the auto-injector

PROCEDURE

Rend Lake College Police Department staff will complete an advanced training program to recognize and respond to anaphylaxis, including the administration of an epinephrine injector. The training will include, at a minimum, all the requirements included in [50 ILCS 705/10.19](#).

Following the successful completion of the required training, a member of the Rend Lake College Police Department staff is authorized to carry, administer, or assist with the administration of epinephrine injectors provided by the College whenever he or she is performing official duties.

A physician, physician's assistant with prescriptive authority, or advanced practice registered nurse with prescriptive authority may provide a standing protocol or prescription for epinephrine injectors in the name of the College to be maintained for use when necessary.

When a medically trained staff member administers an epinephrine injector in good faith, the Law Enforcement or Security Officer and the College, and its employees and agents, incur no liability, except for willful and wanton conduct, as a result of any injury or death arising from the use of an epinephrine injector.

The Rend Lake College Police Chief will ensure that epinephrine injectors are provided. In addition, he/she will be responsible for continued training in the administration of the epinephrine injectors. The Police Chief will ensure the proper storage, transportation, and the disposal.

6.1045 Public Access Defibrillation

POLICY

Sudden cardiac arrest (SCA) can occur at all ages. The only treatment of SCA is defibrillation such as that provided by an automated external defibrillator (AED). In the United States, more than 350,000 people die each year from SCA before reaching a hospital. In many cases SCA can be reversed with early defibrillation. Defibrillation involves shocking the heart with an electric current that allows the heart to reestablish its normal rhythm. To be most effective, defibrillation must occur as soon as possible after the onset of SCA. The chance of survival from sudden cardiac arrest decreases by 7-10 percent per minute until defibrillation. AEDs have been shown to be easy to use (by nonmedical personnel), are safe, and are effective in saving lives.

A. Emergency Response Preparedness

All employees will be offered a chance to participate in a Cardiopulmonary Resuscitation (CPR) course which includes Automated External Defibrillation (AED) training.

B. Law Enforcement Duty to Render Aid - Per [720 ILCS 5-7-15](#), law enforcement officers must, as soon as reasonably practical, determine if a person is injured, whether as a result of a use of force or otherwise, and render medical aid and assistance consistent with training and request emergency medical assistance if necessary. "Render medical aid and assistance" includes, but is not limited to, (i) performing emergency life-saving procedures such as cardiopulmonary resuscitation or the administration of an automated external defibrillator; and (ii) the carrying, or the making of arrangements for the carrying, of such person to a physician, surgeon, or hospital for medical or surgical

treatment if it is apparent that treatment is necessary, or if such carrying is requested by the injured person.

C. Interaction Between Lay Rescuers and Local EMS System

Upon determining the need for AED use, the rescuer will immediately activate the EMS system by phoning 911. Upon activating the EMS system, the rescuer will advise the dispatcher of the following: the type of AED in use and the location of the event (i.e.: Waugh Gymnasium at Rend Lake College in Ina).

Upon EMS arrival, the rescuer will release care of the patient to the ambulance attendant with the highest level of training. At the time of the transfer of care, the rescuer will advise the EMS personnel the status of patient upon rescuer arrival, whether or not CPR was performed, whether or not the AED administered any shocks, and any other pertinent information.

If an officer is not already in attendance, the rescuer will notify a member of the Rend Lake College Police Department immediately upon the completion of the event.

D. AED Maintenance and Checklist

AED will be evaluated weekly by using the AUTOMATED EXTERNAL DEFIBRILLATOR MAINTENANCE CHECKLIST. If a problem is identified which cannot be corrected immediately, the Cabinet member responsible for the Training Center will be contacted.

E. After Use of AED

After use of an AED, an incident report must be completed identifying all information requested. Because a representative of the security department will respond to all such events, it will be the responsibility of the responding officer to assure that the utilization form is completed and submitted along with the data card to the Dean – Allied Health within 24 hours of the event. If the event occurs after regular business hours or on a weekend or holiday, the officer in attendance will notify the Dean – Allied Health by phone. The Dean or his/her designee will take responsibility for downloading the event information from the data card.

All supplies will be replaced and equipment tested for other replacement needs (i.e.: battery) by the attending security officer.

A review of the incident will be initiated within 24 hours of the event whenever possible. All documentation related to the event will remain on file at the College indefinitely.

6.1050 Workplace Violence

POLICY

Rend Lake College is committed to working with its employees to maintain a work environment free from violence, threats of violence, harassment, intimidation and other disruptive behavior. These behaviors will not be tolerated in our workplace. All reports of incidents will be taken seriously and will be dealt with appropriately. Individuals who commit such acts may be removed from the premises and may be subject to disciplinary action, criminal penalties or both. Any person who observes or experiences such behavior by anyone on college premises, whether he or she is an employee or not, should report it immediately to the campus police department or local police.

6.1055 Chronic Communicable Diseases

POLICY

Rend Lake College places a high priority on the need to prevent the spread of chronic communicable diseases on campus. The college is committed to educating staff, students and the community about

communicable diseases. Specifically, because there is currently no cure or vaccine for acquired immune deficiency syndrome (AIDS), education regarding methods by which this virus may be transmitted and how to prevent transmission is essential. By adopting this policy, it is the intention of the College to promote the health and regular school attendance of our students so that they may attain their maximum potential for learning.

6.1060 Students with Chronic Communicable Diseases

POLICY

Students with identified chronic communicable diseases may attend college whenever, through reasonable accommodation, the risk of transmission of the disease and/or the risk of further injury to the student is sufficiently remote in such setting so as to be outweighed by the detrimental effects resulting from the student's exclusion from college. Placement decisions will be made by using this standard in conjunction with current, available public health department guidelines concerning the particular disease in question. Individual cases will not be prejudged; rather, decisions will be made based upon the facts of the particular case. The determination of whether a student with a chronic communicable disease may attend college shall be made in accordance with procedures implemented by the College.

The College shall respect the right to privacy of any student who has a chronic communicable disease. The student's medical condition shall be disclosed only to the extent necessary to minimize the health risks to the student and others. Students who know that they have a chronic communicable disease have an obligation to inform the Associate Vice President – Academic & Student Services. The number of personnel aware of the student's condition will be kept at the minimum needed to assure proper care of the student and to detect situations in which the potential for transmission of the disease may increase. Persons deemed to have "a direct need to know" will be provided with the appropriate information; however, these persons shall not further disclose such information.

6.1065 Bloodborne Pathogens

POLICY

The Board of Trustees acknowledges that employees may incur possible risk when they handle or participate in procedures that involve blood, body fluid, or other potentially infectious material from a blood borne pathogen. All human blood and body fluids will be considered potentially infectious and appropriate barriers will be used to prevent exposure in accordance with applicable law.

PROCEDURE

Rend Lake College is committed to providing a safe environment for all students and staff. The college developed an exposure control plan in accordance with the Occupational Safety and Health Administration Bloodborne Pathogens Standard ([29 CFR 1910.1030](#)). This plan includes the following:

A. Exposure Determination

OSHA requires employers to perform an exposure determination concerning which employees may incur occupational exposure to blood or other potentially infectious materials. The exposure determination is made without regard to the use of personal protective equipment. This exposure determination lists all job classifications in which all employees may be expected to incur such occupational exposure, regardless of frequency. The job classifications detailing staff which may incur occupational exposure to blood or other potentially infectious materials are outlined below:

<u>Job Classification</u>	<u>Task/Procedure</u>
Maintenance Staff	Bloodborne Pathogen Clean-Up
Coaching Staff	Bloodborne Pathogen Clean-Up
Laboratory Instructors	Bloodborne Pathogen Clean-Up

All employees will receive training as part of his / her orientation and will be assigned to complete annual refresher training.

B. Implementation Schedule and Methodology

Compliance Methods:

Universal precautions will be observed at this facility in order to prevent contact with blood or other potentially infectious materials. All blood or other potentially infectious material will be considered infectious regardless of the perceived status of the source individual.

Engineering and work practice controls will be used to eliminate or minimize exposure to employees. Where occupational exposure remains after implementing these controls, personal protective equipment shall also be used.

At this facility the following engineering controls will be used:

- Handwash facilities
- Eyewash stations
- Biohazard labels

The above controls will be examined and maintained on a regular schedule. The schedule for reviewing the effectiveness of the controls is as follows:

- | | |
|---------------------|----------------|
| Handwash facilities | Weekly/Monthly |
| Eyewash stations | Weekly/Monthly |

Handwashing facilities are readily available to the employees who incur exposure to blood or other potentially infectious materials. Handwashing facilities are located:

- Athletic training room
- Food preparation area
- Custodial storage rooms
- Biology storage
- Chemistry laboratory
- Nursing laboratory
- All restrooms
- Cosmetology laboratory

In situations where handwashing facilities are not feasible (athletic fields), an antiseptic cleanser in conjunction with clean cloth / paper towels are provided. If the alternatives are used then the hands are to be washed with soap and running water as soon as feasible.

After removal of personal protective gloves, employees shall wash hands and any other potentially contaminated skin area immediately or as soon as feasible with soap and water. If employees incur exposure to their skin or mucous membranes then those areas shall be washed or flushed with water as appropriate or as soon as feasible.

All sharps shall be disposed of in a labeled container.

Personal Protective Equipment:

All personal protective equipment used will be provided without cost to employees. Personal protective equipment will be chosen based on the anticipated exposure to blood or other potentially infectious materials. The protective equipment will be considered appropriate only if it does not permit blood or other potentially infectious materials to pass through or reach the employees' clothing, skin, eyes, mouth, or other

mucous membranes under normal conditions of use and for the duration of time that the protective equipment will be used.

Protective clothing will be provided to employees in the following manner:

<u>Personal Protective Equipment</u>	<u>Task</u>
Non-Latex Gloves	Treating cuts, abrasions, etc.
Protective Eyewear (with solid side shield)	Cleaning up chemical spills or vomit
Disposable Barrier Apron	Cleaning up chemical spills or vomit
Surgical Mask	Cleaning up chemical spills or vomit

All personal protective equipment will be cleaned, laundered, and disposed of by the employer at not cost to employees. All repairs and replacements will be made by the employer at no cost to employees.

All garments that are penetrated by blood shall be removed immediately or as soon as feasible. All personal protective equipment will be removed before leaving the work area. The following protocol has been developed to facilitate leaving the equipment at the work area:

All equipment will be disposed of in containers labeled biohazardous receptacles.

Gloves shall be worn where it is reasonably anticipated that employees may have contact with blood, other potentially infectious materials, non-intact skin, and mucous membranes. Gloves will be available from the athletic training room, athletic medicine kits, food preparation area, custodial storage areas, biology lab, chemistry lab, nursing lab, and cosmetology lab.

Disposable gloves used at the facility are not to be washed or decontaminated for re-use and are to be replaced as soon as practical when they become contaminated or as soon as feasible if they are torn, punctured, or when their ability to function as a barrier is compromised.

Situations at this facility that would require such protection are as follows:

Cleaning up blood or any unidentifiable body fluids.

This facility will be cleaned and decontaminated according to the following schedule:

Any area contaminated with blood or other potentially infectious materials will be cleaned
Immediately to prevent further contamination.

Decontamination will be accomplished by using the following materials:

A solution which includes 10% bleach and 90% water and / or other approved solution.

All contaminated work surfaces will be decontaminated after completion of procedures, immediately or as soon as feasible after any spill of blood or other potentially infectious materials, as well as at the end of the work shift if surfaces may have become contaminated since the last cleaning.

All bins, pails, cans, or similar receptacles shall be inspected and decontaminated each week by the custodian assigned to the respective area.

6.1070 Firearm Concealed Carry Policy

The following procedures are established to ensure compliance.

6.1075 Jeanne Clery Act Compliance Policy

POLICY

Rend Lake College will comply with all the requirements of the Clery Act. The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act ([20 USC 1092 \(f\)](#)) is a federal law which mandates that all colleges and universities that receive federal financial assistance must disclose certain timely and annual information concerning campus crime and safety. Each year the updated report will be distributed to current students and employees and will be made available to the general public on the College’s website.

In order to ensure compliance with all requirements, the Rend Lake College Police Department will be responsible for the preparation of an all-inclusive policy and procedures document which applies to students, faculty, staff and visitors. This internal document will be reviewed and approved annually by the Rend Lake College Board of Trustees and will address all requirements as outlined in the Handbook for Campus Safety and Security Reporting.
